Dalits in Modern India
M.D. Publications Pvt. Ltd.
This book is a detailed
commentary on politics
and political
consciousness,
participation, and
mobilization among the

Dalits in northern India.
Based on extensive
fieldwork at the village
level in eastern Uttar
Pradesh, it deals with
Dalit social and political
history in the state from
1950 to the present.
Using alternative
sources—stories and
narratives alive in the oral
tradition and 'collective
memory' of the oppressed
and marginalized

Dalits—Narayan
documents various social
upheavals that have
taken place in post-
Independence India. He
also examines the process
of politicization of Dalit
communities through
their internal social
struggles and
movements, and their
emergence as a 'political
public' in the State-
oriented democratic

political setting of contemporary India. How has the ongoing process of politicization of the Dalits developed their politics? How far does it appear as an alternative? To what extent is it similar to the politics played out by dominant parties? Does it imitate or seek break away from the methods of the upper castes? This book seeks to answer these important questions as it maps the changing nature of contemporary Indian politics. In doing so, it unfolds the multiple,

suppressed, layers of Dalit consciousness in vibrant ethnographic detail, hitherto overlooked by mainstream discourse. Uttar Pradesh, 1950–Present SAGE Dr. B.R. Ambedkar (1891-1956), a born rebel, is the builder of modern India. He drafted independent India's constitution. Educated in USA and UK, he is that rare combination of a scholar, revolutionary and statesman who fought for the socio-political rights of millions of untouchables. Dr. B.R. Ambedkar shines

like a luminous star in the galaxy of greatmen. He played a crucial role in shaping the destiny of free India, and left indelible imprints on our national life and the state organisation.

Dalit Studies SAGE Publications India

This book is, obviously based on primary source of information. Certain facts were duly corroborated by other sources. It has been objectively analysed, properly interpreted and systematically arranged in a consolidated form. It

would be useful as a ready reference to the scholars, interested in undertaking intensive research on individual leaders, and their role in the movement. It would be beneficial to those activists who prefer to take lessons from their past. Therefore, the book is of great value.

The Flaming Feet and Other Essays Taylor & Francis

ABSTRACT: This research

examines one potential route for sub-national social movements to alter preexisting contemporary nationalisms- the transnational social movement network. When social movements "go global" they move beyond the nation where they are typically excluded from the national project and instead, become members of an alternative and inclusive transnational project. What social movements do at this level is not under examination here, but rather how they go

about returning to their respective nations and challenging the hegemonic national project. Does the transnational site impact the success of sub-national social movements? Is a movement more likely to achieve its goals and experience inclusion into the national identity due to transnational networking? One key assumption of this research is that on a global and national level there exist projects which seek to include some

citizens or groups while excluding others. These divisions are paralleled to racial divides according to Anthony Marx (1998). The Dalit movement in India serves as an exploratory case study due to its sub-national roots and transnational mobilization, and the racialized and exclusionary practices of the caste structure. Dalits, previously known as "Untouchables," are relegated to the lowest position below the caste hierarchy where they witness discrimination primarily through violence

and a lack of access to resources. The movement has gone global, but then returned to India where it seeks to hold states accountable. It has also sought inclusion through political means, forming its own political party-the Bahujan Samaj Party (BSP)-in 1984. This research traces the global route of one Dalit movement organization, the National Campaign on Dalit Human Rights (NCDHR), but then tests the success of Dalit inclusion by examining one internal indicator-the

electoral results of the Bahujan Samaj Party. The electoral results were taken from a pre-global (1995-1999) and a post-global (2002-2009) period. Findings demonstrate that over time the BSP has significantly increased its participation in elections and slightly increased its success-rate at achieving elected positions. While the Dalit movement continues to experience some degree of success at both the national and state levels, they have not yet been fully integrated

into India's national project.

