*600 Math Practice Exercises* Carson-Dellosa Publishing  
 Spectrum Math for grade 7 keeps kids at the top of their math game using progressive practice, math in everyday settings, and tests to monitor progress. The math workbook covers algebra, geometry, statistics, proportions, ratios, and more. A best-selling series for well over 15 years, Spectrum still leads the way because it works. It works for parents who want to give their child a leg up in math. It works for teachers who want their students to meet—and surpass—learning goals. And it works to help children build confidence and advance their skills. No matter what subject or grade, Spectrum provides thorough practice and focused instruction to support student success.

*Spectrum Reading Workbook, Grade 8* Scholastic Inc.  
 Support third-grade students with 180 daily practice activities to build their mathematical fluency. Each problem is tied to a specific mathematical concept to help students gain regular practice of key grade-level skills. This book features quick, diagnostic-based activities that are correlated to College and Career Readiness and other state standards, and includes data-driven assessment tips. Digital resources include assessment analysis tools and pdfs of the activity sheets. With these daily practice activities, teachers and parents will be helping third graders improve their math skills in no time!

*Bridge to Success with Common Core Aligned Resources and Workbooks* Carson-Dellosa Publishing  
 This workbook has 120 printable activities for Gifted and Talented 6th grade students. Students will decipher hidden messages, unscramble jumbled words, investigate geometric designs, compare and contrast, decode license plates, find the errors in a multiplication chart, analyze and describe, explore US and foreign postage stamps and coins, and more. 120 printable pages of challenging investigations: quotations, villains and heroes, ASL fingerspelling, character development, taking selfies, religious symbols, discrimination and stereotypes, the President, Albert Einstein, Stephen Hawking, Native Americans, Spanish missions, rock-climbing, geometry, adjectives and nouns, wildlife, divergent thinking, critical thinking, the five senses, synonyms and antonyms, being homeless, compound words, word searches, writing prompts, jobs and careers, fears and phobias, violence, Martin Luther King Jr., St. Patrick's Day, Veterans Day, Black History Month, Women's History Month, and so much more. 120 pages of brainteasers for the inquisitive and curious sixth-grader. Take a look at the others in this series: Gifted and Talented Workbook - Third Grade, Gifted and Talented Workbook - Fourth Grade, Gifted and Talented Workbook - Fifth Grade, Gifted and Talented Workbook - Sixth Grade, Gifted and Talented Workbook - Seventh Grade, Gifted and Talented Workbook - Eighth Grade

*Spectrum Math Workbook, Grade 7* Carson-Dellosa Publishing  
 A New York Times bestseller! Making friends isn't easy, but losing them is even harder! Natalie has never felt that she's enough -- athletic enough, stylish enough, or talented enough. And on the first day of middle school, Natalie discovers that things are worse than she thought -- now she's not even cool enough for her best friend, Lily! As Natalie tries to get her best friend back, she learns more about her true self and natural talents. If Natalie can focus on who she is rather than who she isn't, then she might realize she's more than enough, just the way she is.

*Economics and You, Grades 5 - 8* Carson-Dellosa Publishing  
 All the Math Your 7th Grader Needs to Succeed This book will help your elementary school student develop the math skills needed to succeed in the classroom and on standardized tests. The user-friendly, full-color pages are filled to the brim with engaging activities for maximum educational value. The book includes easy-to-follow instructions, helpful examples, and tons of practice problems to help students master each concept, sharpen their problem-solving skills, and build confidence. Features include: • A guide that outlines national standards for Grade 7 • Concise lessons combined with lot of practice that promote better scores—in class and on achievement tests • A pretest to help identify areas where students need more work • End-of-chapter tests to measure students' progress • A helpful glossary of key terms used in the book • More than 1,000 math problems with answers Topics covered: • Mathematical operations and number properties • Negative numbers and absolute value • Solving problems with rational numbers • Ratios and proportions • Percent and percent change • Graphing relationships and unit rates • Roots and exponents • Scientific notation • Solving equations and inequalities • Customary and metric units of measure, including conversions • Data presentation • Statistics and probability • Constructing and analyzing geometric figures • Solving problems involving angle measure, area, surface area, and volume

*Tests and Worksheets* Scholastic Inc.  
 Skill Builders are great tools for keeping children current during the school year or preparing them for the next grade level. A variety of fun and challenging activities provides students with practice and helps introduce basic skills to new learners. This full-color workbook contains appropriate passages and exercises based on national standards for sixth through eighth grade to help ensure that children master geometry math skills before progressing. Skill Builders combines entertaining and interactive activities with eye-catching graphics to make learning and reviewing fun and effective. The compact 6" x 9" size makes this book perfect for school, at home, or on the go. It features 80 perforated, reproducible pages and an answer key.
