Write guidebooks, make travel TV, lead bus tours? Cameron Hewitt has been Rick Steves' right hand for more than 20 years, doing just that. The Temporary European is a collection of vivid, entertaining travel tales from across Europe. Cameron zips you into his backpack for engaging and inspiring experiences: sampling spleen

sandwiches at a Palermo street market; hiking alone with the cows high in the Swiss Alps; simmering in Budapest's thermal baths; trekking across an English moor to a stone circle; hand-rolling pasta at a Tuscan agriturismo; shivering through Highland games in a soggy Scottish village; and much more. Along the way, Cameron introduces us to his favorite Europeans. In Mostar, Alma demonstrates how Bosnian coffee isn't just a drink, but a social ritual.

In France, Mathilde explains that the true mastery of a fromager isn't making cheese, but aging it. In Spain, Fran proudly eats acorns, but never corn on the cob. While personal, the stories also tap into the universal joy of travel. Cameron's travel motto (inspired by a globetrotting auntie) is "Jams Are Fun"—the fondest memories arrive when your best-laid plans go sideways. And he encourages travelers to stow their phones and guidebooks, slow down,

and savor those magic moments that arrive between stops on a busy itinerary. The stories are packed with inspiration and insights for your next trip, including how to find the best gelato in Italy, how to select the best produce at a Provençal market, how to navigate Spain's confusing tapas scene, and how to survive the experience of driving in Sicily (hint: just go numb). And you'll get a reality check for every traveler's "dream job": researching and writing guidebooks; guiding

busloads of Americans on tours around Europe; scouting and producing a travel TV show; and working with Rick Steves and his merry band of travelers. It's a candid account of how the sausage gets made in the travel business—told with warts-and-all honesty and a sense of humor. For Rick Steves fans, or anyone who loves Europe, *The Temporary European* is inspiring, insightful, and fun.

Change the world one trip at a time. In this illuminating collection of stories and lessons from the road, acclaimed travel writer Rick Steves shares a powerful message that resonates now more than ever. With the world facing divisive and often frightening events, from Trump, Brexit, and

Erdogan, to climate change, nativism, and populism, there's never been a more important time to travel. Rick believes the risks of travel are widely exaggerated, and that fear is for people who don't get out much. After years of living out of a suitcase, he still marvels at how different cultures find different truths to be self-evident. By sharing his experiences from Europe, Central America, Asia, and the Middle East, Rick shows how we can learn more about our own country by viewing it from

afar. With gripping stories from Rick's decades of exploration, this fully revised edition of *Travel as a Political Act* is an antidote to the current climate of xenophobia. When we travel thoughtfully, we bring back the most beautiful souvenir of all: a broader perspective on the world that we all call home. All royalties from the sale of *Travel as a Political Act* are donated to support the work of Bread for the World, a non-partisan organization working to end hunger at home and

abroad.

Attempts to show as a whole the Peninsula made up of Spain and Portugal, with the slow unfolding of a pattern of society and an attitude to life still subtly distinct from those north of the Pyrenees. The

successive occupations of Roman, Visigoth and Muslim span between them more than a thousand years. The Peninsula's great contribution to the modern age was the opening up of the New World in the west by Spain, and of new routes to the east by Portugal. Over the last century and a half the history of both peoples provides a case-study in the essential relativity of forms of government.

cookbook, sharing 55 recipes inspired by local farmers, providores, fishmongers and suppliers, and underpinned by the flavors Melbourne author Matt McConnell continues to cook with today: garlic, pimento, salt and the best olive oil. The line-up is a best of the best from more than 10 years of Matt's respected repertoire of tapas and raciones at his Melbourne bar and restaurant The Bar Lourinha Project. The book, like the bar, makes readers feel at once at

home and familiar – even if they have not ever ventured to the city spot beloved for its food, booze, collectors' feel and old-fashioned hospitality. The book is also more than recipes: it is part travelogue too, sharing anecdotes, narrative and stunning photography from the authors' adventures in Spain, Portugal and Europe over many years – experiences that inspired the idea and philosophy of the now decade-old space they have created in their hometown of Melbourne.

A “lucid” analysis of the territorial formation of Spain and Portugal in both Europe and the Americas (Publishers Weekly). *Frontiers of Possession* asks how territorial

borders were established in Europe and the Americas during the early modern period and challenges the standard view that national boundaries are largely determined by military conflicts and treaties. Focusing on Spanish and Portuguese claims in the New and Old Worlds, Tamar Herzog reconstructs the different ways land rights were negotiated and enforced, sometimes violently, among people who remembered old possessions or envisioned

new ones: farmers and nobles, clergymen and missionaries, settlers and indigenous peoples. Questioning the habitual narrative that sees the Americas as a logical extension of the Old World, Herzog portrays Spain and Portugal on both sides of the Atlantic as one unified imperial space. She begins in the Americas, where Iberian conquerors had to decide who could settle the land, who could harvest fruit and cut timber, and who had river rights for travel and trade. The presence

of indigenous peoples as enemies to vanquish or allies to befriend, along with the vastness of the land, complicated the picture, as did the promise of unlimited wealth. In Europe, meanwhile, the formation and re-formation of boundaries could last centuries, as ancient entitlements clashed with evolving economic conditions and changing political views and juridical doctrines regarding how land could be acquired and maintained. Herzog

demonstrates that the same fundamental questions had to be addressed in Europe and in the Americas. Territorial control was always subject to negotiation, as neighbors and outsiders, in their quotidian interactions, carved out and defended new frontiers of possession. Praise for *Frontiers of Possession* “Herzog succeeds in her aim of moving beyond the usually separate histories of Spain and Portugal—and of Europe and the Americas—to

complicate the accepted understanding of national and imperial boundaries as immutable facts rather than as ongoing sites of contestation.” —William O’Connor, *The Daily Beast* “This book is about as thorough a research work as this reviewer has ever encountered . . . This is a truly innovative and well-documented interpretation of this topic.” —D. L. Tengwall, *Choice* “The best account we now have of the long legal and political rivalry between the world’s first modern imperial powers.”
