Novelists Against Social Change studies the writing of John Buchan, Dornford Yates and Angela Thirkell to show how these conservative authors put their fears and anxieties into their best-selling fiction. Resisting the threats of change in social class, politics, the freedom of women, and professionalization produced

their strongest works.

In this volume we share Charlotte Bronte's experience for four crucial years. The success of *Jane Eyre* and the strange power of *Wuthering Heights* made the 'brothers Bell' the 'universal theme of conversation'; but privately the family endured the deaths of Branwell Bronte in September and Emily in December 1848, followed by Anne's in May 1849. Haunted by the fear that she also would succumb, Charlotte found salvation in writing *Shirley*, published in October 1849, and comfort in her friendship and correspondence with Ellen Nussey, with her publishers-especially George Smith-with Mrs Gaskell, and (for a time) Harriet Martineau. She may also have received a proposal of marriage from Smith, Edler's manager, James Taylor.

Theatre in London has celebrated a rich and influential history, and in 1976 the first volume of J. P. Wearing's reference series provided researchers with an indispensable resource of these productions. In the decades since the original calendars were produced, several research aids have become available, notably various reference works and the digitization of important newspapers and relevant periodicals. The second edition of *The London Stage 1920-1929: A Calendar of Productions, Performers, and Personnel* provides a chronological calendar of London shows from January 1920 through December 1929. The volume chronicles more than 4,000 productions at 51 major central London theatres during this period. For each entry the following information is provided: Title Author Theatre Performers Personnel Opening and Closing Dates Number of Performances Other details include genre of the production, number of acts, and a list of reviews. A comment section includes other interesting information, such as plot description, first-night reception by the audience, noteworthy performances, staging elements, and details of performances in New York either prior to or after the London production. Among the plays staged in

London during this decade were *Bulldog Drummond*, *The Emperor Jones*, *The Enchanted Cottage*, *Gentlemen Prefer Blondes*, *Hay Fever*, *Saint Joan*, and *Six Characters in Search of an Author*, as well as numerous musical comedies (British and American), foreign works, operas, and ballets, revivals of English classics. A definitive resource, this edition revises, corrects, and expands the original calendar. In addition, approximately 20 percent of the material—in particular, information of adaptations and translations, plot sources, and comment information—is new. Arranged chronologically, the shows are fully indexed by title, genre, and theatre. A general index includes numerous subject entries on such topics as acting, audiences, censorship, costumes, managers, performers, prompters, staging, and ticket prices. The *London Stage 1920-1929* will be of value to scholars, theatrical personnel, librarians, writers, journalists, and historians.
