Lined paper, ruled paper or writing paper (whatever you call it) is a type of paper that features horizontal lines printed on it. The lines are aimed at separating the lines of your hand-written text in order to make it easy for you to write and then read the text. In comparison with the traditional blank piece of paper or dot grid paper, lined templates make your hand-writing look smooth and ordered. These templates are often used for calligraphy, noting music, and writing. The simple reason why ruled templates are so useful and popular is that a lot of people aren't good enough at writing in a straight line without a guide. And it's no wonder why. Most of us are so used to typing the text with the keyboards that we totally forget how to write in the longhand. 120 pages 6*9 inches.

Handwriting Practice Paper is the perfectly sized, school-standard handwriting practice paper designed for kids grade 1-3, kindergarten, and preschool. Children. This lightweight, softcover format is the choice for the best homeschooling kindergarten supplies. This non-bulky alternative to

other kids lined notebooks is thoughtfully produced with easy to handle landscape binding. Industry-standard specifications: 1/2" ruling includes high-contrast top line, 1/4" dashed midline, 1/4" baseline, and 1/4" skip space (magenta). Compatible with leading learn-to-write methods as recommended by D'Nealian, Zaner-Bloser, and McDoughal Littell. The ruled lines have good definition for developing eyes, but soft and lightweight to avoid distracting young writers with heavy lines. This composition notebook also makes a thoughtful gift for grandchildren, nieces, and nephews. He or she will love the vibrant, cartoon dinosaur on the glossy softcover, and nameplate. For writing in this workbook, we recommend 2B/soft, dark pencils; or washable bleedproof markers. We enjoyed creating Handwriting Practice Paper and hope it brings your child as much joy as we had producing it!

Charlotte Perkins Gilman's 1892 short story, The Yellow Wallpaper is a valuable piece of American feminist literature that reveals attitudes toward the psychological health of women in the nineteenth century. Diagnosed with "temporary nervous depression - a slight hysterical tendency" by her physician husband, a woman is confined to an upstairs bedroom. Descending into psychosis at the complete lack of stimulation, she starts obsessing over the room's yellow wallpaper: "It is the strangest yellow, that wall-paper! It makes me think of all the yellow things I ever saw - not beautiful ones like buttercups, but old foul, bad yellow things. But there is something else about that paper - the smell! ... The only thing I can think of that it is like is the color of the paper! A yellow smell."
