First published in 1998,  
this book is the first

comprehensive survey of the awards made to children's books in the English-speaking world. The Volume covers nearly forty different prizes including well-known and established ones such as the Newbury Award, prizes instigated by the commercial sector such as the Smarties Prize, as well as nationally sponsored awards and prizes for illustrators. Detailed lists are provided of the winning titles and, where appropriate, the runners-up in each year that the award has been given. Ruth Allen also presents some fascinating and often entertaining insights into the motivations behind awards and how they are views by authors, illustrators, publishers, librarians, booksellers and potential purchasers. The various criteria applied by judges of these awards are also examined, with an assessment of whether they have always achieved the 'right' result. This Volume is both a useful guide for adults wishing to buy good books for children and an important tool for those researching the history of the children's book industry.

*The Last Invisible Boy* PUQ  
(Re)Imagining the world:

Children's Literature's Response to Changing Times considers how writers of fiction for children imagine 'the world', not one universal world, but different worlds: imaginary, strange, familiar, even monstrous worlds. The chapters in this collection discuss how fiction for children engages with some of the changes brought about by new technologies, information literacy, consumerism, migration, politics, different family structures, cosmopolitanism, new and old monsters. They also invite us to think about how memory shapes our understanding of the past, and how fiction engages our emotions, our capacity to empathise, and our desire to discover, and what the future may hold. The contributors bring different perspectives from education, postcolonial studies, literary criticism, cultural studies, childhood studies, postmodernism, and the social sciences. With a wide coverage of texts from different countries, and scholarly and lively discussions, this collection is itself a testament to the power of the human imagination and the

significance of children's literature in the education of young people.

Ambrose Bukowski is a twelve-year-old with a talent for mismatching his clothes, for saying the wrong thing at the worst possible time, and for words. In short, he's a self-described nerd.

Making friends is especially hard because he and his overprotective mother, Irene, have had to move so often. And when bullies at his latest school almost kill him by deliberately slipping a peanut into his sandwich to set off his allergy, it's his mother who has the extreme reaction. From now on, Ambrose has to be home-schooled. Then

Ambrose strikes up an unlikely friendship with the landlord's son, Cosmo, an ex-con who's been in prison. They have nothing in common except for Scrabble. But a small deception grows out of control when Ambrose convinces a reluctant Cosmo to take him to a Scrabble club. Could this spell disaster for Ambrose?

Illustrated Book H  l  ne

has been inexplicably ostracized by the girls who were once her friends. Her school life is full of whispers and lies - H  l  ne weighs 216; she smells like BO. Her loving mother is too tired to be any help. Fortunately, H  l  ne has one consolation, Charlotte Bront  's Jane Eyre. H  l  ne identifies strongly with Jane's tribulations, and when she is lost in the pages of this wonderful book, she is able to ignore her tormentors. But when H  l  ne is humiliated on a class trip in front of her entire grade, she needs more than a fictional character to see herself as a person deserving of laughter and friendship. Leaving the outcasts' tent one night, H  l  ne encounters a fox, a beautiful creature with whom she shares a

moment of connection. But when Suzanne Lipsky frightens the fox away, insisting that it must be rabid, H el ene's despair becomes even more pronounced: now she believes that only a diseased and dangerous creature would ever voluntarily approach her. But then a new girl joins the outcasts' circle, G eraldine, who does not even appear to notice that she is in danger of becoming an outcast herself. And before long H el ene realizes that the less time she spends worrying about what the other girls say is wrong with her, the more able she is to believe that there is nothing wrong at all. This emotionally honest and visually stunning graphic novel reveals the casual brutality of which children are capable, but also assures readers that redemption can be found through connecting with another, whether the other is a friend, a fictional character or even, amazingly, a fox.

"...explore how painting, writing, and building things with your hands can be the outlet that helps a person get through the hell that is high school." — Quill & Quire  
The kids at school call her rag girl because she hides under layers of oversized clothing, but she calls herself Ophelia. She hardly speaks to anyone — until one day a visiting author comes to give a talk in the school library. The writer speaks about what it means to create art, and at the end of her talk, she thanks

Ophelia for asking the first question by giving her a blue notebook with her address on it. Ophelia starts to write to the author in the notebook — letters that become a kind of lifeline. The idea that someone, somewhere, might care, is enough for her to keep writing, an escape from her real life. By day she goes to school and works at the dollar store before returning home to her mother, a former addict who once had to put her daughter in care. At night she creates graffiti around town, leaving little broken hearts as her tag. One night she finds an abandoned building that she decides to use as her workshop, where she can make larger-than-life art. When she finds that a classmate, an overweight boy named Ulysses, is also using the space to repair an old van, the two form an uneasy truce,

with a chalk line drawn down the middle to mark their separate territories. As time passes, Ophelia and Ulysses forge a fraught but growing friendship, but their cocooned existence cannot last forever. One night, intruders invade their sanctuary, and their shared bond and individual strength are sorely tested.
