**The Winter of Frankie Machine** Grand Central Publishing

A deadly web of deceit ensnares two spies with a complicated personal history in this

electrifying tale of World War II Eva Bernhardt was a naive twenty-year-old when the rakish spymaster William Hobbs seduced her into working for the British secret service. Now, a year later, she is a tough and cynical operative stationed in Berlin, her hatred of the Nazis matched only by her distrust of the man who abandoned her to the whims of MI6. Tasked with discovering Hitler's plans for invading France, Eva unearths what appears to be a vital piece of information. What she doesn't realize is that the Germans know she is a spy and are using her to mislead the Allies. It is up to Hobbs

to rescue Eva and prevent a military disaster. Standing in his way are her seething resentment and two of the Gestapo's most sinister agents. From one astonishing plot twist to the next, *A Game of Spies* is a riveting story of cloak-and-dagger intrigue in the tradition of Eric Ambler and John le Carré.

**\*\*A New York Times Bestseller\*\*** Former Special Forces Officer and New York Times bestselling author Brad Taylor delivers a heart-pounding thriller featuring Taskforce operators Pike Logan and Jennifer Cahill as they come face to face with a conspiracy where nothing is as it seems. Hot on the trail of a North Korean looking to sell sensitive US intelligence to the Syrian regime, Pike Logan and the Taskforce stumble upon something much graver: the sale of a lethal substance called Red Mercury. Unbeknownst to the Taskforce,

the Syrians plan to use the weapon of mass destruction against American and Kurdish forces, and blame the attack on terrorists, causing western nations to reassess their participation in the murky cauldron of the Syrian civil war. Meanwhile, North Korea has its own devastating agenda: a double-cross that will dwarf the attack in Syria even as it lays the blame on the Syrian government. Leveraging Switzerland's fame for secrecy and its vast network of military bunkers, now repurposed by private investors for the clandestine storage of wealth, North Korea will use Red Mercury to devastate the West's ability to deliver further sanctions against the rogue regime. As the Taskforce begins to unravel the plot, a young refugee unwittingly holds the key to the conspiracy. Hunted across Europe for reasons she cannot fathom, she is the one person who can stop the attack—if she can live long enough for Pike and Jennifer to find her.

They have "real j-o-b-s"; Boone, however, works as a PI just enough to keep himself afloat. But Boone's most recent gig—investigating an insurance scam—has unexpectedly led him to a ghost from his past. And while he may have to miss the biggest swell of his surfing career, this job is about to give him a wilder ride than anything he's ever encountered. Filled with killer waves and a coast line to break your heart, *The Dawn Patrol* will leave you gasping for air.

*A Neal Carey Mystery* Columbia University Press

FROM THE BESTSELLING AUTHOR OF THE CARTEL. When Tim Kearney, a small-time criminal, slits the throat of a Hell's Angel and draws a life sentence in a prison full of gang members, he knows he's pretty much a dead man. That's until the DEA

makes Kearney an offer: impersonate the late, legendary dope smuggler Bobby Z so that the agency can trade him for one of their own, who was captured by a Mexican drug kingpin. Knowing his chances of survival are a little better than in prison, Kearney accepts, and he winds up in the middle of a desert at the notorious drug lord's lavish compound. To his surprise he meets Bobby Z's old flame, Elizabeth, and her son. At first, it's a short vacation by the pool, but when things turn bloody, the three of them begin the most desperate flight of their lives, with drug lords, bikers, Indians, and cops furiously chasing after them. Whether he pulls it off, whether he can keep the kid and the girl and his life, makes this compelling novel a hilarious, fast-paced thriller about a con caught in a devil's bargain.

Critically-acclaimed author Don Winslow

introduces a prelude to Trevanian's classic thriller *Shibumi*, the story of genius, mystic and the perfect, formidable assassin Nicholai Hel. It is the fall of 1951, and the Korean War is raging. Twenty-six-year-old Nicholai Hel has spent the last three years in solitary confinement at the hands of the Americans. Hel is a master of *hoda korosu*, or "naked kill," is fluent in seven languages, and has honed extraordinary "proximity sense": an extra-awareness of the presence of danger. He has the skills to be the world's most fearsome assassin and now the CIA needs him. The Americans offer Hel freedom, money, and a neutral passport in exchange for one small service: go to Beijing and kill the Soviet Union's commissioner to China. It's almost certainly a suicide mission, but Hel accepts. Now he must survive chaos, violence, suspicion, and betrayal while trying to achieve his ultimate goal of *satori*: the possibility of true understanding and harmony with the world.

*The Power of the Dog* Thomas & Mercer

Hel is a genius, a mystic, and a master of language and culture, and his secret is his determination to attain a rare kind of personal excellence, a state of effortless perfection known only as shibumi. the Mother Company. The battle lines are drawn: ruthless power and corruption on one side, and on the other . . . shibumi.
