Essays, Fiction, and Poetry from the Pages of American Judaism Penguin Communities throughout the United States were convulsed in the 1980s and early 1990s by accusations, often without a shred of serious evidence, that respectable men and women in their midst—many of them trusted preschool teachers—secretly gathered in far reaching conspiracies to rape and terrorize children. In this powerful book, Debbie Nathan and Mike Snedeker examine the forces fueling this blind panic. *After Sybil...from the Letters of Shirley Mason - Color* Simon and Schuster "I'm Sybil." Thus, Shirley Mason shared her secret identity with Nancy Preston, former student. That disclosure cemented an

enduring twenty-eight year friendship between the two via phone calls, visits, and letters. From Shirley's first letter to her last phone call to Nancy, *After Sybil* is a revealing glimpse into the daily life of the woman whose sixteen personalities were merged into the one Nancy knew and loved. Letters, photos, and quotes offer insight to Shirley's view of her parents, her therapist, and the bestselling book and subsequent movies about her.

Interspersed are examples of Shirley's art, including a self portrait.

Winnicott Grand Central Publishing

This powerful debut thriller from "a major new talent" (Kirkus) set in a poor, rural community where loyalty is everything, "packs an emotional punch" (Lisa Gardner) as the daughter of a meth kingpin is forced to choose between family, or freedom. Never cut the drugs--leave them pure. Guns are meant to be shot--keep

them loaded. Family is everything--betray them and die. Harley McKenna is the only child of North County's biggest criminal. Duke McKenna's run more guns, cooked more meth, and killed more men than anyone around. Harley's been working for him since she was sixteen, dreading the day he'd deem her ready to rule the rural drug empire he's built. Her time's run out. The Springfields, her family's biggest rivals, are moving in. And they're coming for Duke's only weak spot: his daughter. Duke's raised her to be deadly -- he never counted on her being disloyal. But if Harley wants to survive and protect the people she loves, she's got to take out both Duke's operation and the Springfields. Blowing up meth labs is dangerous business, and getting caught will be the end of her, but Harley has one advantage: She is her father's daughter. And McKennas always win. PRAISE FOR

BARBED WIRE HEART "Harley is one of the most complex, fascinating, dangerous characters I've encountered in years." -- Lisa Gardner "Terrific." --David Baldacci "Pulls off something rare." -- Chicago Tribune "Possibly the most powerful, original female character we've had in decades." --New York Journal of Books "A ballad of survival sung by a voice you'll never forget." --David Joy "Highly satisfying." --Publishers Weekly (STARRED REVIEW) "Sharpe is definitely a name to watch." --Booklist (STARRED REVIEW) **I'm Eve** Scholastic Inc.

In Sweden, hundreds of refugee children fall into a state that resembles sleep for months or years at a time. In Le Roy, a town in upstate New York, teenage girls develop involuntary twitches and seizures that spread like a contagion. In the U.S. Embassy in Cuba, employees experience headaches and memory loss after hearing strange noises during the night. These are only a few of the many suspected culture-bound psychosomatic syndromes—specific sets of symptoms that exist in a particular culture or environment—that affect people throughout the world. In *The Sleeping Beauties*, Dr. Suzanne O'Sullivan—an award-winning Irish neurologist—investigates psychosomatic disorders, traveling the world to visit communities suffering from these so-called mystery illnesses. From a derelict post-Soviet mining town in Kazakhstan to the Mosquito Coast of Nicaragua to the heart of the María Mountains in Colombia, O'Sullivan records the remarkable stories of syndromes related to her by people from all walks of life. Riveting and often distressing, these case studies are recounted with compassion and humanity. In examining the complexity of psychogenic illness, O'Sullivan has written a book of both fascination and serious concern as these syndromes continue to proliferate around the globe.

The History and Theory of Dissociation and Its Disorders Harvard University Press Australia's leading biographer Brenda Niall, now in her nineties, turns the spotlight on her own story in this fascinating memoir of a remarkable life and career

The Three Faces of Eve Penguin NOW A LIFETIME MINISERIES STARRING KELLI GARNER AND ACADEMY AWARD® WINNER SUSAN SARANDON World Premiere May 30th & 31st at 8/7c From New York Times bestselling author J. Randy Taraborrelli comes the definitive biography of the most enduring icon in popular American culture. When Marilyn Monroe became famous in the 1950s, the world was told that her mother was either

dead or simply not a part of her life. However, that was not true. In fact, her mentally ill mother was very much present in Marilyn's world and the complex family dynamic that unfolded behind the scenes is a story that has never before been told...until now. In this groundbreaking book, Taraborrelli draws complex and sympathetic portraits of the women so influential in the actress' life, including her mother, her foster mother, and her legal guardian. He also reveals, for the first time, the shocking scope of Marilyn's own mental illness, the identity of Marilyn's father and the half-brother she never knew, and new information about her relationship with the Kennedy's-Bobby, Jack, and Pat Kennedy Lawford. Explosive, revelatory, and surprisingly moving, this is the final word on the life of one of the most fascinating and elusive icons of the 20th Century.

