New York Times bestselling author and Printz Award winner Walter Dean Myers once again connects with teenagers everywhere in *Darius & Twig*, a novel about friendship and needing to live one's own dream. This touching and raw teen novel from the author of *Monster*, *Kick*, *We Are America*, *Bad Boy*, and many other celebrated literary works for children and teens is a Coretta Scott King Honor Book. *Darius and Twig* are an unlikely pair: Darius is a writer whose only escape is his alter ego, a peregrine falcon named Fury, and Twig is a middle-distance runner striving for athletic success. But they are drawn together in

the struggle to overcome the obstacles that life in Harlem throws at them. The two friends must face down bullies, an abusive uncle, and the idea that they'll be stuck in the same place forever. Maria Russo, writing in the New York Times, included Darius & Twig on her list of "great kids' books with diverse characters." She commented: "The late Myers, one of the greats and a champion of diversity in children's books well before the cause got mainstream attention, is at his elegant, heartfelt best in this 2013 novel. It's about two friends growing up in Harlem, one a writer, one an athlete, facing daily challenges and trying to dream of a brighter future." *NIV, Quest Study Bible, eBook* Peter Lang

Over the past forty years, the health humanities, previously called the medical humanities, has emerged as one of the most exciting fields for interdisciplinary scholarship, advancing humanistic inquiry into bioethics, human rights, health care, and the uses of technology. It has also helped inspire medical practitioners to engage in deeper reflection about the human elements of their practice. In *Health Humanities Reader*, editors Therese Jones, Delese Wear, and Lester D. Friedman have assembled fifty-four leading scholars, educators, artists, and clinicians to survey the rich body of work that has already emerged from the field—and to imagine fresh approaches

to the health humanities in these original essays. The collection's contributors reflect the extraordinary diversity of the field, including scholars from the disciplines of disability studies, history, literature, nursing, religion, narrative medicine, philosophy, bioethics, medicine, and the social sciences. With warmth and humor, critical acumen and ethical insight, *Health Humanities Reader* truly humanizes the field of medicine. Its accessible language and broad scope offers something for everyone from the experienced medical professional to a reader interested in health and illness.

Book Two: Deception Rough Guides
In this timely work—part memoir, part investigative analysis—a prize-winning writer explores the explosive and

confusing intersection of faith, politics, and sexuality in Christian America. When Jeff Chu came out to his parents as a gay man, his devout Christian mother cried. And cried. Every time she looked at him. For months. As a journalist and a believer, Chu knew that he had to get to the heart of a question that had been haunting him for years: Does Jesus really love me? The quest to find an answer propels Chu on a remarkable cross-country journey to discover the God “forbidden to him” because of his sexuality. Surveying the breadth of the political and theological spectrum, from the most conservative viewpoints to the most liberal, he tries to distill what the diverse followers of Christ believe about homosexuality and to understand how these people who purportedly follow the

same God and the same Scriptures have come to hold such a wide range of opinions. Why does Pastor A believe that God hates me, especially because of my gayness? Why does Person B believe that God loves me, gayness and all? From Brooklyn to Nashville to California, from Westboro Baptist Church and their god hates fags protest signs to the pioneering Episcopal bishop Mary Glasspool, who proclaims a message of liberation and divine love, Chu captures spiritual snapshots of Christian America at a remarkable moment, when tensions between both sides in the culture wars have rarely been higher. Both funny and heartbreaking, perplexing and wise, *Does Jesus Really Love Me?* is an intellectual, emotional, and spiritual pilgrimage that reveals a portrait of a

faith and a nation at odds.

The issue of social justice has been brought to the forefront of society within recent years, and educational institutions have become an integral part of this critical conversation. Classroom settings are expected to take part in the promotion of inclusive practices and the

development of culturally proficient environments that provide equal and effective education for all students regardless of race, gender, socio-economic status, and disability, as well as from all walks of life. The scope of these practices finds itself rooted in curriculum, teacher preparation, teaching practices, and pedagogy in all educational environments. Diversity within school administrations, teachers, and students has led to the need for socially just practices to become the norm for the progression and advancement of education worldwide. In a modern society that is fighting for the equal treatment of all individuals, the classroom must be a topic of discussion as it stands as a root of the problem and can be a major step in the right direction

moving forward. *Research Anthology on Instilling Social Justice in the Classroom* is a comprehensive reference source that provides an overview of social justice and its role in education ranging from concepts and theories for inclusivity, tools, and technologies for teaching diverse students, and the implications of having culturally competent and diverse classrooms. The chapters dive deeper into the curriculum choices, teaching theories, and student experience as teachers strive to instill social justice learning methods within their classrooms. These topics span a wide range of subjects from STEM to language arts, and within all types of climates: PK-12, higher education, online or in-person instruction, and classrooms across the globe. This book is ideal for

in-service and preservice teachers, administrators, social justice researchers, practitioners, stakeholders, researchers, academicians, and students interested in how social justice is currently being implemented in all aspects of education.
