STEVENS KERR

English Vocabulary Study Cards Spark Publishing Group

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

Sparkcharts Chinese Vocabulary Spark Publishing Group

With a new Foreword by April Baker-Bell and a new Preface by Vershawn Ashanti Young and Y'Shanda Young-Rivera, *Other People's English: Code-Meshing, Code-Switching, and African American Literacy* presents an empirically grounded argument for a new approach to teaching writing to diverse students in the English language arts classroom. Responding to advocates of the

“code-switching” approach, four uniquely qualified authors make the case for “code-meshing”—allowing students to use standard English, African American English, and other Englishes in formal academic writing and classroom discussions. This practical resource translates theory into a concrete road map for pre- and inservice teachers who wish to use code-meshing in the classroom to extend students’ abilities as writers and thinkers and to foster inclusiveness and creativity. The text provides activities and examples from middle and high school as well as college and addresses the question of how to advocate for code-meshing with skeptical administrators, parents, and students. *Other People's English* provides a rationale for the social and educational value of code-meshing, including answers to frequently asked questions about language variation. It also includes teaching tips and action plans for professional development workshops that address cultural prejudices.

Frenchgrammar Quickstudy Reference Guides

BarCharts' best-selling Spanish Grammar guide has been updated and expanded! Learn the basics of Spanish grammar in our easily accessible format. Covering everything from rules of stress to the various verb categories and conjugations, this handy reference

guide will help you master the hard-to-remember rules of Spanish grammar. This new edition features an additional panel of information, including more examples for easy comprehension.

A Student's Introduction to English Grammar Simon and Schuster

What you need to know to master basic Spanish grammar McGraw-Hill Education: Beginning Spanish Grammar guides you through this often-difficult subject, clearly explaining essential concepts and giving you the practice you need to reach your language goals. With an easy and unthreatening approach, each chapter introduces one grammar topic followed by skill-building exercises, allowing you to learn and study at your own pace. At the end of this workbook, you will have mastered grammar areas such as gender, articles, adjectives, possessives, and verb tenses and will be ready to take your grammar knowledge to the next level. Features: 107 units, each presenting one topic in a bite-sized, two-page format More than 400 exercises that give you real confidence in your new language skills A bilingual glossary featuring hundreds of terms for quick reference Numerous illustrations and usage examples showing Spanish grammar in context Luis Aragones and Ramon Palencia are Spanish-language learning experts. Grupo SM is the third-largest educational publisher in the Spanish-speaking world. McGraw-Hill Education: Beginning Spanish Grammar is the first book in a three-part series: after completing this workbook you can build on your skills with McGraw-Hill Education: Intermediate Spanish Grammar and McGraw-Hill Education: Advanced Spanish Grammar.

Easy Learning French Complete Grammar, Verbs and Vocabulary (3 books in 1): Trusted support for learning (Collins Easy Learning) Quickstudy

Covering the basics of Spanish grammar, our guide describes the various parts of speech in Spanish and their uses in sentences. The guide also covers several other basic grammar topics.

The Merchant of Venice Parlor Press LLC

Early in the history of English, the words "grammar" and "glamour" meant the same thing: the power to charm. Roy Peter Clark, author of *Writing Tools*, aims to put the glamour back in grammar with this fun, engaging alternative to stuffy instructionals. In this practical guide, readers will learn everything from the different parts of speech to why effective writers prefer concrete nouns and active verbs. **THE GLAMOUR OF GRAMMAR** gives readers all the tools they need to "live inside the language"-to take advantage of grammar to perfect their use of English, to instill meaning, and to charm through their writing. With this indispensable book, readers will come to see just how glamorous grammar can be.

This six-page chart reviews: Nouns Articles Adjectives Comparatives and superlatives Prepositions Pronouns and relative pronouns Possessive and demonstrative adjectives and pronouns Negations and asking questions Indefinite constructions Verb tenses Special tables on conjugation and compound tenses French Grammar Spark Publishing Group
A new edition of a successful undergraduate textbook on contemporary international Standard English grammar, based on Huddleston and Pullum's earlier award-winning work, *The Cambridge Grammar of the English Language* (2002). The analyses defended there are outlined here more briefly, in an engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the

excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. Intended for students in colleges or universities who have little or no background in grammar or linguistics, this teaching resource contains numerous exercises and online resources suitable for any course on the structure of English in either linguistics or English departments. A thoroughly modern undergraduate textbook, rewritten in an easy-to-read conversational style with a minimum of technical and theoretical terminology.
