Cursive Handwriting Workbook: First 800+ Words Independently Published
156 Pages of the Most Fun & Engaging Exercises to Learn Cursive Handwriting Unfortunately, nowadays, too many elementary and middle schools are using

computers and iPads to do reports and various writing tasks. As a result, many kids are not very comfortable with cursive writing, and when they do write, it is almost impossible to read. The *Learn How to Write in Cursive for Kids* book has been created to close the gap and avoid turning cursive writing into a 'lost art'. Unlike many of the cursive writing books, which are tedious and boring, this one, with the short stories and cool cartoons, will eliminate some of the drudge of learning, and it is easy to monitor progress as it goes from individual letters to full sentences writing in cursive. This book has also plenty of space with 2 whole pages dedicated for practicing each letter, allowing kids to confidently develop their motor control while also improving their penmanship. This book is divided into the following 6 sections: Section 1: Tracing and writing lowercase and uppercase cursive letters, with detailed follow-the-arrow diagrams that demonstrate how to write the letters correctly. There are 2 pages for each letter. Section 2: Tracing and writing simple 3-letter words starting

with a lowercase letter. Introducing the kids to the art of connecting lowercase cursive letters progressively. One whole page is dedicated to each letter. Section 3: Tracing and writing simple 4-letter words starting with an uppercase letter. Acquainting kids to connect uppercase to lowercase letters, while writing 1 character longer words than in previous section. One full page is dedicated to each letter. Section 4: Tracing and writing slightly advanced words, with a variable number of characters, familiarizing the kids with writing frequently used words. Section 5: Tracing and writing full sentences, in the form of cool short stories, adding a touch of fun and fantasy to the learning process. Section 6: Tracing and writing Days of the week and Months names. This section is kept as the last one to demonstrate the degree of progress that has been reached so far. Technical information: 8.5" x 11" - Large size that provides plenty of room for writing inside. 156 pages! - Much more than most of the workbooks available in the market, with similar price tag. (most books don't even reach the 100

pages bar) High-quality paper Scroll to the top of the page and click the 'Add to Cart' button if you want your kid to master the art of Cursive Writing. *Trace and Practice Letter, Word and Sentence 3 in 1 Cursive Handwriting Practice Book to Learn Easily at Home. When teaching cursive handwriting to teens, daily practice should be encouraged. Daily practice allows spacing between words to become consistent. In order to make teaching cursive more effective, guided lines have been provided. Guided lines make cursive letter formation and word spacing simple and effective. Why is Learning Cursive: Handwriting Practice Workbook for Teens an important addition to your teen's curriculum? According to a 2013 New York Times article, "Learning to write in cursive is shown to improve brain development in the areas of thinking, language and working memory. Cursive handwriting stimulates brain synapses and synchronicity between the left and right hemispheres, something absent from printing and typing. As a result, the physical act of writing in

cursive leads to increased comprehension and participation. The College Board found that students who wrote in cursive for the essay portion of the SAT scored slightly higher than those who printed." This handwriting book is perfect for teens improving cursive penmanship. Learning Cursive: Handwriting Practice Workbook for Teens is a great resource for the homeschool classroom as well as public and private 1st grade, 2nd grade, and 3rd grade classrooms. It's a great companion to other printed and cursive alphabet handwriting programs such as Zaner-Bloser, D'Nealian Cursive, and Kumon. This 260 page cursive workbook for teens is superior to one-page printable cursive worksheets.

Handwriting Practice - Learn Cursive for Kids. Cursive Handwriting Workbook - Cursive Writing for Beginners. Improve Handwriting for Adults (learn Cursive) Cursive Handwriting Workbook for Kids: Learning Cursive for 2nd 3rd 4th and 5th Graders, 3 in 1 Cursive Tracing Book Including over 100 Pages of Exercises with Letters, Words and Sentences Recommended by teachers Did you know that the learning process of writing by hand helps train up the child's brain to practice and improve on several skills all at once: visual, touch, and motor. Learning cursive handwriting in children has been found to be vital for every child's spelling skills and fluency, as thorough practice enables them to recognize words as they read them later on. It's been suggested that cursive writing provides the brain similar benefits as when it learns to play a musical instrument. All the handwriting practices in this book are designed to encourage writing proficiency, while they learn the English language, at the same time. This workbook is great for writing beginners in 2nd, 3rd, 4th

and 5th grade. It can also be fun for preschool and kindergarten kids who wants to learn cursive since the book has funny images of cats and dogs. What's inside?: Part 1 starts off with the alphabet where writing letters in both capital and lowercase forms are practiced through tracing and connecting the dots. Each letter is presented with directional arrows to guide the hand movements of the child as he or she learns to write. We've also added the numbers 1-10 to the first chapter. Part 2 consists of age-appropriate words to be traced and copied. Part 3 moves on to practicing sentences. Unlike other cursive workbooks this book has plenty of space with a whole page for practicing each letter. This is a fun cursive workbook choice for all parents who hope to begin teaching cursive to beginners and engage their kids in stimulating cursive handwriting practice.
