Philosophising the Dialogos Way towards Wisdom in Education proposes the innovative and holistic Dialogos approach to practical philosophy as a way of facilitating wisdom-oriented pedagogy. The book encourages individual and collective development through dialectical interplays between personal life, philosophical concepts and subject matter. Based on two decades of the author's reflective pedagogical practice research, this book develops a philosophy of dialogical relationships. It analyses

approaches to philosophical practice and suggests facilitation moves and philosophical exercises that can be adapted across educational levels, school subjects and higher education disciplines. Chapters provide examples of transformative philosophical group dialogues and suggest pathways towards multi perspective thinking, mutual understanding and wisdom in culturally diverse contexts. Philosophising the Dialogos Way towards Wisdom in Education can be used as a holistic approach to democracy education, peace education, education for sustainable living and wellbeing. The book will be of great interest to academics, researchers and students in the fields of teacher education, philosophy of education and higher education. It will also appeal to practising professionals such as teachers and teacher educators in secondary and higher education.

This intermediate workbook, like the other materials in the Norsk, nordmenn og Norge series, regards communication as the primary goal of language learning. Experience has shown that students need to pass through a period of meaningful structural practice as they develop their communication skills. The workbook aims to provide that practice in psychologically realistic

and useful ways, combining entertaining activities with more traditional exercises. Toward these ends, the workbook features:

- an extensive overview of the basics of Norwegian grammar, providing a ready reference throughout the course
- a thorough review of elementary Norwegian vocabulary and grammar, allowing students whose preparation in the language differs to share a common knowledge base
- Hvem er du? sections that encourage the learner to personalize the material
- Litt av hvert sections that provide short summaries of the anthology's reading passages (lesestykker) while reviewing common problems with vocabulary and grammar
- crossword puzzles and cartoons.

Norsk, nordmenn og Norge: Arbeidsbok (Workbook) is a companion to the Norsk, nordmenn og Norge: Antologi (Anthology) and Lærerveiledning (Teacher's Manual).

Norge er i dag et av verdens mest likestilte land. Hvordan kom vi hit? For første gang foreligger en samlet oversikt over norske kvinners liv og kamp. Forfatteren tar oss med til husmorrollen, opprørene, forsøkene på å tøyne kvinners begjær og krav om like rettigheter, til milepæler som stemmerett, fødselspermisjon og likestillingsloven. Resultatet er omfangsrikt, og gis ut i to bind. Denne første boka gir en kronologisk oversikt over de ulike periodene i kvinnekampen. Forholdet mellom de borgerlige feministene og arbeiderbevegelsens kvinner er en rød tråd i begge bøker. Fram til rundt 1970 bar borgerlige kvinner fram kvinnesaken. Så ble fortroppen venstreradikal. Hvorfor og hvordan skjedde dette? Forfatter Bodil Christine Erichsen besvarer disse spørsmålene og loser oss gjennom ulike feministiske retninger fram til i dag. Bodil Christine Erichsen (f. 1954) er historiker, frilansskribent og utdannet allmennlærer.
