treatment. Since these specialists work in crisis situations, they must be able to quickly identify the best way to stabilize patients and minimize pain. Emergency Nursing: Everything You Need to Know About Being ... The ER or 'Emergency Room' nurse is a person who is great at quick thinking, decision-making, and multitasking. He or she has the training, aptitude and willingness to adapt to whatever the day happens to bring, as every day is different in the emergency room. Best suited to this role are nurses who appreciate the fast-pace and challenge of not knowing exactly who is coming through the door and what may be wrong with them. How to Become an Emergency Room Nurse - Salary ... Emergency nurses make a difference in the lives of people every day, every shift. While there tends to be a lot of flashing lights and a good bit of chaos, there are true moments of greatness and connection with your patients that you won't find anywhere else in healthcare. If you like action, the unexpected, and making a positive impact in the lives of your patients and community, then a career in the ED is for YOU! Emergency Nursing - Is it right for you? Emergency nurses are registered nurses (RNs) who help provide care to patients in urgent medical situations. Emergency nurses must first pursue a nursing degree, typically a Bachelor of Science in ... Emergency Nurse: Job Description, Duties and Requirements Emergency nursing is a specialty within the field of professional nursing focusing on the

care of patients who require prompt medical attention to avoid long-term disability or death. In addition to addressing "true emergencies," emergency nurses increasingly care for people who are unwilling or unable to get primary medical care elsewhere and come to emergency departments for help. Emergency nursing - Wikipedia We've identified 11 states where the typical salary for an ER Nurse job is above the national average. Topping the list is Massachusetts, with Hawaii and Rhode Island close behind in second and third. Rhode Island beats the national average by 6.8%, and Massachusetts furthers that trend with another \$9,671 (10.7%) above the \$85,704. Q: What Is the Average ER Nurse Salary by State in 2020?
