YAZMIN FREYEverything Dolphins National Geographic Books

This book looks at dolphins as wild mammals and discusses the need to preserve their natural environment.

Pink River Dolphins National Geographic Books

Bubbly text and captivating photos of the lives of these beloved mammals includes an emphasis on human responsibility to conserve their natural environment.

Hope for Winter: The True Story of a Remarkable Dolphin Friendship National Geographic Books

PBS's successful animated show Wild Kratts joins the adventures of zoologists Chris and Martin Kratt as they travel to animal habitats around the globe. Along the way, they encounter incredible creatures while combining science education and fun. Boys and girls ages 4 to 6 will dive into this Step 2 Reader with the Kratt brothers as they activate their Creature Power Suits to swim with sharks, whales, and other wild sea creatures! Step 2 Readers use basic vocabulary and short sentences to tell simple stories. For children who recognize familiar words and can sound out new words with help.

Elephants World Book

"This quality read-along early reader will introduce children to much more than the sloths of the rain forest, and will encourage them to continue exploring with other books in the series." □ School Library Journal

National Geographic Readers: Snakes National Geographic Books

Stomp around the African savanna, run around the forests of India, take a mud

bath, and more as you learn all about elephants! Adult and child readers can learn together in this new Level 1 co-reader from National Geographic Kids, full of engaging photos and fun facts.

Dolphins and Calves National Geographic Books

From the classic bottlenose dolphin to the orca, young readers will learn all about these amazing animals in this pre-reader. Through text features such as the vocabulary tree and the wrap-up activity, kids will be introduced to vocabulary in concept groups—helping them make connections between words and expand their understanding of the world.

Amazing Animals National Geographic Books

Teaches readers all about dolphins, from the classic bottlenose dolphin to the orca.

Sharks! National Geographic Society Provides information about the Earth's water, including rivers, lakes, oceans, the water cycle, climate, water pollution, and conservation.

Dive, Dolphin! National Geographic Children's Books

Learn about polar bears including details regarding their behavior, families, and environment.

Dolphins in the Ocean: Level 3 National Geographic Children's Books

They're SSSSLITHERY! SLIPPERY! They creep us out! But get to know them and you'll find snakes private, quiet types who just want a cool, shady place to call home. From the tip of their forked tongues, to skin that sheds, to the rattles on certain tails, these creatures have secrets all kids will love. Cool photos and fun facts slip us inside their surprising world. National Geographic supports K-12 educators with ELA Common Core Resources. Visit

www.natgeoed.org/commoncore for more information.

Monkeys National Geographic Kids
Young readers learn about 12 of the most deadly animals in the world, from sharks to tiny mosquitoes.

National Geographic Readers: Whales (Pre-Reader) National Geographic Books
A pair of eyes lurks just above the water's surface. Is it a crocodile or an alligator? Packed with beautiful and engaging photos, kids will learn all about these two reptiles--and find out what makes them different. This level 2 reader provides both accessible and wide-ranging text to encourage the scientists and explorers of tomorrow!

Bottlenose Dolphins Abdo Kids Jumbo
Describes the life cycle and behavior of sharks.

Penguins! National Geographic Books
With more developed vocabulary and language patterns and full-spread illustration-enhanced photographs, transitional readers learn about the bottlenose dolphin's ocean habitat. Children who are using strategies to figure out unknown words build confidence as they learn more advanced word patterns and uncover information on their own. Aligned to Common Core standards and correlated to state standards. Magic Readers is an imprint of Magic Wagon, a division of ABDO.

Alien Ocean Animals (L3) (National Geographic Readers) Collins
Introduces bottlenose dolphins, describing their physical characteristics, how they live together in pods, and how they provide help to distressed members of the pod.

Dolphins National Geographic Books
Teaches readers all about dolphins, from the classic bottlenose dolphin to the

orca.

Sea Turtles National Geographic Children's Books

Are these strange animals the stuff of nightmares or aliens from outer space? Turns out, they're real undersea animals! Find out how deep sea creatures use bizarre and fascinating adaptations to survive in their harsh environments in this Level 3 Reader. Journey through the depths of the ocean into the dark Midnight Zone and discover the mysterious animals that live there. Learn about how their bodies make their own light or adapt to living in low-light areas, how they hunt, what they eat, and how they keep themselves safe from predators. National Geographic Readers' combination of expert-vetted text, along with brilliant images and a fun approach to reading has proved to be a winning formula with kids, parents, and teachers. Level 3 text provides accessible, yet wide-ranging, information for fluent readers. Each reader includes text written by an experienced, skilled children's books author, a photo glossary, and interactive features in which kids get to reinforce what they've learned in the book.

Polar Bears National Geographic Society
Provides information about different species of dolphins, including anatomy, behavior, and life cycles.

Water National Geographic Books
Presents the stories of three animal workers, a dog that helps stranded dolphins, a monkey that aids a paralyzed man, and a rat that sniffs out land mines.

Sharks and Dolphins National Geographic Books

It's the weirdest and wildest menagerie ever to strut across a page.