The Caste Question Gyan Books

This book is a groundbreaking intervention on Dalit politics in India. Challenging received ideas, it uses a comparative framework to understand Dalit mobilisations for political power, social equality and justice. The monograph traces the emergence of Dalit consciousness and its different strands in north and south India — from colonial to contemporary times —

and interrogates key notions and events. These include: the debate regarding core themes such as the Hindu-Muslim cleavage in the north and caste in the south; the extent to which Dalits and other backward castes (OBC) base their anti-Brahminism on similar ideologies; and why Dalits in Uttar Pradesh (north India) succeeded in gaining power while they did not do so in the region of erstwhile Andhra Pradesh (south India), where Dalit consciousness is more evolved. Drawing

on archival material, fieldwork and case studies, this volume puts forward an insightful and incisive analysis. It will be of great interest to researchers and scholars of Dalit studies and social exclusion, Indian politics and sociology.

A Dalit Autobiography

Partridge Publishing
In this volume of sixteen essays, D. R. Nagaraj, the foremost non-Brahmin intellectual to emerge from India's non-English-speaking world, presents his vision of the Indian caste system in relation to

Dalit politics—the Dalit being a self-designation for many groups in the lower castes of India. Nagaraj argues that the Dalit movement rejected the traditional Hindu world and thus dismissed untouchable pasts entirely; but he believes rebels too require cultural memory. Their emotions of bewilderment, rage, and resentment can only be transcended via a politics of affirmation. He theorizes the caste system as a mosaic of disputes about dignity, religiosity, and

entitlement. Examining moments of caste defiance, he argues for a politics of cultural affirmation and creates a new cultural identity for Dalits. More significantly, he argues against self-pity and rage in artistic imagination, and for recreating the banished worlds of gods and goddesses. Nagaraj's importance lies in consolidating and advancing some of the ideas of India's leading Dalit thinker and icon, B. R. Ambedkar. He suggests an inclusivist framework

to build an alliance of all the oppressed communities of India. Local Practices and Global Connections Oxford University Press
The book explains how questions of caste and law involve persistent challenges concerning inequality and democracy in India's postcolonial state. Dalits and the Politics of Modern India Rowman & Littlefield Publishers
Through its investigation of the underlying political economy of gender, caste and class in India, this

book shows how changing historical geographies are shaping the subjectivities of Dalits across India in ways that are neither fixed nor predictable. It brings together ethnographies from across India to explore caste politics, Dalit feminism and patriarchy, religion, economics and the continued socio-economic and political marginalisation of Dalits. With contributions from major academics this is an indispensable book for researchers, teachers and students working on new

political expressions, gender identities, social inequalities and the continuing use of the notion of 'caste' identity in the oppression of subalterns in contemporary India. It will be essential reading in the disciplines of politics, gender, social exclusion studies, sociology and social anthropology.

Dalits, Oppression and Constitutional Democracy in India Univ
 of California Press
 Exploring the enduring legacy of untouchability in India, this book challenges the ways in which the Indian experience has been represented in Western scholarship. The authors introduce the long tradition of Dalit emancipatory struggle and present a sustained critique of academic discourse on the dynamics of caste in Indian society. Case studies complement these

arguments, underscoring the perils and problems that Dalits face in a contemporary context of communalized politics and market reforms.

Dr Ambedkar and the Dalit Movement in Colonial India Routledge
 "Challenges and revises our understanding of the historical and contemporary role of Dalits in Indian society. A pathbreaking book that rightfully restores the historical agency of and gives voice to Dalits in North India." --Anand A. Yang, University of

 This book, the fourth in
 the series Cultural
 Subordination and the
 Dalit Challenge, examines
 the mode of organisation
 and engagement in

politics of the Dalits in
 Tamil Nadu, and their
 contribution to the
 processes of
 democratisation and
 egalitarianism. Situating
 the Dalit movement in the
 context of socio-political
 changes in Tamil Nadu,
 the book covers the
 following issues:/-/- The
 current condition of the
 Dalits in Tamil Nadu, the
 reasons for their protests
 and the forms they take/-
 /- The consequences of
 the extra-institutional
 mobilisation of the Dalits
 for democratic politics in
 Tamil Nadu/-/- The

articulation and
 implementation of the
 ideals and action concepts
 of the Dalit movement in
 everyday life at the local
 level/-/- The impact of the
 emergence and entry into
 electoral politics of the
 Dalit Liberation Panthers
 in Tamil Nadu
Dalit Women Taylor &
 Francis
 This book is a
 comprehensive
 introduction to dalits in
 India (who comprise over
 one-sixth of the country's
 population) from the
 origins of caste system to
 the present day. Despite a

