No other Hollywood star has been so closely linked with cars and

bikes, from the 1968 Ford Mustang GT Fastback he drove in Bullitt (in the greatest car chase of all time) to the Triumph motorcycle of The Great Escape. McQueen's Machines gives readers a close-up look at the cars and motorcycles McQueen drove in movies, those he owned, and others he raced. With a foreword by Steve's son, Chad McQueen, and a wealth of details about of the star's racing career, stunt work, and car and motorcycle collecting, McQueen's Machines draws a fascinating picture of one outsized man's driving passion. Now in paperback.

Plenty of retirees take a holiday. When Brian Rix retired after 36 years as a policeman in Victoria rather than hitching up the caravan, he put his wife, journalist Shirley Hardy-Rix, on the back of his motorcycle and headed off for a ride. For the next 16 months Brian and Shirley rode more than 83,000 kilometres through 32 countries on five continents with side trips to Antarctica and Galapagos Islands. They rode from the bottom of South America to the very top of North America. They rode over the Andes, sometimes more than 5,000 metres high. They rode through deserts, the tropics and up to Alaska. They had a catastrophic breakdown in the heart of bear country and suffered altitude sickness. The motorcycle didn't make it to Antarctica but they did - taking them from Antarctica Circle to the Arctic Circle... and then a bit more. Beautifully illustrated in full colour throughout, Circle to Circle is an engaging account of the travels of an adventurous couple. It will entertain you in your armchair, or it may even inspire you to get up and go! Praise for Brian & Shirley's previous book, *Two for the Road* Makes you want to get up and go. - Australian Women's Weekly Few books are as inspirational as that just written by Melbourne journalist Shirley Hardy-Rix and her policeman husband Brian Rix. - Herald Sun For bikers and those with itchy feet. - Sunday Age The inspiring story of two middle-aged adventurers. - Manly Daily A great read for anyone with a yearning for the open road and exotic climes. - West Australian A must-read for adventurous hearts. - Canberra Times For anyone who's ever dreamed of escaping and experiencing the romance of the open road. - Inverell Times This book might tip undecided travellers over the edge - no bad thing. - Two Wheels

100 years ago two sister set out to ride across America on motorcycles. They did it to show the US military that they were very capable motorcyclists after they were denied to be motorcycle messengers in WW1. Their names were Adeline and

Augusta Van Buren. 100 years later the Sister Centennial Ride took 100 women across America following a similar route New York to San Francisco. This book is in celebration of those riders, the Van Buren sisters, and 100 years of women motorcycle adventurers.

The long-departed Steve McQueen is still the coolest man on two wheels. Get an intimate look at his coolest bikes right here, right now, in McQueen's Motorcycles. Even thirty years after his death, Steve McQueen remains a cultural icon. His image continues to appear in advertising and pop culture and his fan base spans from car lovers to racing enthusiasts to motorcycle obsessives. In his movies, McQueen's character always had an envy-inducing motorcycle or car, but in his personal life, motorcycles were always McQueen's first true love. McQueen's Motorcycles focuses on the bikes that the King of Cool raced and collected. From the first Harley McQueen bought when he was an acting student in New York to the Triumph "desert sleds" and Huskys he desert raced all over California, Mexico, and Nevada, McQueen was never without a stable of two wheelers. His need for speed propelled him from Hollywood into a number of top off-road motorcycle races, including the Baja 1000, Mint 400, Elsinore Grand Prix, and even as a member of the 1964 ISDT team in Europe. Determined to be ahead of the pack, McQueen maintained his body like it was a machine itself. He trained vigorously, weight lifting, running, and studying martial arts. Later in his life, as he backed away from Hollywood, his interests turned to antique bikes and he accumulated an extensive collection, including Harley-Davidson, Indian, Triumph, Brough Superior, Cyclone, BSA, and Ace motorcycles. Today, McQueen still has the Midas touch; anything that was in the man's possession is a hot

commodity. McQueen's classic motorcycles sell for top dollar at auctions, always at a multiple of what the same bike is worth without the McQueen pedigree. McQueen's Motorcycles reveals these highly sought-after machines in gorgeous photography and full historical context.

The million-copy selling truck fitter returns \*\*\*Featured on Channel 4\*\*\* 'I can't stop biting off more than I can chew. Maybe I'm wearing everything out, but I believe the body is a fantastic thing and it will repair itself and I'll go again. If it's running too rich, I don't stop what I'm doing, just weaken the mixture and carry on.' Since we last heard from him, Guy Martin has restored a 1983 Williams F1 car then raced Jenson Button in it; helped to build a First World War tank; ridden with Putin's favourite biker gang the Night Wolves; competed on the classic endurance circuit; stood on top of one of Chernobyl's nuclear reactors and taken part in his last ever Isle of Man TT. Then there's the stuff he really can't wait to get out of bed for: 12-hour shifts for a local haulage firm and tattie farming in his new John Deere tractor. Besides all this, he's saved his local pub from closure and become a dad. But let him tell you his own stories, in his own words: 'You're getting it from the horse's mouth. No filter. I hope you enjoy it.'

MOTOCOURSE 2020-2021 celebrates its 45th year of publication - and despite the World pandemic throwing the sport into chaos, what a year it was for motorcycle racing! In a thrilling MotoGP season, Marc Marquez and Honda were expected to be the dominant force once more, but an accident in the opening round saw him side-lined for much of the season and left him with but a slim chance of retaining his MotoGP crown. Other riders stepped up in his absence and shared out victories. Ducati's Andrea Dovizioso, and Yamaha's trio of Maverick Vinales, Fabio Quartararo and Franco Morbidelli all took to the top step of the podium. The emergence of KTM as a race winning machine saw both Brad Binder and Miguel Oliveira join the list of first time winners, in a close fought battle for supremacy throughout the

whole of the MotoGP field. Once again, Valentino Rossi defied the years to remain at the sharp end of the grid, whilst the Suzuki pair of Alex Rins and Joan Mir both looked equally capable of adding to the list of winners in an enthralling contest for the title. Editor Michael Scott provides a no-holds-barred assessment of all the aspects of a compelling season's action. MOTOCOURSE alone has full coverage of the support classes, Moto2 and Moto3, where Italian riders Luca Marini, Estea Bastinanini, Marco Bezzecchi were contenders to clinch the Moto2 crown, whilst Albert Arenas, Ai Ogura and John McPhee hotly disputed the Moto3 title. In World Superbikes, Kawasaki's dominance was challenged by Ducati's Scott Redding, with Jonathan Rea looking to retain his championship title for the sixth successive year, ahead of the chasing pack including Alavaro Bautista, Chaz Davies and

Yamaha's Michael van der Mark. No book covers the motorcycle racing world in as much detail as MOTOCOURSE, which, in addition to the two major world series covers The World Supersport Championship, The British Superbike Championship and the AMA USA Superbike series. Incredible value for money, with 304 large-format pages, bursting with over 450 stunning colour photographs from the world's finest photographers, MOTOCOURSE covers it all. No wonder MOTOCOURSE is regarded worldwide as 'The Bible of Motorcycle Racing'.
