“A rich and moving chronicle for our very present.” —Julio Ortega, New York Times Book Review

The United States is still typically conceived of as an offshoot of England, with our history unfolding east to west beginning with the first English settlers in Jamestown. This view overlooks the significance of America’s Hispanic past. With the profile of the United States increasingly Hispanic, the importance of recovering the Hispanic dimension to our national story has never been greater. This absorbing narrative begins with the explorers and conquistadores who planted Spain’s first colonies in Puerto Rico, Florida, and the Southwest. Missionaries and rancheros carry Spain’s expansive impulse into the late eighteenth century, settling California, mapping the American interior to the Rockies, and charting the Pacific coast. During the nineteenth century Anglo-America expands west under the banner of “Manifest Destiny” and consolidates control through war with Mexico. In the Hispanic resurgence that follows, it is the peoples of Latin America who overspread the continent, from the Hispanic heartland in the West to major cities such as Chicago, Miami, New York, and Boston. The United States clearly has a Hispanic present and future. And

here is its Hispanic past, presented with characteristic insight and wit by one of our greatest historians.

You can never have enough space. And if you can't, just think of your kids--all the time they have to spend in tight spaces--like cars, planes, trains, the doctor's office, the grocery store, being sick or housebound, waiting in line. Kids need room to move around, but there are many times when they just plain can't have it. While raising two exuberant boys, teaching preschool, leading Cub Scouts, and running a birthday party business, Carol Stock Kranowitz came up with savvy, creative ways to keep kids content in tight spaces. In 101 Activities for Kids in Tight Spaces, her activity ideas combine old standbys with new ones born of desperation and cramped quarters. They follow a philosophy that helps kids develop their different skills and abilities while entertaining themselves and interacting. You'll find great projects for every imaginable small space parents and children encounter: Fun Food for Tiny Kitchens: Ants on a Log, Footprints in the Snow, and Aiken Drum Faces In the Urban Community: Windowsill Garden, Bug Jar, and Corn-on-the-Sponge When the Walls Seem to Be Closing In: Pillow Crashing, People Sandwich, and Teeter-Totter When what you've got is a small space and a restless child, what you need are 101 ingenious solutions--right away. Here they are--easy to implement, creative fun for the three to seven-year-old--activities

that can turn tough moments into teachable, terrific ones.

A novel about race, sex, class, and love—from an author at the beginning of a major career—Tomi Obaro’s sparkling debut tells the story of three once-inseparable college friends in Nigeria who reunite for the first time in thirty years at a lavish wedding in Lagos for one of their daughters. Funmi, Enitan, and Zainab first meet at university in Nigeria and become friends for life despite their differences. Funmi is beautiful, brash, and determined; Enitan is homely and eager, seeking escape from her single mother's smothering and needy love; Zainab is elegant and reserved, raised by her father's first two wives after her mother's death in childbirth. Their friendship is complicated but enduring, and over the course of the novel, the reader learns about their loves and losses. How Funmi stole Zainab's boyfriend and became pregnant, only to have an abortion and lose the boyfriend to police violence. How Enitan was seduced by an American Peace Corps volunteer, the only one who ever really saw her, but is culturally so different from him—a Connecticut WASP—that raising their daughter together put them at odds. How Zainab fell in love with her teacher, a friend of her father’s, and ruptured her relationship with her father to have him. Now, some thirty years later, the three women are reunited for the first time, in Lagos. The occasion: Funmi’s daughter, Destiny, is getting married. Enitan brings her American daughter,

Remi. Zainab travels by bus, nervously leaving her ailing husband in the care of their son. Funmi, hosting the weekend of elaborate festivities with her wealthy husband, wants everything to go perfectly. But as the big day approaches, it becomes clear that something is not right. As the novel builds powerfully toward the big event, the complexities of the mothers' friendship—and the private wisdom each has earned—come to bear on a riveting, heartrending moment of decision. *Dele* *Weds* *Destiny* is a sensational debut from a dazzling new voice in contemporary fiction.

