United States Macmillan An essential American dream—equal access to higher education—was becoming a reality with the GI Bill and civil rights movements after World War II. But this vital American promise has been broken. Christopher Newfield argues that the financial and political crises of public universities are not the result of economic downturns or of ultimately valuable

restructuring, but of a conservative campaign to end public education's democratizing influence on American society. Unmaking the Public University is the story of how conservatives have maligned and restructured public universities, deceiving the public to serve their own ends. It is a deep and revealing analysis that is long overdue. Newfield carefully

describes how this campaign operated, using extensive research into public university archives. He launches the story with the expansive vision of an equitable and creative America that emerged from the post-war boom in college access, and traces the gradual emergence of the anti-egalitarian “corporate university,” practices that ranged from racial policies to research

budgeting. Newfield shows that the culture wars have actually been an economic war that a conservative coalition in business, government, and academia have waged on that economically necessary but often independent group, the college-educated middle class. Newfield’s research exposes the crucial fact that the culture wars have functioned as a kind of

neutron bomb, one that pulverizes the social and culture claims of college grads while leaving their technical expertise untouched. Unmaking the Public University incisively sets the record straight, describing a forty-year economic war waged on the college-educated public, and awakening us to a vision of social development shared by scientists and humanists alike.

 Harvard University Press
 The new two-color Value Edition of *The American Promise* is the ideal solution for instructors and students

who want a full-length narrative at a low price. A clear political framework supports a dynamic social and cultural story enlivened by the voices of hundreds of Americans who help students connect with history and grasp important concepts. With the complete supplements package from the full text, the Value Edition offers everything cost-conscious instructors and students want and

need for their U.S. history courses. When the Stars Begin to Fall Atlantic Monthly Press The American Promise appeals to all types of students and provides the right resources and tools to support any classroom environment. A clear political framework supports a vibrant social and cultural story that embraces the voices of hundreds of Americans — from presidents to

pipefitters and sharecroppers to suffragettes — who help students connect with history and grasp important concepts. Now in its fifth edition, The American Promise does even more to increase historical analysis skills and facilitate active learning, and its robust array of multimedia supplements make it the perfect choice for traditional face-to-face classrooms, hybrid courses, and

distance learning. **The American Promise Value Edition, Volume I: To 1877** Hill and Wang The American Promise has long been a course favorite. Students value The American Promise for its readability, clear chronology, and lively voices of ordinary Americans, while instructors rely upon the rich content, the many documents

and features, and the overall support for teaching their class their way. The American Promise provides superior formats for every use--the print book allows for a seamless reading experience while LaunchPad provides the right space for active learning assignments and dynamic course management tools that measure and analyze student

progress. LaunchPad comes with a wealth of primary sources and special critical thinking activities to help students progress toward achieving learning outcomes; LearningCurve, the adaptive learning tool that students love to use to test their understanding of the text and instructors love to assign to prepare students for class; and a suite of instructor resources from videos to

test banks that make teaching simpler and more effective.

Rowman & Littlefield
A resource for all who teach and study history, this book illuminates the unmistakable centrality of American Indian history to the full sweep of American history. The nineteen essays gathered in this collaboratively

produced volume, written by leading scholars in the field of Native American history, reflect the newest directions of the field and are organized to follow the chronological arc of the standard American history survey. Contributors reassess major events, themes, groups of historical actors, and approaches-- social, cultural, military, and political-- consistently demonstrating

how Native American people, and questions of Native American sovereignty, have animated all the ways we consider the nation's past. The uniqueness of Indigenous history, as interwoven more fully in the American story, will challenge students to think in new ways about larger themes in U.S. history, such as settlement and colonization, economic and political

power, citizenship and movements for equality, and the fundamental question of what it means to be an American. Contributors are Chris Andersen, Juliana Barr, David R. M. Beck, Jacob Betz, Paul T. Conrad, Mikal Brotnov Eckstrom, Margaret D. Jacobs, Adam Jortner, Rosalyn R. LaPier, John J. Laukaitis, K. Tsianina Lomawaima, Robert J. Miller, Mindy J. Morgan,

Andrew Needham, Jean M. O'Brien, Jeffrey Ostler, Sarah M. S. Pearsall, James D. Rice, Phillip H. Round, Susan Sleeper-Smith, and Scott Manning Stevens.

