The #1 New York Times
bestseller and National
Book Award Finalist from
the bestselling author of
Everything, Everything
will have you falling in
love with Natasha and
Daniel as they fall in love
with each other. Natasha:
I'm a girl who believes in
science and facts. Not
fate. Not destiny. Or
dreams that will never
come true. I'm definitely
not the kind of girl who
meets a cute boy on a
crowded New York City
street and falls in love
with him. Not when my
family is twelve hours
away from being deported
to Jamaica. Falling in love
with him won't be my
story. Daniel: I've always
been the good son, the
good student, living up to
my parents' high
expectations. Never the
poet. Or the dreamer. But
when I see her, I forget
about all that. Something
about Natasha makes me
think that fate has

something much more
extraordinary in store—for
both of us. The Universe:
Every moment in our lives
has brought us to this
single moment. A million
futures lie before us.

Which one will come true?
*** "Beautifully crafted."--

People Magazine "A book
that is very much about
the many factors that
affect falling in love, as
much as it is about the
very act itself . . . fans of

Everything Everything,
will find much to love—if
not, more—in what is

"A whimsical, surrealistic
excursion into the modern
scientific mind." --The
New Yorker One of
DeLillo's first novels,
Ratner's Star follows Billy,
the genius adolescent,
who is recruited to live in
obscurity, underground,
as he tries to help a panel
of estranged, demented,
and yet lovable scientists
communicate with beings
from outer space. It is a

mix of quirky humor,
science, mathematical
theories, as well as the
complex emotional
distance and sadness
people feel. Ratner's Star
demonstrates both the
thematic and prosaic
muscularity that typifies
DeLillo's later and more
recent works, like *The

available in Vintage
Contemporaries). "His
most spectacularly
inventive novel." --The

Get Hooked on a Girl

Fred Oday is a girl? Puh-

Everyone will hate
me—especially Ryan

That is crazy bad. Fred's
got to go—especially now

Starfish Simon and Schuster
Bestselling author Alice Hoffman tears a page from history and melds it with mysticism to create a spellbinding, highly acclaimed tale about the persecution of Jewish people during the sixteenth century. Estrella is a Marrano: During the time of the Spanish Inquisition, she is one of a community of Spanish Jews living double lives as

Catholics. And she is living in a house of secrets, raised by a family who practices underground the ancient and mysterious way of wisdom known as kabbalah. When Estrella discovers her family's true identity--and her family's secrets are made public--she confronts a world she's never imagined, where new love burns and where friendship ends in flame and ash, where trust is all but vanquished and betrayal has tragic and bitter consequences. Winner of numerous "best book" citations and infused with the rich context of history and faith, *Incantation* is a transcendent journey of discovery and loss, rebirth and remembrance that Newbery Award-winning author Lois Lowry described as "Magical and spellbinding...Painful and exquisitely beautiful."

Wild Beauty Convergent Books

A year-long study of the writing development of 27 first through third graders in an English/Spanish bilingual program was conducted during the 1980-81 school year. Samples of the children's writing were collected at four intervals, coded for computer tallying, and analyzed in terms of code-switching, spelling,

punctuation and segmentation, structural features, stylistic devices, and content. Additionally, the context in which the writing developed was evaluated by classroom observations, teacher interviews, review of familial backgrounds, and a survey of the community language situation. Myths about bilingual language proficiency, biliteracy, bilingual education, teaching writing, and learning to write are all countered by evidence presented in this study. In a discussion of implications, the concept of a whole language approach to writing instruction is supported, in which authentic and functional texts are offered to and produced by children. Examples of the children's writing with appropriate translations are given along with various tables. Informal follow-up information is presented in three epilogues dealing with changes in the researcher's commitment to the study's original writing theories, the writing of some students a year after the study; and a chronological outline of the demise of the bilingual program used in the study. Appendices list

interview questions used for teachers and aides and categories for coding the writing data. This book contains 134 references. (ALL)

5x8 Starkishia: Estrella is a story about a little girl who grew up too fast to feel the grass wear thin under the soles of her shoes. Abuse thickened her skin, yet her nightmares were as dark as they were real. The library became her sanctuary where stories took her to another place and time. But, in reality there was nothing imaginary about the bruises under her clothing as she advanced from one classroom to another during middle school, or nothing fictitious about being molested by the maggot hands of a despicable relative. Her plight was hidden in a small town in Georgia, just as her physical abuse was disregarded by the school's social worker. This colored child was brought into this world by her 14 year old mother who was ruthlessly dominated by her husband. Starkishia loved her mother above all else; her step-father who provided shelter for them

