Unlike chess or backgammon, tabletop wargames have no single, accepted set of rules. Most wargamers at some point have had a go at writing their own rules and virtually all have modified commercially available sets to better suit their idea of the ideal game or to adapt favourite rules to a different historical period or setting. But many who try soon find that writing a coherent set of rules is harder than they thought, while tweaking one part of an existing set can often have unforeseen consequences for the game as a whole. Now, at last, help is at hand. Veteran gamer and rules writer John Lambshead has teamed up with the legendary Rick Priestley, creator of Games Workshop's phenomenally successful Warhammer system, to create this essential guide for any would-be wargame designer or tinkerer. Rick and John give excellent advice on deciding what you want from a wargame and balancing 'realism' (be it in a historical or a fantasy/sci-fi context) with playability. They discuss the relative merits of various mechanisms (cards, dice, tables) then discuss how to select and combine these to handle the various essential game elements of turn sequences, combat resolution, morale etc to create a rewarding and playable game that suits your tastes and requirements

This manual, TRADOC Pamphlet TP 600-4 The Soldier's Blue Book: The Guide for Initial Entry Soldiers August 2019, is the guide for all Initial Entry Training (IET) Soldiers who join our Army Profession. It provides an introduction to being a Soldier and Trusted Army Professional, certified in character, competence, and commitment to the Army. The pamphlet introduces Soldiers to the Army Ethic, Values, Culture of Trust, History, Organizations, and Training. It provides information on pay, leave, Thrift Saving Plans (TSPs), and organizations that will be available to assist you and your Families. The Soldier's Blue Book is mandated reading and will be maintained and available during BCT/OSUT and AIT. This pamphlet applies to all active Army, U.S. Army Reserve, and the Army National Guard enlisted IET conducted at service schools, Army Training Centers, and other training activities under the control of Headquarters, TRADOC.

Roman Empire
 Pen and Sword

Alphabetical List of Additions Made to the War Department Library from [June, 1882], to June, 1891 Lulu.com

The Roman army of the early empire is one of the most instantly recognizable armies and enjoys a reputation for excellence. This and their many famous campaigns against a wide range of colorful foes makes this one of the most popular periods for wargamers. Covering the period from 27BC to AD284, Daniel Mersey gives a wargamers perspective of the many conflicts and offers advice on how to recreate these on the gaming table. Advice is given on factors to consider when choosing an appropriate set of commercially available rules, or devising your own, to best suit the scale and style of battle you want and capture the flavor of the period. The relevant ranges of figures and terrain pieces and buildings are also reviewed. Analysis of the forces involved, organization, tactics and strategies will help with building your armies and there are interesting scenarios included. Whether this is a new period for you, or you are looking to refresh your existing interest in the period, this handy guide is sure to hold much if interest.

CIS Index to U.S. Executive Branch Documents, 1910-1932 Pen and Sword Military

Despite the bewildering number of tomes devoted to the Napoleonic wars, much basic data as been hitherto unavailable to anyone other than the most ardent scholars. McGuigan and Burnham have collected a tremendous treasure trove of information in a readily accessible form. Other books may tell you how many regiments were sent on the expedition to Hanover in 1805, but The British Army against Napoleon will tell you where every single regiment in the British army was stationed, who were their honorary colonels, and give you a list of all the barracks in Britain with the number of men they were designed to hold. Where else will you find not just the pay of different ranked officers but the amount of income tax they paid, as well as all the other deductions and stoppages that reduced their actual receipts to a fraction of their nominal (and generally quite low) pay? Or pension charts for widows? There are tables that list all the recipients of the honours and awards issued, casualties in action and disease, seniority of officers of the numerous expeditions and campaigns (a matter not just of curiosity but of major significance, for the date of rank of an officer determined who commanded the force and all of its sub-units.) The material in these tables has been collected from countless primary sources and official publications such as the Army List, London Gazette, Wellington's Dispatches, regimental histories, artillery manuals, and handbooks.