El presente informe bienal tiene el objetivo de dar a conocer la situación de la enseñanza del español en los países en los que el Ministerio de Educación y Formación Profesional (MEFP) está presente. La publicación analiza también la puesta en práctica de los diferentes programas del Ministerio en los países estudiados. Los objetivos marcados en cada uno de ellos responden en gran medida a las circunstancias y necesidades para las que fueron creados esos programas. En el caso, por ejemplo, del programa de las Agrupaciones de Lengua y Cultura Españolas (ALCE), y también en parte de los Centros de Titularidad española, en países como Alemania, Bélgica, Francia, Italia, Luxemburgo, Portugal, Países Bajos y Suiza, uno de los objetivos principales es el de mantener y mejorar el español y el contacto con la cultura española entre los descendientes de españoles que se encuentran en el extranjero, así como mantener una presencia en lugares con fuerte relación histórica con España, como es el caso de Marruecos. También el programa de Centros de Titularidad Mixta persigue de alguna manera mantener los lazos con las colonias de españoles y descendientes que se encuentran al otro lado del Atlántico, en países como Brasil y Argentina. En otras ocasiones los esfuerzos se dirigen al alumnado nativo de los países destinatarios de los programas. Los estudiantes de español en estos centros profundizan en sus conocimientos mediante la metodología AICLE, de manera que el aprendizaje de la lengua extranjera va acompañado de contenidos culturales fundamentales, gracias a asignaturas como Literatura o Geografía e Historia. Es el caso del programa de Secciones Españolas, implantado en países como Francia, Italia o Estados Unidos, o el de Secciones Bilingües, que se extiende por países de Europa central, Europa oriental y China. Los programas de Auxiliares de Conversación y de Profesores Visitantes contribuyen, además, a fomentar el intercambio lingüístico, cultural y académico, poniendo en contacto directo a estudiantes y profesores de los países que participan en estos programas, con el apoyo significativo de la red de Asesorías Técnicas y de los Centros de

Recursos Didácticos.

In this lively and varied tribute to Martin Banham, Layiwola has assembled critical commentaries and two plays which focus primarily on Nigerian theatre - both traditional and contemporary. Dele Layiwola, Dapo Adelugba and Sonny Oti trace the beginnings of the School of Drama in 1960, at the University of Ibadan, Nigeria, where Martin Banham played a key and influential role in the growth of thriving Nigerian theatre repertoire and simultaneously encouraging the creation of a new theatre based on traditional Nigerian theatre forms. This comparative approach is taken up in Dele Layiwola's study of ritual and drama in the context of various traditions worldwide, while Oyin Ogunba presents a lucid picture of the complex use of theatre space in Yoruba ritual dramadar drama. Harsh everyday realities, both physical and political, are graphically demonstrated by Robert McClaren (Zimbabwe) and Oga Steve Abah (Nigeria) who both show surprising and alarming links between extreme actual experiences and theatre creation and performance. The texts of the two plays - When Criminals Turn Judges by Ola Rotimi, The Hand that Feeds the King by Wale Ogunyemi, are followed by Austin O. Asagba's study of oral tradition and text in plays by Osofisan and Agbeyegbe, and Frances Harding's study on power, language, and imagery in Wole Soyinka's plays.

El programa de Profesores Visitantes en Alberta empezó en 1998, como resultado del Memorando de Entendimiento firmado entre el Ministerio de Educación de España y el Departamento de Educación de la provincia de Alberta. El objetivo principal de ese acuerdo fue introducir el aprendizaje del español como lengua extranjera en escuelas de primaria y secundaria así como fomentar la mejora de la calidad de la enseñanza en programas bilingües. En la actualidad el programa de Profesores Visitantes en Alberta cuenta con un gran apoyo por parte de los distritos escolares y por el departamento de Educación. En las últimas convocatorias cinco distritos escolares han contratado profesores visitantes, principalmente del nivel de primaria, aunque también un pequeño número de profesores de secundaria forman parte del programa.