witnessed her birth and helped raise her. She consumed pieces of joy, but sometimes she received broken reprisals and ended up walking down the dark road alone; yet in some fortunate way humanity was always within reach. After her parents split up, Starkishia and her family ended up in Texas. Single parenthood changed their family structure forevermore. Starkishia became a wage earner at age 13; she also became homeless the following year. She was, for years, engulfed by her impoverished and dysfunctional environment. She married a native of Mexico a few days after her 15th birthday. He nicknamed her 'Estrella' a Spanish term which means 'Star.' It goes without saying that Starkishia was born in the land of opportunity, but it was not exactly within her reach. Yes, she was her grandmother's star, but she was a statistic of minimal proportions as far as small town and suburbia America was concerned. Shortly after marriage, she became a mother. Afterward the life of this teen went downhill at lightning speed. Many readers will identify with

her; for, she walked away from her husband broken hearted; then, she fell in love with another man, and as new babies arrived, she took her limited funds and focused on the lives of those under her roof; in time, her parental absence to her oldest two children turned flat out into abandonment. Have mercy! Starkishia was a lost teen, but through grace she eventually became a productive woman in American society. Meredith Etc., a small press, proudly introduces readers to Starkishia: Estrella, a story about the perils of teen parenthood, economic dispossession, and the charity of new beginnings.  From international bestselling author Mario Escobar comes a story of escape, sacrifice, and hope amid the perils of the Second World War.

August 1942. Jacob and Moses Stein, two young Jewish brothers, are staying with their aunt in Paris amid the Nazi occupation. The boys' parents, well-known German playwrights, have left the brothers in their aunt's care until they can find safe harbor for their family. But before the Steins can reunite, a great and terrifying roundup occurs. The French gendarmes, under Nazi order, arrest the boys and take them to the Vélodrome d'Hiver—a massive, bleak structure in Paris where thousands of France's Jews are being forcibly detained. Jacob and Moses know they must flee in order to survive, but they only have a set of letters sent from the South of France to guide them to their parents. Danger lurks around every corner as the boys, with nothing but each other, trek across the occupied country. Along their remarkable journey, they meet strangers and brave souls who put themselves at risk to protect the children—some of whom pay the ultimate price for helping these young refugees of war. This inspiring novel, now available for the first time in English, demonstrates

the power of family and the endurance of the human spirit—even through the darkest moments of human history. World War II historical fiction inspired by true events Book length: 94,000 words Includes discussion questions for reading groups, a historical timeline, and notes from the author "A poignant telling of the tragedies of war and the sacrificing kindness of others seen through the innocent eyes of children." —J'nell Ciesielski, bestselling author of *The Socialite* and *Beauty Among Ruins* **Engineering and Mining Journal** Harcourt School Publishers Bora is ordered to investigate the murder of Walter Niemeyer, a dazzling clairvoyant, a star since the days of the Weimar Republic. For years he has mystified Germany with his astounding prophecies. Bora's inquiry, supported by former S.A member Florian Grimm, resurrects memories of the excessive and brilliant world of Jazz Age cabarets and locales. Around them, in the oppressive summer heat, constant allied bombing, war-weary Berlin teems with refugees and nearly a

million foreign laborers. Soon Bora realizes that there is much more at stake than murder in a paranoid city where everyone suspects everyone, and where persistent rumors whisper about a conspiracy aimed at the very heart of the Nazi hierarchy. Could the charming Emmy Pletsch, who works for Claus von Stauffenberg, be a key to understanding what is going on? Bora eventually meets with Stauffenberg, facing an anguishing moral dilemma, as a German soldier and as a man. The 20 July plot and its dramatic implications as never told before. *Children of the Stars* Harcourt School Publishers A beautiful celebration of the unique, strong, and wonderful traits in every child—and how God delights in each and every one—from the bestselling author of *When God Made You*. *I Am God's Dream* is a deeply encouraging exploration of the unique strengths, curiosities, and desires in every kid. In this deeply affirming picture book, children will see how God celebrates and adores each of us—and why we should be proud to be who we are. Harcourt Reading/language Arts Program. Grade 5StarkishiaEstrella 5x8 **A Court of Frost and Starlight** Harper Collins Class Lives is an anthology of narratives dramatizing the lived experience of class in America. It includes forty original essays from authors who represent a range of classes, genders, races, ethnicities, ages, and occupations across the United States. Born into poverty, working class, the middle class, and the owning class—and every place in between—the contributors describe their class journeys in narrative form, recounting one or two key stories that illustrate their growing awareness of class and their place, changing or stable, within the class system. The stories in Class Lives are both gripping and moving. One contributor grows up in hunger and as an adult becomes an advocate for

the poor and homeless. Another acknowledges the truth that her working-class father's achievements afforded her and the rest of the family access to people with power. A gifted child from a working-class home soon understands that intelligence is a commodity but finds his background incompatible with his aspirations and so attempts to divide his life into separate worlds. Together, these essays form a powerful narrative about the experience of class and the importance of learning about classism, class cultures, and the intersections of class, race, and gender. Class Lives will be a helpful resource for students, teachers, sociologists, diversity trainers, activists, and a general audience. It will leave readers with an appreciation of the poignancy and power of class and the journeys that Americans grapple with on a daily basis.
