Handling Conflict McGraw-Hill Education
 Jesus said, "Blessed are the peacemakers." But it often seems like conflict and disagreement are unavoidable. Serious, divisive conflict is everywhere-within families, in the church, and out in the world. And it can seem impossible to overcome its negative force in our lives. In *The Peacemaker*, Ken Sande presents a comprehensive and practical theology for conflict resolution designed to bring about not only a cease-fire but also unity and harmony. Sande takes readers beyond resolving conflicts to true, life-changing reconciliation with family members, coworkers, and fellow believers. Biblically based, *The Peacemaker* is full of godly

wisdom and useful suggestions that are easily applied to any relationship needing reconciliation. Sande's years of experience as an attorney and as president of Peacemaker Ministries will strengthen readers' confidence as they stand in the gap as peacemakers.

Interpersonal Conflict Westminster John Knox Press

In this volume, Ting-Toomey and Oetzel accomplish two objectives: to explain the culture-based situational conflict model, including the relationship among conflict, ethnicity, and culture; and, second, integrate theory and practice in the discussion of interpersonal conflict in culture, ethnic, and gender contexts. While the book is theoretically directed, it is also a down-to-earth practical book that contains ample examples, conflict dialogues, and critical incidents. *Managing Intercultural Conflict Effectively* helps to illustrate the complexity of intercultural conflict interactions and readers will gain a broad yet integrative perspective in assessing intercultural conflict situations. The book is a multidisciplinary text that draws from the research work of a variety of disciplines such as cross-cultural psychology, social

psychology, sociology, marital and family studies, international management, and communication.

Interpersonal Conflict McGraw-Hill Education

'...effectively fills a long-standing void and will no doubt be hailed as a much-needed new addition to the literature... This text very much exemplifies the strength of Ho-Won Jeong as a theorist and

one of the more prolific writers in the larger peace and conflict studies field... the final three chapters on 'De-escalation Dynamics' (which includes a brief section on third party intervention), on 'Conciliation Strategies,' and especially the one on 'Ending Conflict,' which provides a range of outcomes beyond the usual focus on third party intervention (read mediation) epitomizes the value of this new text' - Journal of Peace Research '...an awesome tour d'horizon of modern war, violence, and confrontation within and between nations. Illustrating via just about every conflict in every corner of the world, the author invokes an endless array of insights and interpretations, ranging from the micro to the macro, beautifully written in a seamless sequence of closely linked and discursive essays.' - Professor J. David Singer, University of Michigan 'Ho-Won Jeong has written an illuminating analysis of the dynamics of conflict. He lays out the tools we have to analyze conflict in a literate and comprehensive way. A valuable book for anyone interested in a more comprehensive understanding of conflict, its sources, and its deescalation and termination' - Janice Gross Stein, Belzberg Professor of Conflict Management, Director, Munk Centre for International Studies, University of Toronto 'Jeong has successfully combined behavioral and structural analysis of the dynamics of social conflict. This volume covers the multiple dimensions - escalation, entrapment, de-escalation, termination, and resolution - both of violent and non-violent confrontation between adversaries, as well as the utility and limitations of external intervention. For students of the social sciences, it should serve as an excellent introduction to the complex realities of social conflict.' - Milton Esman, John S. Knight Professor of International Studies, Emeritus, Cornell University By examining the dynamic forces which shape and re-shape major conflicts, this timely book provides students with the knowledge base needed to successfully study conflict sources, processes and transformations. Broad in focus, it addresses the multiple social, political and psychological features central to understanding conflict situations and behaviour. A range of both recent and historical examples (including the Arab-Israeli conflict, the 'War on Terrorism', the Cold War, and the civil wars in Sudan, former Yugoslavia and Sri Lanka) are discussed, illustrating the application of concepts and theories essential to the analysis of inter-group, inter-state and intra-state conflict and conflict resolution in a wider context. Understanding Conflict and Conflict Analysis is key reading for students of international relations, peace and conflict studies, conflict resolution, international security and international law.
