Lincoln is the cornerstone
of Gore Vidal's fictional
American chronicle, which
includes Burr, 1876,
Washington, D.C., Empire,
and Hollywood. It opens

early on a frozen winter
morning in 1861, when
President-elect Abraham
Lincoln slips into
Washington, flanked by
two bodyguards. The
future president is in
disguise, for there is talk
of a plot to murder him.
During the next four years
there will be numerous
plots to murder this man
who has sworn to unite a
disintegrating nation.
Isolated in a ramshackle

White House in the center
of a proslavery city,
Lincoln presides over a
fragmenting government
as Lee's armies beat at
the gates. In this
profoundly moving novel,
a work of epic proportions
and intense human
sympathy, Lincoln is
observed by his loved
ones and his rivals. The
cast of characters is
almost Dickensian:
politicians, generals,

White House aides, newspapermen, Northern and Southern conspirators, amiably evil bankers, and a wife slowly going mad. Vidal's portrait of the president is at once intimate and monumental, stark and complex, drawn with the wit, grace, and authority of one of the great historical novelists. With a new Introduction by the author.

AWARD* A Globe and Mail Best Book of the Year A New York Times Editors' Choice Pick "Banville sets up and then deftly demolishes the Agatha Christie format...superbly rich and sophisticated."—New York Times Book Review The incomparable Booker Prize winner's next great crime novel—the story of a family whose secrets resurface when a parish priest is found murdered in their ancestral home Detective Inspector St. John Strafford has been summoned to County

Wexford to investigate a murder. A parish priest has been found dead in Ballyglass House, the family seat of the aristocratic, secretive Osborne family. The year is 1957 and the Catholic Church rules Ireland with an iron fist. Strafford—flinty, visibly Protestant and determined to identify the murderer—faces obstruction at every turn, from the heavily accumulating snow to the culture of silence in the tight-knit community he begins to investigate. As

he delves further, he learns the Osbornes are not at all what they seem. And when his own deputy goes missing, Strafford must work to unravel the ever-expanding mystery before the community's secrets, like the snowfall itself, threaten to obliterate everything. Beautifully crafted, darkly evocative and pulsing with suspense, Snow is "the Irish master" (New Yorker) John Banville at his page-turning best. Don't miss John Banville's next novel, *The Lock-up!* Other riveting mysteries

John Grisham says THE
TUMOR is the most
important book he has
ever written. In this short
book, he provides readers
with a fictional account of
how a real, new medical
technology could
revolutionize the future of
medicine by curing with
sound. THE TUMOR

follows the present day
experience of the fictional
patient Paul, an otherwise
healthy 35-year-old father
who is diagnosed with a
malignant brain tumor.
Grisham takes readers
through a detailed
account of Paul's
treatment and his family's
experience that doesn't
end as we would hope.
Grisham then explores an
alternate future, where
Paul is diagnosed with the
same brain tumor at the
same age, but in the year
2025, when a treatment
called focused ultrasound
is able to extend his life

expectancy. Focused
ultrasound has the
potential to treat not just
brain tumors, but many
other disorders, including
Parkinson's, Alzheimer's,
hypertension, and
prostate, breast and
pancreatic cancer. For
more information or to
order a free hardcopy of
the book, please visit The
Focused Ultrasound
Foundation's website
www.fusfoundation.org.
Here you will find a video
of Grisham on the TEDx
stage with the
Foundation's chairman
and a Parkinson's patient

who brings the audience to its feet sharing her incredible story of a focused ultrasound “miracle.” Readers will get a taste of the narrative they expect from Grisham, but this short book will also educate and inspire people to be hopeful about the future of medical innovation. *The Tumor* John Wiley & Sons Focusing on the argumentative, narrative, and descriptive style found in legal briefs and judicial opinions, this text

should be a thought provoking examination of effective argumentation in law. *Why Should Anyone Be Led by You?* Crossway “Near the end of World War II, thousands of Allied ex-POWs were abandoned to wander the war-torn Eastern Front, modern day Ukraine. With no food, shelter, or supplies, they were an army of dying men. The Red Army had pushed the Nazis out of Russia. As they advanced across Poland, the prison camps of the Third Reich were discovered and

liberated. In defiance of humanity, the freed Allied prisoners were discarded without aid. The Soviets viewed POWs as cowards, and regarded all refugees as potential spies or partisans. The United States repeatedly offered to help recover their POWs, but were refused. With relations between the allies strained, a plan was conceived for an undercover rescue mission. In total secrecy, the OSS chose an obscure American air force detachment stationed at a Ukrainian airfield; it would

provide the base and the cover for the operation. The man they picked to undertake it was veteran 8th Air Force bomber pilot Captain Robert Trimble. With little covert training, already scarred by the trials of combat, Trimble took the mission. He would survive by wit, courage, and a determination to do some good in a terrible war. Alone he faced up to the terrifying Soviet secret police, saving hundreds of lives. At the same time he battled to come to terms with the trauma of war

and find his own way home to his wife and child. One ordinary man. One extraordinary mission. A thousand lives at stake. This is the compelling, inspiring true story of an American hero who laid his life on the line to bring his fellow men home to safety and freedom. Include photos"-

An overview and analysis of John Webster's seminal contributions to Christian theology At the time of his

death, John Webster was widely hailed as one of the leading Christian theologians in the world. Over the course of three decades, he produced groundbreaking studies on the theologies of Eberhard Jüngel and Karl Barth and, especially since the turn of the millennium, numerous books and essays on various themes in Christian dogmatics. He then intended to write an encyclopedic systematic theology—a project he was unable to complete. No substitute is possible

for that lost opus, but the contributors offer this volume as an homage to Webster and an aid to those who want to learn from him. *A Companion to the Theology of John Webster* begins with an introductory section on Webster's theological development, then continues into an extensive overview of Webster's contributions to contemporary discussions of particular doctrines. An epilogue suggests how Webster's theology might have unfolded had he lived longer and imagines

the continuing influence of his work on the enterprise of Christian dogmatics. Readers hoping to understand the legacy of this great theologian, and also those eager for fresh insights into the present state and future trajectories of contemporary Protestantism, will find much to offer here.

What If? is the first handbook for writers based on the idea that specific exercises are one of the most useful and provocative methods for mastering the art of

writing fiction. With more than twenty-five years of experience teaching creative writing between them, Anne Bernays and Pamela Painter offer more than seventy-five exercises for both beginners and more experienced writers. These exercises are designed to develop and refine two basic skills: writing like a writer and, just as important, thinking like a writer. They deal with such topics as discovering where to start and end a story; learning when to use dialogue and

when to use indirect discourse; transforming real events into fiction; and finding language that both sings and communicates precisely. What If? will be an essential addition to every writer's library, a welcome and much-used companion, a book that gracefully borrows a whisper from the muse. **Writing with Style** Oxford University Press, USA
