**BESTSELLING BOOK** In this inspirational guide, Wayne Dyer, the author of the phenomenal bestsellers *Wisdom of the Ages*, *Pulling Your Own Strings*, and *Your Erroneous Zones*, reveals seven beliefs central to working miracles in our everyday lives. When most of us think of magic, we picture a man in a black cape sawing a woman in half, or a sleight-of-hand card trick. But there's another kind of magic - real magic - that can enrich your life. According to Dyer, real magic means creating miracles in everyday life. Quitting smoking or drinking, achieving new Job success, or finding a happy relationship - these are all miracles because they transcend our perceived limitations. From "creating a miracle mind-set" and achieving change in the areas of

personal health, prosperity, and fulfilling love relationships to believing in the magic of miracles on a global scale, Dyer shows us that miracles within our reach and within our own minds. In *Real Magic*, Dyer teaches us how to achieve a higher level of consciousness. He asks us to imagine what would make us happy, then offers specific strategies for attaining these goals. In every aspect of our individual lives – physical health, finances, intimate relationships, and personal identity – there is always room for a miracle or two. And with Dyer's help, each and every one of us can be a miracle worker.

Betty Sandoval recalls her amazing experiences in *True Miracles* throughout *My Life* in order to share how real God is in our lives. She has faced a lot of sorrow in her life, but she has also experienced many miracles. Her first brush with the miraculous occurred when she was five years old. The school she attended was very close to her home, and she walked to school every day. One day, while walking, she was hit by a truck. She remembered

talking to a lady dressed in white and light blue who told her that she was not going to die because it was not her time and that her mother needed her. She had injured her right arm; the main nerve was cut, and she couldn't feel anything. Even so, God gave her back use of her arm and hand again truly a miracle. And this was only the beginning for Betty; she later suffered three strokes, the strokes were on holy week the week before Easter, and exactly one year apart. All three of them. Her memoir makes clear that no matter what we have to endure in life, we have to remember if we make God and Christ our first priority, believe in them wholeheartedly, and never lose faith, they will always be there for us.

Lee needed something specific -- new tennis shoes -- so he and his parents prayed for them. The very next day, God miraculously provided. Over a decade later, Lee was talking with some friends at church when he learned that several of them also had amazing stories of miraculous provision, healing, timing, direction, and more. In that moment, he felt God's prompting: Lee, I want you to share stories of my miracles with the world. And so Genuine Miracles was born. Now a YouTube channel and book, Genuine Miracles is answering that call from the Holy Spirit to share the love of Jesus through God's miracles. From the humorous story of when Duane was "targeted" for someone else's miracle to Dodie's heartbreaking story of tragedy after tragedy and God's loving care despite it all, this book prompts surprisingly complex spiritual questions while reinforcing fundamental basics of the Christian faith.

Heartwarming and Heart-Opening Stories Gathered from Decades of Medical Practice Bernie Siegel first wrote about miracles when he was a practicing surgeon and founded Exceptional Cancer Patients, a groundbreaking synthesis of group, individual, dream, and art therapy that provided patients with a "carefrontation." Compiled during his more than thirty years of practice, speaking, and teaching, the stories in these pages are riveting, warm, and belief expanding. Their subjects include a girl whose baby brother helped her overcome anorexia, a woman whose cancer helped her heal by teaching her to stand up for herself, and a family that

was saved from a burning house by bats. Without diminishing the reality of pain and hardship, the stories show real people turning crisis into blessing by responding to adversity in ways that empower and heal. They demonstrate what we are capable of and show us that we can achieve miracles as we confront life's difficulties.
