- * Simple and readers friendly language
- * Invaluable text For The students of MBA, M.Com., and other post graduate students who are specializing in HRM
- * Useful guide for HR professionals and executives of corporate section

Fundamentals of Human Resource Management SAGE

Since its original publication in 2000, this text has been intended for students studying HRM for the first time. Its major features are its comprehensive and wide-ranging nature which deals with all major aspects of HRM in a down to earth and practical way, alongside the necessary theoretical underpinning. The key strength is its accessibility to students new to the subject area where it combines a clear explanation with numerous relevant and interesting cases and comments. The range and nature of HRM is fully illustrated by a combination of real life and fictional case studies which heighten awareness of key issues involved in HRM today. This new edition will continue to be appropriate for undergraduate courses, especially first and second year students studying an HRM degree but also for post-graduate courses where many students are new to the field of HRM. It continues to be divided into 12 chapters to provide one topic a week on a modular course, but it may be extended into two semesters. It has been

revised to place a greater emphasis on the role of human resources in improving organisational and employee performance. These revisions include the greater use of technology in resourcing and development areas, the change of emphasis from 'recruitment/selection' to 'talent management' and the use of social networking developments as an aid to HR management. Recent legal developments will also be covered including those relating to age discrimination and the regulation of agency workers. It will be supported by a supplement for tutors and additional web-based cases and other materials for tutors and students.

12th Edition SAGE

The core of every company is its people, and Human Resources Management (HRM) is the key to handling all the complexities of human relations, compensation, conflict resolution, and much more. Strategies and tactics are needed to effectively manage the human resource potential that drives all companies to profitability and success. Human Resource Management Essentials You Always Wanted To Know guides readers through the challenges and provides tools to address those challenges. It provides an understanding of areas including:

- The concept of HRM
- Performance management strategies
- Legal and regulatory compliance
- Organizational development
- Conflict management
- Payroll and compensation
- Information technology in HRM
- Health and safety
- Personnel development

Human Resource Management Essentials is part of the Self-Learning Management Series focused on working professionals. The series addresses every aspect of business from HR to finance, marketing, and operations. Each book includes fundamentals, important concepts, and well-known principles, as well as practical applications of the subject matter.

Macmillan

This book provides a comprehensive and up-to-date text in the subject. It seeks to address a wide gap existing in terms of the availability of a book that provides extensive coverage in the field. It aims to provide students in human resource management courses and practising managers with a comprehensive view of essential concepts and techniques in a highly readable and understandable form. This book particularly focuses on practical

applications, examples and cases that managers can utilise in gaining insights into the subject in order to carry out their HR-related responsibilities. It focuses on practical applications, examples and cases that will be useful for both students and HR managers. It serves two important purposes: to provide an academically rigorous study, and at the same time, offer comprehensive and user-friendly pedagogy. The case studies cited in the book are from across the globe, including studies from India, and will appeal to a large audience.

Human Resource Management SAGE Publications

Essentials of HRM combines a commentary on organizational behaviour with an explanation of human resource management techniques, and also acts as an introduction to industrial relations. It will prove an invaluable aid to those studying for professional qualifications, such as Membership of the Institute of Personnel Management or the Diploma in Management Studies, and for students on general business or social service courses. Equally, the practising manager will find this book a useful and practical guide.

safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.

A Critical Approach Cengage Learning

Applied Human Resource Management: Strategic Issues and Experiential Exercises gives business students in-depth, hands-on experiential learning applications to help them develop the skills they will need as human resource professionals who deal with people in diverse settings and situations. Providing maximum teaching flexibility, each chapter presents ten different issues that organizations must resolve to manage their human resources effectively. These chapters also offer four distinct types of interactive learning experiences: Strategic Issues in HRM Exercises, Applications, Experiential Exercises, and Creative Exercises. Key Features Offers four Strategic Issues in HRM exercises in each chapter that can be used for class discussions, assigned as homework problems, used as topics for group presentations, or incorporated into tests as essay questions Includes two Applications per chapter, brief projects that require students to apply a human resource management concept to a realistic situation, which are ideal for use as homework assignments, instructor illustrations/demonstrations, or in-class projects Provides two Experiential Exercises in each chapter to provide students with hands-on learning experiences within a realistic context Includes two open-ended Creative Exercises per chapter that ask students or teams to develop unique solutions to realistic problems using what they have learned Provides a list of each chapter's exercises grouped according to The Human Resource Certification Institute's Body of Knowledge in Human Resources Management categories to help instructors plan the exercises they want to use according to the HRM Body of Knowledge Intended Audience This book is an ideal core or supplemental text for graduate-level courses in Human Resource Management, Advanced Human Resource Management, and Personnel Management in departments of business, management, public administration, education, and psychology. *Human Resource Management* John Wiley & Sons This textbook of Human Resource Management focuses on the evolving and modern concepts of HRM and personnel function. It links Human Resource Management with business strategy. It is

