Artificial Africas
Colonial Images In
"Africa is an artificial entity," notes Ruth Mayer, "invented and conceived by

colonialism." In this wide-ranging study, Mayer explores the ways in which Western, and especially American, popular culture has manufactured and deployed various images of "Africa," and how those changing constructions

have reflected Western social and political concerns from the era of colonialism to the age of globalization. [Ruth Mayer]Artificial Africas : colonial images in the times of globalization. Alamy The future of AI research is in Africa. In the last few years, the machine-learning community has blossomed, applying the technology to challenges like food security and health care. The future of AI research is in Africa | MIT Technology Review Mahmood Mamdani wrote his book Citizen and Subject in 1996. The main point of his argument is that the colonial state in Africa took the form of a bifurcated state, "two forms of power under a

single hegemonic authority". The colonial state in Africa was divided into two. One state for the colonial European population and one state for the indigenous population. Colonisation of Africa - Wikipedia Artificial borders split many closely related ethnic groups into different colonial regions. In the Horn of Africa, for instance, they split Somalis into French Somaliland, British Somalia, Italian Somalia, Ethiopian Somalia, and the Somali region of northern Kenya. Colonial

Borders in Africa: Improper Design and its Impact ...This visual record of early European contacts with Africa and Asia is a primary visual resource for historical and socio-cultural studies. Made up largely of late-19th and early-20th century trade cards and illustrated European newspapers, this collection offers insight into European perspectives on varying aspects of colonial experience by documenting how popular perceptions of Asia and

...Images of Colonialism | Harvard LibraryIn addressing the first criteria colonial powers purposefully created images that contained blatant contrast between Africans and Europeans. This contrast played upon 'light' versus 'dark,' 'civilized' and 'uncivilized'. There are vastly different cultures and peoples living in Sub-Saharan Africa and so it was a necessary stepPhotography, Colonialism and RacismBritish colonial anthropologist Northcote