plethora of provisions for affirmative action in the Indian Constitution, dalits are largely excluded from the mainstream except for a minuscule section. The book traces the multifarious changes that befell them during the colonial period and their development thereafter under the leadership of Babasaheb Ambedkar in the centre of political arena. It looks at hitherto unexplored aspects of the degeneration of the dalit movement during the post-Ambedkar period, as well as salient

contemporary issues such as the rise of the Bahujan Samaj Party, dalit capitalism, the occupation of dalit discourse by NGOs, neoliberalism and its impact, and the various implicit or explicit emancipation schemas thrown up by them. The work also discusses ideology, strategy and tactics of the dalit movement; touches upon one of the most contentious issues of increasing divergence between the dalit and Marxist movements; and delineates the role of the

state, both colonial and post-colonial, in shaping dalit politics in particular ways. A tour de force, this book brings to the fore many key contemporary concerns and will be of great interest to students, scholars and teachers of politics and political economy, sociology, history, social exclusion studies and the general reader.

Dalits and the Democratic Revolution Lynne Rienner Publishers

The book is a collection of essays woven around the contours of the growth of

the dalit movement, the crusade undertaken by the dalit icons for the cause of dalit emancipation and the burning issues that have cropped up before the dalits. These issues are at the crux of very lively debates that are taking place in contemporary India. Politics of exclusion and identity have restricted the amalgamation of dalits into the national mainstream to a certain extent and despite more than 60 years of independence, they are

dependent on reservation as their major mobilisation plank. The new economic reforms have led to reduction in the scope and breadth of reservation and lessened the role of the state to the detriment of majority of the dalit population. The challenges posed to the dalit movement by the mandalites and the Hindutva forces have also been discussed in the book. Dalit symbolism and the repercussions of such acts on overall polity, position of the dalits in rural India & their acute

deprivation from land assets and inter squabbles among them have also been highlighted in this book. The presentation style is lucid and simple so as to enable even ordinary readers to understand the topics. One hopes that the book will be found to be useful for the students of Indian polity.

Dalit Politics and Literature

Duke University Press

The Present Book Is One Of The First Attempts To Bring Together History Of Dalit Movement During

1857-1950, In Four Southern States I.E. Andhra, Tamilnadu, Karnataka And Kerala. Based On Intensive And Extensive Archival Work, Each Chapter Provides Valuable Insights Into Genesis Of The Concerned Movement And Leadership, Event Structure, Internal Dynamics And The Social And Cultural Consequences. The Author Has Focused On A Briefly History Of States, Caste System, Socio-Economic Conditions Of Dalits, Leaders,

Organizations Of Dalit Movement Educational Efforts Made For Dalits And Temple Entry Movement In South India. This Is Not A Study Of Dalits Alone, But An Attempt To Present A Social And Political History Of A Fascinating Area In A Time Of Rapid Change And Also A Contribution To The Regional History Of South Asia. [The Dalit Movement in India](#) SAGE Publications India "A powerful book on caste, a subject that has dramatic importance not

only for the history of democracy in modern India, but for the general discussion on the interferences of social inequalities and cultural exclusions. The Caste Question goes beyond the usual antitheses of localism and globalism, and illustrates a decisive notion of intensive universality."—Etienne Balibar "A sustained and probing analysis of the modern history of caste in Western India, connecting issues of gender, personhood, property, and politics to facts of

oppression and inequality. This is the most politically and theoretically engaged book on caste to have come out in a long time."—Dipesh Chakrabarty, author of *Habitations of Modernity*
"A profound reflection, at

once historically rich and theoretically nuanced, on the nature of political modernity itself."—John Comaroff, co-author (with Jean Comaroff) of *Of Revelation and Revolution*
"Rao is entirely convincing in this brilliant and

audacious re-evaluation of political modernity in India through the perspective of anti-caste struggles."—Mrinalini Sinha, author of *Specters of Mother India: The Global Re-Structuring of an Empire*