Sybil Exposed Poppy

Thirty years after Liz Plenty Horses goes into hiding following accusations of betraying the militant American Indian Movement to the FBI, Vicky Holden and Father John O'Malley investigate when the skeleton of a murder victim turns up on the Wind River Re

WHATEVER HAPPENED TO SYBIL? Dr. Patrick Suraci discovered the answer to that question in 1993. He learned that Sybil was Shirley Mason and they became friends. Flora Schreiber wrote SYBIL explaining how Shirley developed the 16 personalities as a result of her early childhood abuse. Using psychoanalysis for ten years, Dr. Cornelia Wilbur

Sybil iUniverse

Records the life of a young woman who assumed sixteen personalities, possibly due to abuse by her neurotic mother, and describes the events and outcome of her eleven years in psychoanalysis. Text Publishing *A Man Named Dave*, which has sold over 1 million copies, is the gripping conclusion to Dave Pelzer's inspirational and New York Times bestselling trilogy of memoirs that began with *A Child Called "It"* and *The Lost Boy*. "All those years you tried your best to break me, and I'm still here. One day you'll see, I'm going to make something of myself." These words were Dave Pelzer's declaration of independence to his mother, and they represented the ultimate act of self-reliance. Dave's father never intervened as his mother abused him with shocking brutality, denying him food and clothing, torturing him in any way she could imagine. This was the woman who told her son she could kill him any time she wanted to—and nearly did. The more

than two million readers of Pelzer's New York Times and international bestselling memoirs *A Child Called "It"* and *The Lost Boy* know that he lived to tell his courageous story. With stunning generosity of spirit, Dave Pelzer invites readers on his journey to discover how he turned shame into pride and rejection into acceptance.

Satan's Silence Pantheon

Describes Winnicott's theories of child development, the mother-child relationship, and human sexuality.

Katherine Grand Central Publishing

What if you woke up one morning and your ears weren't yours? What If You Had Animal Ears explores what would happen if you looked in the mirror and saw an animal's ears instead of your own! The next imaginative book in the What If You Had series, explores incredible ears from the animal kingdom. From the elephant's tremendous ears to the jack rabbit's mood ears, discover what it would be like if you had these special ears--and find out why your ears are just the right ones for you! *Sybil - a Frightening Movie* William Morrow & Company

This book uses case history methodology to illustrate the relationship between theory and practice of the study of Dissociation Identity Disorder (DID). Challenging conventional wisdom on all sides, the book traces the clinical and social history of dissociation in a provocative examination of this widely debated phenomenon. It reviews the current state of DID-related controversy so that readers may draw their own conclusions and examines the evolution of hypnosis and the ways it has been used and misused in the treatment of cases with DID. The book is rigorously illustrated with two centuries' worth of famous cases. *The American Judaism Reader* Springer Science & Business Media

Billy Milligan was a man tormented by twenty-four distinct personalities battling for supremacy over his body - a battle that culminated when he awoke in jail, arrested for the kidnap and rape of three women. In a landmark trial, Billy was acquitted of his crimes by reason of insanity caused by multiple personality disorder - the first such court decision in history. Among the twenty-four are: Philip, a petty criminal; Kevin, who dealt drugs; April, whose only ambition was to kill Billy's stepfather; Adalana, the shy, affection-starved lesbian who 'used' Billy's body in the rapes that led to his arrest; David, the eight-year-old 'keeper of the pain'; and the Teacher, the sum of all Billy's alter egos fused into one. In *The Minds of Billy Milligan*, Daniel Keyes brings to light the most remarkable and

harrowing case of multiple personality ever recorded. 'Fascinating' LA Times '[Keyes] has carried it off brilliantly, bringing not only a fine clarity but a special warmth and empathy' Washington Post

After Sybil...from the Letters of Shirley Mason Penguin

Some girls will always have your back, and some girls can't help but stab you in it. Junior year, the suburbs of Philadelphia. Alex, Mollie and Veronica are those girls: They're the best of friends and the party girls of the school. But how well does everybody know them--and really, how well do they know one another? Alex is secretly in love with the boy next door and has joined a band--without telling anyone. Mollie suffers from a popular (and possibly sociopathic) boyfriend and a serious mean streak. And Veronica just wants to be loved--literally, figuratively, physically...she's not particular. Will this be the year that bonds them forever or tears them apart for good? In a debut novel that is raw, honest, hilarious, and thought-provoking, Lauren Saft masterfully conveys what goes on in the mind of a teenage girl and how often even the

closest of friends walk the thin line between love and hate.

 The subject of the celebrated "Three Faces of Eve" multiple-personality case describes her work in the mental health field and how she successfully integrated her several personalities into the woman she is today

There Is a River Avon Books
 A new edition of the landmark, worldwide bestseller on the life of the famed medical clairvoyant and founding father of the New Age: Edgar Cayce. Edgar Cayce (1877-1945) is known to millions today as the grandfather of the New Age. A medical clairvoyant, psychic, and Christian mystic, Cayce provided medical, psychological, and spiritual advice to thousands of people who swore by the effectiveness of his trance-based readings. But Cayce was not always a household name. When a young, skeptical journalist named Thomas Sugrue

first met Cayce in 1927 the world had not yet heard of the "sleeping prophet." During years of unique access, Sugrue completed his landmark biography, which on its publication in 1942 brought national attention to Cayce and stands as the sole record written during the seer's lifetime. This edition includes a new introduction by historian Mitch Horowitz that highlights the enduring significance of Cayce's message and the role this book played in its dissemination.