In recent years, there has been an increasing interest in Early Modern Festivals. These spectacles articulated the self-image of ruling elites and played out the tensions of the diverse social strata. Responding to the growing academic interest in festivals this volume focuses on the early modern Iberian world, in particular the spectacles staged by and for the Spanish Habsburgs. The study of early modern Iberian festival culture in Europe and the wider world is surprisingly limited compared to the published works devoted to other kingdoms at the time. There is a clear need for scholarly publications to examine festivals as a vehicle for the presence of Spanish culture beyond territorial boundaries. The present books responds to this shortcoming. Festivals and ceremonies played a major role in the Spanish world; through them local identities as well as a common Spanish culture made their presence manifest within and beyond the peninsula through ephemeral displays, music and print. Local communities often conflated their symbols of identity with religious images and representations of the Spanish monarchy. The festivals (fiestas in Spanish) materialized the presence of the Spanish diaspora in other European realms. Royal funerals and proclamations served to establish kingly presence in distant and not so distant lands. The socio-political, religious and cultural nuances that were an intrinsic part of the territories of the empire were magnified and celebrated in the Spanish festivals in Europe, Iberia and overseas vicerealties. Following a foreword and an introduction the remaining 12 chapters are divided up into four sections. The first explores Habsburg Visual culture at court and its relationship with the creation of a language of triumph and the use of tapestries in festivals. The second part examines triumphal entries in Madrid, Lisbon, Cremona, Milan, Pavia and the New World; the third deals with the relationship between religion and the empire through the examination of royal funerals, hagiography and calendric celebrations. The fourth part of the book explores cultural, artistic and musical exchange in Naples and Rome. Taken together these essays contribute further to our growing appreciation of the importance of early-modern festival culture in general, and their

significance in the world of the Spanish Habsburgs in particular.

El uso de los dispositivos electrónicos de comunicación está generalizado en una sociedad de la información globalizada y tecnificada. Los "emojis" y los "memes" se han convertido en iconografías reconocidas por todos. La expresión escrita se extiende y democratiza; diversas formas de expresión emergen, otras mutan, o se fosilizan, determinadas por el medio o plataforma de que se trate, desde una red social hasta un blog, un foro o una aplicación de mensajería instantánea. Los autores de este libro, especialistas en el estudio del lenguaje, se zambullen en este océano global y sin barreras para destilar una descripción actualizada de los usos lingüísticos y otras formas de expresión del medio escrito que los hablantes de español del siglo xxi adoptan de manera natural. Entender estos nuevos códigos es necesario no solo para interactuar en Internet, sino para reconocer el impacto que la Red está teniendo en la lengua en general.

Madrigal's Magic Key to Spanish Rafael Bolio

Have you ever dreamed of a weight loss program where you can eat as much as you want of all those things that you crave and still lose excess body fat? This dream program is now yours. This is an ad libitum program where you lose fat because of what you eat and not because of what you limit. You will discover through personal experience that there is no need to reduce calories or limit food groups to eliminate excess body fat. You will also obtain targeted fat loss since more fat will be lost from the waistline than from other parts of the body. Even more important, you will learn to think, feel and act in a different way around food. No magical remedies are promised and no miracle pills are promoted. Only through a sensible program and disciplined attitude will you be able to permanently rid yourself of excess fat. The book is divided into four parts. The first part explains why traditional diets are useless for long term weight loss, and how they may even worsen the problem. The second part presents a general outline of proven ways to permanently lose excess fat. The third part introduces a program which will not only help you nourish your body and lose excess fat; it will also reshape you to express your maximum genetic potential. The last part answers frequent questions made by my patients in relationship to this program. The philosophy of this program is the following: It is not what you eat in excess but what you are lacking in your daily menu that ruins your perfect metabolic balance and favors accumulation of excess body fat.
