REYNOLDS HALEY

Città di Greci. Culture in dialogo Princeton University Press
"In this reference summing-up, the author reviews the different aesthetic stages of the movement, from "plastic dynamism" in the 1910s to aeropainting in the 1930s, and examines the relationship, long the object of controversy, between the movement and the Italian Fascist government."--BOOK JACKET.

Dragonfly Books
The adventure that began in Siobhan Dowd's popular and

acclaimed novel *The London Eye Mystery* at long last continues with Ted, Kat, and their cousin Salim investigating a theft at the Guggenheim Museum that's been pinned on Salim's mother! When Ted and his big sister, Kat, take a trip to New York to visit their cousin Salim and their aunt Gloria, they think they're prepared for big-city adventures. But when a famous painting is stolen from the Guggenheim Museum, where Aunt Gloria works, the surprises begin to mount faster than they could have anticipated. With the police looking at Aunt Gloria as the prime suspect, Ted, Kat, and Salim become sleuthing partners, following a trail of clues across NYC to

prove her innocence-- and to pinpoint the real thief. Ultimately, it comes down to Ted, whose brain works in its own very unique way, to find the key to the mystery. "Fast-paced, suspenseful, but never scary, a middle-grade mystery with a singular voice and a welcome continuation of the Sparks' adventures." -- Kirkus Reviews "Swift pacing and smartly integrated clues allow readers to make connections along with the characters. Stevens's portrayal of Ted, who is on the autism spectrum, is positive and empowering" -- School Library Journal "A welcome return for this dynamic trio." -- Booklist
Some Aspects of Text Grammars Knopf Books

for Young Readers
In un'epoca come l'attuale che sembra trasmettere prevalentemente disvalori che non contribuiscono ad una crescita sana ed armoniosa della società, ed in cui il passato richiamato nelle sue varie ricorrenze è spesso ridotto a semplici frammenti del ricordo, una Biblioteca, secondo una sentenza classica, è sempre una silenziosa ed eloquente custode del sapere e della conoscenza scritta degli uomini; o meglio, come vuole Jorge Louis Borges, "un modello dell'Universo che include tutte le strutture verbali, tutte le variazioni permesse dai venticinque simboli ortografici ma non uno solo in senso assoluto".
Frequentiamola questa

Biblioteca. È come una sfera nella cui circonferenza le frontiere e tutte le linee di confine diventano sempre più permeabili: politicamente, linguisticamente, culturalmente. Per rilevare pari dignità tra pensiero laico e pensiero religioso nell'obiettiva ricerca della verità; e per rintracciare la continuità integrativa tra passato e presente e scoprire compatibilmente i segni del futuro.

The gorgeous, Caldecott Honor-winning tale of a very clever fish by beloved picture book creator Leo Lionni. Deep in the

sea lives a happy school of fish. Their watery world is full of wonders, but there is also danger, and the little fish are afraid to come out of hiding . . . until Swimmy comes along. Swimmy shows his friends how—with ingenuity and team work—they can overcome any danger. Winner of the 1964 Caldecott Honor, this beloved tale of a brave little fish has been a favorite to generations of readers. To celebrate Swimmy's fiftieth anniversary, we are issuing a handsome special edition hardcover that includes a bonus poster.

Compounds in Italian
Houghton Mifflin
Harcourt P
This book reconstructs
the history of
conception, pregnancy
and childbirth in
Europe from antiquity
to the 20th century,
focusing on its most
significant turning
points: the emergence
of a medical-scientific
approach to delivery in
Ancient Greece, the
impact of Christianity,
the establishment of
the man-midwife in the
18th century, the
medicalisation of
childbirth, the
emergence of a new
representation of the
foetus as "unborn

citizen", and, finally,
the revolution of
reproductive
technologies. The book
explores a history that,
far from being linear,
progressive or
homogeneous, is
characterised by
significant continuities
as well as
transformations. The
ways in which a
woman gives birth and
lives her pregnancy
and the postpartum
period are the result of
a complex series of
factors. The book
therefore places these
events in their wider
cultural, social and
religious contexts,
which influenced the
forms taken by rituals
and therapeutic
practices, religious and
civil prescriptions and
the regulation of the
female body. The
investigation of this
complex experience

represents a crucial contribution to cultural, social and gender history, as well as an indispensable tool for understanding today's reality. It will be of great use to undergraduates studying the history of childbirth, the history of medicine, the history of the body, as well as women's and gender history more broadly.

Diario di Roma Legare Street Press

In this book *Saggi sulla teoria della letteratura* ("Essays on the Theory of Literature") Enza Biagini puts in play her rich theoretical background and a vast knowledge of texts and authors to deal with some fundamental problems concerning literature, its status, its metamorphoses and its being necessary.

Following modern paths, she leads the readers on the traces of different genres and situations difficult to define (the essay-writing, the unfinished ...), of 'temporary' themes always on the point of becoming something else (the nocturnal, the relationship between text and image. ..). The works revolve around the exergues and the definitions of the dictionaries: a whole world of suggestions and reasoning that the author finely brings not only to the field of theory, but also to the world of the Italian and French narrative.

La religione cristiana dimostrata col mezzo dei fatti. Del signor abate Houtteville, dell'Accademia francese.

Volgarizzamento

italiano. Volume primo
[-secondo] Guernica
Editions

This book investigates one concrete compounding pattern in present-day Italian within a larger overview of Italian compounding. Various accounts and classifications of Noun + Noun combinations in Italian are reviewed, with special focus on the status of the lexical integrity hypothesis. The author sets out to propose an integrated approach to the Noun + Noun compounding pattern, rigorously based on large representative data sets that were extracted from the Italian web corpus ItWaC as both automatically and manually post-processed frequency lists. On the basis of

such data, it is aimed to show the behaviour of various subtypes of Noun + Noun compounds. Starting out with the Bisetto-Scalise classification, the author carefully examines the status of coordinate compounds, ATAP compounds (i.e., the group comprising attributive and appositive structures) and subordinate compounds (comprising verbal-nexus and grounding compounds), discussing both theoretical and empirical implications of this classification scheme. Moreover, the original Bisetto-Scalise model is supplemented with further classification levels in order to capture specific compounding types such as relational (i.e.

inherently trinominal) compounds. A major merit of the present study lies in the quantitative dimension of the data it deals with. In light of this data, the author emphasizes the gradient nature of the traditional dichotomy between syntax and compounding. The book will thus appeal not only to the linguists interested specifically in Italian word-formation, but also to a larger community of scholars who seek a more general view of the word-formation phenomena.

COMACCHIO Routledge

"The work of Giorgio Caproni has been translated into French, German, and Chinese,

among others, but this collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second World War and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from the Introduction by Pasquale Verdicchio

In 1537 Francesco Guicciardini, adviser and confidant to three popes, governor of several central Italian states, ambassador, administrator, military captain--and persona

non grata with the ruling Medici after the siege of Florence--retired to his villa to write a history of his times. His *Storia d'Italia* became the classic history of Italy--both a brilliant portrayal of the Renaissance and a penetrating vision into the tragedy and comedy of human history in general. Sidney Alexander's readable translation and abridgment of Guicciardini's four-volume work earned the prestigious 1970 P.E.N. Club translation award. His perceptive introduction and notes add much to the understanding of Guicciardini's masterpiece.
