I Wish I Was An Alien Roaring Brook Press

A boy on the run. A girl determined to find him. A compelling fantasy looks at issues of privilege, protest, and justice. All light in Chattana is created by one man — the Governor, who appeared after the Great Fire to bring peace and order to the city. For Pong, who was born in Namwon Prison, the magical lights represent freedom, and

he dreams of the day he will be able to walk among them. But when Pong escapes from prison, he realizes that the world outside is no fairer than the one behind bars. The wealthy dine and dance under bright orb light, while the poor toil away in darkness. Worst of all, Pong's prison tattoo marks him as a fugitive who can never be truly free. Nok, the prison warden's perfect daughter, is bent on tracking Pong down and restoring her family's good name. But as Nok hunts Pong through the alleys and canals of Chattana, she uncovers secrets that make her question the truths she has always held dear. Set in a Thai-inspired fantasy world, Christina Soontornvat's twist on Victor Hugo's *Les Misérables* is a dazzling, fast-paced adventure that explores the difference between law and justice — and asks whether one child can shine a light in the dark.

A remarkable adventure follows, involving the limitless nature of wishing and responsibility. Written by the noted teacher and poet John Ciardi, this fanciful tale is filled with inventive, dreamlike drawings by Louis S. Glanzman, illustrator of the Pippi Longstocking books.

A dying girl gives a boy the strength to live in this lyrical novel that will break your heart and lift your spirit Peter Stone's parents and siblings are extroverts, musicians, and yellers—and the louder they get, the less Peter talks, or even moves, until he practically fits his last name. When his family moves to the Texas Hill Country, though, Peter finds a tranquil, natural valley where he can, at last, hear himself think. There, he meets a girl his age: Annie Blythe. Annie tells Peter she's a "wish girl." But Annie isn't just any wish girl; she's a "Make-A-Wish Girl." And in two weeks she will begin a dangerous treatment to try and stop her cancer from spreading. Left alone, the disease will kill her. But the treatment may cause serious, lasting damage to her brain. Annie and Peter hatch a plan to escape into the valley, which they begin to think is magical. But the pair soon discovers that the valley—and life—may have other plans for them. And sometimes wishes come true in ways they would never expect.
