History of Modern Maharashtra (1818 AD to 1960 AD) Chandresh Agrawal

This is a comprehensive, intelligible and interesting portrait of Ancient Indian History and Civilization from a national historical point of view. The work is divided into three broad divisions of the natural course of cultural development in Ancient India: (1) From the prehistoric age to 600 B.C., (2) From 600 B.C. to 300 A.D., (3) From 300 A.D. to 1200 A.D. The work describes the political, economic, religious and cultural conditions of the country, the expansionist activities, the colonisation schemes of her rulers in the Far East. Political theories and administrative organizations are also discussed but more stress has been laid on the religious, literary and cultural aspects of Ancient India. The book is of a more advanced type. It would meet the needs not only of general readers but also of earnest students who require a thorough grasp of the essential facts and features before taking up specialized study in any branch of the subject. It would also fulfil requirements of the candidates for competitive examinations in which Ancient Indian History and culture is a prescribed subject.

Inclusion and Exclusion in Local Governance: Field Studies from Rural India is a product of a rare national-level study conducted in 42 panchayats across 12 states to reveal how democratic decentralization is working in Indian villages. This is done through stories of empowerment as well as discrimination against women, scheduled castes and scheduled tribes (SCs and STs). The