A History & Biography

Macmillan Higher Education
A bold, thought-provoking pathway to the national solidarity that could, finally, address the ills of racism in America
"Racism is an existential threat to

America," Theodore R. Johnson declares at the start of his profound and exhilarating book. It is a refutation of the American Promise enshrined in our Constitution that all men and women are inherently equal. And yet racism continues to corrode our society. If we cannot overcome it, Johnson argues, while the United States will remain as a geopolitical entity, the promise that

made America unique on Earth will have died. When the Stars Begin to Fall makes a compelling, ambitious case for a pathway to the national solidarity necessary to mitigate racism. Weaving memories of his own and his family's multi-generational experiences with racism, alongside strands of history, into his elegant narrative, Johnson posits that a blueprint for

<p>national solidarity can be found in the exceptional citizenship long practiced in Black America. Understanding that racism is a structural crime of the state, he argues that overcoming it requires us to recognize that a color-conscious society—not a color-blind one—is the true fulfillment of the American Promise. Fueled by Johnson’s ultimate faith in the American</p>	<p>project, grounded in his family’s longstanding optimism and his own military service, When the Stars Begin to Fall is an urgent call to undertake the process of overcoming what has long seemed intractable. <i>A Brief History of the United States</i> Stanford University Press The American Promise is more teachable and memorable than any other U.S. survey text. The balanced</p>	<p>narrative braids together political and social history so that students can discern overarching trends as well as individual stories. The voices of hundreds of Americans - from Presidents to pipe fitters, and sharecroppers to suffragettes - animate the past and make concepts memorable. The past comes alive for students through dynamic special</p>

features and a stunning and distinctive visual program. Over 775 contemporaneous illustrations - more than any competing text - draw students into the text, and more than 180 full - color maps increase students' geographic literacy. A rich array of special features complements the narrative offering more points of departure for assignments and discussion. Longstanding

favorites include Documenting the American Promise, Historical Questions, The Promise of Technology, and Beyond American's Borders, representing a key part of a our effort to increase attention paid to the global context of American history. **America at the Dawn of a Global Age** UNC Press Books "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp

over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a

jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the

past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between

maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American

Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own

questions about how the past informs the problems and opportunities that we confront today.

U.S. History

Bedford/St. Martin's
Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is

designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United

States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Higher Education The American Promise has long been a course favorite for its readability, clear chronology, and the voices of Americans that animate the book. Now with new co-authors, the eighth edition continues to deliver a strong narrative with political backbone and offers a new pedagogical design that reinforces that history is a discipline rooted in debate and inquiry. The

American Promise has primary sources in each chapter, a full-color map and art program, and comprehensive supplement options, including LaunchPad and a free companion sourcebook. Available for free when packaged with the print book, the popular digital assignment and assessment options for this text bring skill building and assessment to a more highly effective level.

The greatest active learning options come in LaunchPad, which combines an accessible e-book with LearningCurve, an adaptive and automatically graded learning tool that--when assigned-- helps ensure students read the book; the complete companion reader with comparative questions that help students build arguments from those sources; and many other study and

assessment tools. For instructors who want the easiest and most affordable way to ensure students come to class prepared Achieve Read & Practice pairs LearningCurve, adaptive quizzing and our mobile, accessible Value Edition e-book, in one easy-to-use product. *The Known Citizen* Harvard University Press The American Promise is more teachable and

memorable than any other U.S. survey text. The balanced narrative braids together political and social history so that students can discern overarching trends as well as individual stories. The voices of hundreds of Americans - from Presidents to pipe fitters, and sharecroppers to suffragettes - animate the past and make concepts memorable. The past

comes alive for students through dynamic special features and a stunning and distinctive visual program. Over 775 contemporaneous illustrations - more than any competing text - draw students into the text, and more than 180 full - color maps increase students' geographic literacy. A rich array of special features complements the narrative offering more points of

departure for assignments and discussion. Longstanding favorites include Documenting the American Promise, Historical Questions, The Promise of Technology, and Beyond American's Borders, representing a key part of our effort to increase attention paid to the global context of American history. *A History of the United States* Macmillan The American Promise,

Value Edition, has long been a favorite with students who value the text's readability, clear chronology, and lively voices of ordinary Americans, all in a portable format. Instructors have long valued the full narrative accompanied by a 2-color map program and the rich instructor resources of the parent text made available at an affordable price. The American Promise,

Value Edition, Volume 1 U of Nebraska Press
The Promise of American Life is part of the bedrock of American liberalism, a classic that had a spectacular impact on national politics when it was first published in 1909 and that has been recognized ever since as a defining text of liberal reform. The book helped inspire Theodore Roosevelt's New Nationalism and Franklin

D. Roosevelt's New Deal, put Herbert Croly on a path to become the founding editor of the New Republic, and prompted Walter Lippmann to call him twentieth-century America's "first important political philosopher." The book is at once a history of America and its political ideals and an analysis of contemporary ills, from rampant economic inequality to unchecked

corporate power. In response, Croly advocated combining the Hamiltonian and Jeffersonian traditions and creating a strong federal government to ensure that all Americans had a fair shot at individual success. The formula still defines American liberalism, and The Promise of American Life continues to resonate today, offering a vital source of renewal for liberals and progressives. For this new

edition,
Franklin Foer
has written a
