Blind Date St. Martin's Paperbacks

I thought Speed Dating would be a waste of time, and then my hunky stepbrothers show up with their gorgeous friends Nick and Oscar. I'm mortified: they might think I'm an easy lay or that any of this is my idea. It's not, I was dragged here by my BFF. Seven minutes with each man is long enough to find out that Nick and Oscar are funny, charming, and sweet. Their smiles make me blush. And I'd like to meet them again and get to know them better. It is also enough time to discover my stepbrothers both have the hots for me. Matthew Harris has the decency and good sense to know we must not do anything about our mutual attraction, not when we live under the same roof. However, his twin brother, Luke wastes none of his seven minutes on small talk. He wants to take me home to do the filthy things I've only dreamed of. And I'm tempted to say yes. How can I choose one of their friends when all four men want me? Whatever happens, I don't want to mess up my future career as a respectable children's nurse. I just want to settle down and have a big family

of my own someday. SPEED DATE is a sizzling romance with a very happy ever after ending. *A full-length standalone romance. *No cliffhanger. *No cheating.

Trixie Donovan had left California for bigger and better things. Then had kept on moving, putting her nursing skills to use to help people all over the world. But living without reliable electricity or clean water or, hell, the internet had grown old. Now she was back. She'd finally figured out what Netflix was, though she was still iffy on Tinder, and she'd become her half-sister Heather's new pet project. Eventually, after a sickeningly amount of pestering, Trix gave in, agreeing to a single blind date. A blind date who turned out to be Jet. The doctor she'd worked with halfway around the world. The man she'd slept with and then had fallen desperately in love with. The one who, in cliché, naïve fashion, had decimated her heart. And the one who transformed an unwanted, but tolerable night out into the blind date from hell. Because apparently Jet had decided his biggest regret was letting her go.

Not fun enough? Not dateable enough (whatever that meant)? So she started praying in earnest for God to bring the right man into her life. And instead, He brought her matchmakers. Eight of them, to be precise. Beloved blogger Stephanie Rische debuts with this charming, vulnerable, and (who are we kidding?) often mortifying true story of a girl who tried really hard to find someone to fall in love with—even when she mostly just ended up falling flat on her face. But amid the most cringeworthy setups and awkward encounters, Stephanie found God's grace and love meeting her there in ways she never could have imagined—once she opened her eyes to see.

Are we too picky about trivial things that don't matter, and not picky enough about the often overlooked things that do? In *Marry Him*, Gottlieb explores an all-too-common dilemma—how to reconcile the desire for a happy marriage with a list of must-haves and deal-breakers so long and complicated that many great guys get misguidedly eliminated. On a quest to find the answer, Gottlieb sets out on her own journey in search of love, discovering wisdom and surprising insights from sociologists and neurobiologists, marital

researchers and behavioral economists—as well as single and married men and women of all generations.

This laugh out loud and heartwarming romantic comedy from bestselling author Meghan Quinn will keep you on the edge of your feet as you fall in love with the second book in the Dating by Numbers Series. ****CAN BE READ AS A STANDALONE**** I don't know what love is anymore. Well, that's not entirely true, but I'm going to tell you a little secret: I've lost the spark. You know the kind of spark I'm talking about? Where butterflies take flight in your stomach from two hands innocently colliding. Or catching your breath when you first meet someone attractive. Yeah, that spark. Except I haven't felt that feeling in forever; there is nothing left inside of me. Normally, this wouldn't be a problem--but I'm a writer on a serious deadline, and my editor is breathing down my neck for a romantic, Nicholas Sparks type love story. No pressure, right? That's how I find myself flying across the country to crash a wedding in the name of research, dress and heels stuffed into my small suitcase. It should be the easiest book research ever. Drinking some free champagne, basking in the love of two strangers, and tapping into my romantic side. That'll be a breeze. I'm a pro. I can handle this. Until I mistakenly end up in the wrong hotel room, naked as the day I was born, with the sexiest human I have ever met staring me down, wondering what I'm doing taking a shower in his bathroom. I don't think calling it "research" will get me out of this mess. But it will make for one hell of a story.