written in a lucid way and is made comprehensive with the inclusion of I

Essentials of Human Resource Management John Wiley & Sons Cases in Human Resource Management provides students with insights into common challenges, dilemmas, and issues human resource managers face in the workplace. Using a wide variety of well-known companies and organizations, author David Kimball engages students with original, real-world cases that illustrate HRM topics and functions in action. Each case is designed to encourage students to find new solutions to human resource issues and to stimulate class discussion. Case questions challenge students to think critically, apply concepts, and develop their HRM skills. The contents are organized using the same topical coverage and structure as most HRM textbooks, making Kimball the ideal companion for any introductory HRM course.

Human Resource Management SAGE

This book is not available as a print inspection copy. To download an e-version click here or for more information contact your local sales representative. A comprehensive introduction to HRM for students who are new to the field, but who will be seeking employment in a global market, working with diverse colleagues and across international borders. Broken down into three parts covering Strategic Issues in HRM, HRM in Practice and HRM in Context, and weaving international and cross-cultural perspectives throughout, the text explores the ever-changing world of human resource management. The various theories, practices and debates that populate this field are examined, and the challenges and controversies that arise when theory meets practice are explored. The international dimension in all its aspects including cross-cultural working, diversity, equality and international business have been considered throughout. Practical learning features have been included to help students develop skills they can apply to their course and in graduate employment. In the new edition, the authors have further explored the international context for HRM, not just for multinational corporations but also for small businesses and not-for-profit organizations, with added analysis on the importance of recognizing that effective functioning of organizations is not simply measured by financial performance, but also by taking into account the broader social, economic and political contexts. International case studies covering emerging economies and

specific ethical issues are included with each chapter containing two case studies - one short case mid-chapter and a longer end-of-chapter case, each of which has a set of accompanying questions for students to explore individually or in groups to broaden their learning. The book is supported by a SAGE Edge site, featuring a range of tools and resources for lecturers and students, including SAGE journal articles, PowerPoint slides, web and video links, interactive multiple choice questions, chapter specific podcasts and an instructor's manual. Suitable for undergraduates and post-graduate students looking for a strategic and international perspective of HRM.

Strategic Human Resources Management: Text and Cases Tata McGraw-Hill Education

This major textbook meets the clear need for a substantial but accessible introduction to the practice of human resource management (HRM) within the context of relevant theory and current debates. In a discussion that ranges from the strategic and policy aspects of HRM to the day-to-day processes of employee management, the author identifies and explores key concepts and skills. Distinctive features of the book include: a focus on issues of direct relevance to all line managers, not just to human resource specialists; a combination of a knowledge-based approach with a practical introduction to the most important skills; numerous examples, encapsulating concepts and techniques in clear tables, and a teaching appendix of discuss *Human Resource Management* Pearson Educación

The revised and fully updated second edition of this textbook illustrates the multi-layered knowledge accumulated in the field of international human resource management, developing understanding of the strategic management of people in organizations in a global context. It integrates comparative approaches to human resource management, extending beyond traditional coverage of the field to provide a broader overview of contemporary cultural, institutional and organizational challenges. *Human Resource Management in Public Service* Pearson Education

With the advent of globalization, digitalization, and technological advancement, human resource management (HRM) function is set to break new ground through innovation and digital immersion, reinvent its role, and remain a value driver in modern-day business organizations. Human Resource Management:

Concepts, Practices, and New Paradigms aims to expose students to the emerging paradigms of HRM while retaining focus on the core practices of acquisition, retention, management and development of talent, rewards and compensation, and compliance of workplace laws and regulations. Through the perspectives of a practitioner, a consultant, and a researcher, the author depicts the rise of the 'new HR' as business partners, culture builders, innovators, and new value creators in the services sector and SMEs. The book also describes the shifts in industrial relations and the rise of new employment relations. The book balances sound theories with experiential approaches to facilitate the reader's understanding of the core concepts and frameworks. Further, it reports on current HR practices in global organizations to acquaint readers with various strategic choices and initiatives in HRM. Key Features • System orientation: enables the readers to view HRM practices as part of the business system and their correlation with business outcomes • Experiential perspective: extensive use of cases and exhibits drawn from private and public workplaces to enable exploratory and investigative learning • Robust pedagogy: over 40 case studies with discussion points, and over 20 exhibits on new HR initiatives and industry-wide developments in the HR sector, analytical exercises for classroom discussion, and much more
