 The Secret Garden (1911) tells an inspirational tale of transformation and empowerment. Mary Lennox, a sickly and contrary little girl, is orphaned to dim prospects in a gloomy English manor - her only friend is a bed-ridden boy named Colin whose prospects may be dimmer than hers. But when Mary finds the key to a Secret Garden, the magical powers of transformation fall within her reach. A Little Princess (1905) Sara Crewe, a pupil at Miss Minchin's London school, is left in poverty when her father dies, but is later rescued by a mysterious benefactor. Little Lord Fauntleroy (1886). Cedric Errol is a poor American boy who finds out that he is the sole heir to a wealthy British earldom and thus becomes Lord Fauntleroy. The Making of a Marchioness (1901) It was originally published in two parts: the first tells the fairy tale-like story of how our heroine, Emily Fox-Seton, became the Marchioness of Walderhurst. The second, originally titled The Methods of Lady Walderhurst, is a down-to-earth portrayal of the realities of Victorian marriage, with a bit of a Victorian sensation vibe to it. Frances Eliza Hodgson Burnett (1849 - 1924) was an English-American playwright and author. She is best known for her children's stories, in particular Little Lord Fauntleroy , A Little Princess, and The Secret Garden.

 2021 Listeners' Choice British Podcast Awards Winner What is it about killers, cult leaders, cannibals, cults, and criminals that capture our imaginations even as they terrify and disturb us? How do we responsibly consume these kinds of stories as entertainment, and more importantly, what can we learn from them? RedHanded rejects the narrative of killers as monsters and that a victim "was in the wrong place at the wrong time," and instead tells the stories we want to hear in a way that challenges

perceptions and asks the hard questions about society, gender, poverty, culture, and even our politics. After meeting at a party in London where they both discovered they listened to the same murder podcasts, Hannah Maguire and Suruthi Bala drunkenly promised to one day start their own true crime podcast together and the rest is history. From the hosts of the hit true crime podcast RedHanded (dubbed by Rick & Morty creator Dan Harmon as the "best true crime podcast I've heard, ever"), Hannah Maguire and Suruthi Bala have amassed a cult following of "spooky bitches" amounting to an incredibly strong 63k downloads per episode and 728k backlist downloads every month in the US alone. With candor, humor, interviews with experts, research on real-life cases, and an unflinching dissection of what makes a killer tick, Bala and Maguire take us through the societal, behavioral, and cultural phenomena that make victims -- and their murderers -- our collective responsibility and to find out once and for all: what makes a killer tick?

But when their beloved father falls ill, Meredith and Nina find themselves together again, standing alongside their cold, disapproving mother, Anya, who even now, offers no comfort to her daughters. Thus begins an unexpected journey into the truth of Anya's life in war-torn Leningrad, more than five decades ago. This book tells the classic story of Mary, who after losing her parents comes to live with her uncle in an English great house. When she gets there, she makes two friends: Dickon, a boy who talks with nature, and Colin, a poor boy who despite being a lord lives in isolation because of an illness. This friendship will lead to the discovery of a great secret: a forbidden garden, surrounded by walls and locked with a missing key, whose mystery goes back to a hidden accident. Decided to bring this garden back to life, Mary will join forces with her friends and walk into a path known today as a beautiful metaphor for the journey of self-awareness and awakening to the world. Written in 1911 by Frances Hodgson Burnett, a great author recognized for her success and independence, this work inspired various plays and movies and remains as vivid as the life brought out of it.

From the author of the international bestseller *The Light Over London* and *The Whispers of War* comes a poignant and unforgettable tale of five women living across three different times whose lives are all connected by one very special place. Present day: Emma Lovett, who has dedicated her career to breathing new life into long-neglected gardens, has just been given the opportunity of a lifetime: to restore the gardens of the famed Highbury House estate, designed in 1907 by her hero Venetia Smith. But as Emma dives deeper into the gardens' past, she begins to uncover secrets that have long lain hidden. 1907: A talented artist with a growing reputation for her ambitious work, Venetia Smith has carved out a niche for herself as a garden designer to industrialists, solicitors, and bankers looking to show off their wealth with sumptuous country houses. When she is hired to design the gardens of Highbury House, she is determined to make them a triumph, but the gardens—and the people she meets—promise to change her life forever. 1944: When land girl Beth Pedley arrives at a farm on the outskirts of the village of Highbury, all she wants is to find a place she can call home. Cook Stella Adderton, on the other hand, is desperate to leave Highbury House to pursue her own dreams. And widow Diana

Symonds, the mistress of the grand house, is anxiously trying to cling to her pre-war life now that her home has been requisitioned and transformed into a convalescent hospital for wounded soldiers. But when war threatens Highbury House's treasured gardens, these three very different women are drawn together by a secret that will last for decades. In this sweeping novel reminiscent of Kate Morton's *The Lake House* and Kristin Harmel's *The Room on Rue Amélie*, Julia Kelly explores the unexpected connections that cross time and the special places that bring people together forever.

Fabulous piece of writing. It is really quite astounding that Machen is largely forgotten as a writer. In *The Secret Glory*, I particularly loved Machen's satirical social comments about the class system, Christian hypocrisy and the sadistic puritanism of English Public Schools. This isn't always an easy book to read but it is very rewarding, and after reading, like the best literary works, carves out a place for itself in one's psyche. (M.J. Johnson)

This is the first book to systematically describe the range of approaches used in music imagery and Guided Imagery and Music across the lifespan, from young children through to palliative care with older people. Covering a broad spectrum of client populations and settings, international contributors present various adaptations of the Bonny Method of Guided Imagery to accommodate factors such as time restraints, context (including hospitals, schools, and the wider community), client symptomology, and the increasing use of more contemporary music. Each chapter presents a different model and includes background information on the client group, the type of approach, elements of approach (including length of the session, choice of music, verbal interventions during the music, and discussion of the experience), and theoretical orientation and intention. A nomenclature for the range of approaches is also included. This information will be a valued guide for both practitioners and students of Guided Imagery and Music and receptive methods of music therapy.

Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.
