“Much is said and written on the subject of visualization, but little has been told about how to visualize. My purpose is to tell how, to explain the proven methods

and to give you the secrets of successful visualization. “These teachings, based upon natural laws, are simple. If you will follow them faithfully, the results may seem little short of miraculous. “Whether you develop genius, or near genius, or remain just where you are, depends entirely upon you. Wonders have been performed, seeming miracles wrought, through visualization. It is a God-given power available to anyone. Its effectiveness lies in its individual application. “As you are given the principles, study them carefully. Absorb everything contained in each lesson given. Then start immediately to put into effect the things you have learned. Apply. Start visualizing the material things you desire. See mentally your new home or car, the money you need,

or whatever it is that you earnestly wish to possess or achieve.”—Andrew Wiehl

Guided Visualization Scripts to Unlock Your Full Potential \*\*Get this Inspiring eBook by Amazon best selling Author, Mia Rose!!\*\*Creative Visualization is an ancient skill; without it humanity could have achieved very little. However, it is only in the last two centuries that our understanding of the power of our minds and our thoughts has led to a deeper knowledge of how we can use visualization techniques to make our

The first step is actually the day-dreaming itself. By creating images in our mind we can have real impact in the world; our brains interpret images as real.
