Create compelling, original characters using archetypes and design elements such as shadows and line with the tips and techniques found in this image-packed book. Bryan Tillman bridges the gap between the technique of drawing characters and the theory of good character design by using case studies, examples of professional art, and literary and pop culture references to teach you how to develop a character, not just draw one. The book also features Character Model Sheets that will guide you through the creation of new and unique characters. Finally, Bryan will break down established character archetypes to show you why and how the different aspects of good character design work. The content on the book is based on Bryan's popular 2009 Comic-Con course on 'Character Design'. Learn what makes a character unique and powerful by using shapes, shadows, and form - this title includes 'character model sheets' so you can put it all together yourself, as well as case studies from established artists. It bridges the gap between the technique of drawing characters and the theory of good character design in a practical, hands-on way - learn how to use story and archetypes to develop compelling, new characters. Based on a standing-room only presentation at Comic-Con 2009 in San Diego, it features the artwork of a collection of professional artists as examples to the techniques shown in the book.

ZBrush's popularity is exploding giving more CG artists the power to create stunning digital art with a distinctively fine art feel. ZBrush Character Creation: Advanced Digital Sculpting is the must-have guide to creating highly detailed, lush, organic models using the revolutionary ZBrush software. Digital sculptor Scott Spencer guides you through the full array of ZBrush tools, including brushes, textures and detailing. With a focus on both the artistry and the technical know-how, you'll learn how to apply traditional sculpting and painting techniques to 3D art while uncovering the "why" behind the "how" for each step. You'll gain inspiration and insight from the beautiful full-color illustrations and professional tips from experienced ZBrush artists included in the book. And, above all, you'll have a solid understanding of how applying time-honored artistic methods to your

workflow can turn ordinary digital art into breathtaking digital masterpieces.

Character Design DC

From an adventurous balloon ride above the clouds to a monster-filled metropolis, Academy Award®-winning director Pete Docter ("Monsters, Inc.," "Up") has taken audiences to unique and imaginative places. In Disney•Pixar's original movie "Inside Out," he will take us to the most extraordinary location of all—inside the mind. Growing up can be a bumpy road, and it's no exception for Riley, who is uprooted from her Midwest life when her father starts a new job in San Francisco. Like all of us, Riley is guided by her emotions – Joy, Fear, Anger, Disgust, and Sadness. The emotions live in Headquarters, the control center inside Riley's mind, where they help advise her through everyday life. As Riley and her emotions struggle to adjust to a new life in San Francisco, turmoil ensues in Headquarters. Although Joy, Riley's main and most important emotion, tries to keep things positive, the emotions conflict on how best to navigate a new city, house and school. In this groundbreaking and illuminating film, Pixar Animation Studios examines the extraordinary depths of the mind and the powers of emotion and imagination. The Art of Inside Out provides an exclusive look into the artistic exploration that went into the making of this vibrant film.

Featuring concept art—including sketches, collages, color scripts, and much more—and opening with a foreword by actress Amy Poehler and introduction by the film's writer and director Pete Docter, this is the ultimate behind-the-scenes experience of the making of this landmark film. Black Canary. Zatanna Zatara. Two of the DC Universe's brightest stars join forces to combat a deadly new threat—a chilling supernatural foe that preys on their weaknesses and unleashes their awesome powers against each other. A year ago, Black Canary infiltrated a gang of female criminals set to pull a dangerous heist at a Las Vegas casino. Its leader was skilled in hand-to-hand combat and with more than a passing interest in the occult, specifically black magic, one nasty customer. Rather than be taken by Canary or the law, she went to her death, vowing she would get revenge on Canary and her own former gang members. Now, a year to the day later, death stalks those gang members, and Canary must turn to her friend Zatanna to help investigate.
