A captivating
and profound
debut novel
about
complicated
love and the
friendships
that have the
power to

transform you
forever,
perfect for
fans of Nina
LaCour and of
The Perks of
Being a
Wallflower.
Mira is
starting over
at Saint
Francis Prep.
She promised
her parents
she would at
least try to
pretend that
she could act
like a

functioning
human this
time, not a girl
who can't get
out of bed for
days on end,
who only feels
awake when
she's with
Sebby. Jeremy
is the painfully
shy art nerd at
Saint Francis
who's been in
self-imposed
isolation after
an incident
that ruined his
last year of

school. When he sees Sebby for the first time across the school lawn it's as if he's been expecting this blond, lanky boy with a mischief glinting in his eye. Sebby, Mira's gay best friend, is a boy who seems to carry sunlight around with him. Even as life in his foster home starts to take its toll, Sebby and Mira together craft a world of magic rituals and impromptu road trips, designed to fix

the broken parts of their lives. As Jeremy finds himself drawn into Sebby and Mira's world, he begins to understand the secrets that they hide in order to protect themselves, to keep each other safe from those who don't understand their quest to live for the impossible. *A Novel* Simon and Schuster
In February 2008, Bill Walton, after climbing to the top of every mountain he

ever tried, suffered a catastrophic spinal collapse--the culmination of a lifetime of injuries--that left him in excruciating, debilitating, and unrelenting pain. Unable to walk, he underwent pioneering surgery and slowly recovered. The ordeal tested Walton to the fullest, but with extraordinary determination and sacrifice, he recovered. Now Bill Walton shares his life story in this

remarkable memoir. Walton, the son of parents with no interest in athletics, played basketball in every spare moment. An outstanding player on a great high school team, he only wanted to play for John Wooden at UCLA--and Wooden wanted him. Walton was deeply influenced by the culture of the 1960s, but he respected the thoughtful, rigorous Wooden, who

seemed immune to the turmoil of the times. Other than his parents, Wooden would be the greatest influence in Walton's life--the two would speak nearly every day for 43 years until Wooden's death. Throughout a brilliant championship career, accumulating injuries would afflict Walton. He would lose almost two-thirds of his playing time to injury. After his playing days ended, Walton chose

a career in broadcasting, despite being a lifelong stutterer--once again he overcame a physical limitation and eventually won multiple broadcasting accolades. Wooden once said that no greatness ever came without sacrifice--nothing better illustrates this notion than Walton's life.-- Adapted from *dust jacket. The Love Songs of W.E.B. impossible scenarios and alternative realities" that are "always surprising" (Bookforum). A woman falling out of sync with the world; a king's servant hypnotized by his murderous horse; a transplanted ear with a mind of its own—the characters in these twenty-five stories live as interlopers in a world shaped by mysterious disappearances and unfathomable discrepancies between the

real and imagined, revealing the breadth and depth of Evenson's uncanny vision.

embarked on a solo career and rocketed to stardom, leaving his bandmates to rot in obscurity. Now Kris works as night manager of a Best Western; she's tired, broke, and unhappy. Then one day everything changes—a shocking act of violence turns her life upside down, and she begins to suspect that Terry sabotaged more than just the band. Kris hits the road, hoping to reunite Dürt Würk and

confront the man who ruined her life. Her journey will take her from the Pennsylvania rust belt to a celebrity rehab center to a satanic music festival. A furious power ballad about never giving up, *We Sold Our Souls* is an epic journey into the heart of a conspiracy-crazed, pill-popping, paranoid country that seems to have lost its very soul. As her two daughters buzz around her and the nurses pump her full of morphine, she slides in and out of consciousness, outraged that there is so little time left and so many people still to disparage. **A Reckoning on Race and the Asian Condition** Catapult Perfect for fans of David Arnold and Jeff

Zentner, this young adult novel from the author of Playlist for the Dead is an intriguing mystery about family, secrets, and how to move forward when the past keeps pulling you back. Patrick "Pack" Walsh may not know where he's going in life, but he's happy where he is. He's got a job lined up for himself after graduation. A great girlfriend. And can't really see himself ever leaving his small

town. Then, on his eighteenth birthday, a letter from his mother changes everything. Because she's dead. At least, that's what he always believed. As Pack begins a journey to uncover the truth about the parents he thought he knew, the family he didn't know he had, and the future he never realized he wanted, he starts to have a whole different understanding of his life—and where he

wants to go from here. Questions I Want to Ask You is a contemporary realistic coming-of-age story with an emotionally-driven mystery at its core. Kirkus praised it as "a well-rounded, much-needed portrait." **Widewe** HarperCollins Secrets. Every one has one. Some are bigger than others. And when secrets are revealed, Some will heal you ... And some will end you. Kate

Sedgwick's life has been anything but typical. She's endured hardship and tragedy, but throughout it all she remains happy and optimistic (there's a reason her best friend Gus calls her Bright Side). Kate is strong-willed, funny, smart, and musically gifted. She's also never believed in love. So when Kate leaves San Diego to attend college in the small town of Grant, Minnesota, the last thing she

expects is to fall in love with Keller Banks. They both feel it. But they each have a reason to fight it. They each have a secret. And when secrets are revealed, Some will heal you ... And some will end you. *Long Way Down* HarperCollins UK

 "Voicy, heartfelt, hilarious, propulsive—th

is book is brilliant."—Christina Lauren, New York Times and USA Today bestselling author
 For fans of Josie Silver and Emily Henry comes a debut romcom about the life-changing magic of second chances. This charming and quirky debut has it all: childhood friends, love triangles, enemies-to-lovers, and a dash of My Big Fat Greek Wedding. Zoë Frixos gets the whole love song thing.

Truly, she does. As an editor at a major music magazine in London, it's part of her job description. But love? Let's just say Zoë's been a bit off-beat in that department. After falling hard for her best friend, Simon, at thirteen and missing every chance to tell him how she felt before he left town, Zoë came to one grand conclusion: Love stinks. Twenty years later, Simon is returning to London, newly single and as

charming as ever, and Zoë vows to take her second chance. But Zoë's got other problems now: In order to save her magazine from closure, she has to land the biggest interview of her career with a notoriously elusive rock idol. There's just one problem: Nick, the arrogant publicist who seems determined to stop the story and ruin Zoë's life. With her brother's big(ish)

fat(ish) Greek wedding on the horizon, Zoë begins to wonder if her first love is the right love. In the wake of a life-changing choice, Zoë must decide if she's right to be skeptical about love, or if it's time to change her tune...

African American possesses in order to survive. Since childhood, Ailey Pearl Garfield has understood Du Bois's words all too well. Bearing the names of two formidable Black Americans—the revered choreographer Alvin Ailey and her great grandmother Pearl, the descendant of enslaved Georgians and tenant farmers—Ailey carries Du Bois's Problem on her shoulders. Ailey is reared

in the north in the City but spends summers in the small Georgia town of Chicassetta, where her mother's family has lived since their ancestors arrived from Africa in bondage. From an early age, Ailey fights a battle for belonging that's made all the more difficult by a hovering trauma, as well as the whispers of women—her mother, Belle, her sister, Lydia, and a maternal line

reaching back two centuries—that urge Ailey to succeed in their stead. To come to terms with her own identity, Ailey embarks on a journey through her family's past, uncovering the shocking tales of generations of ancestors—Indigenous, Black, and white—in the deep South. In doing so Ailey must learn to embrace her full heritage, a legacy of oppression and resistance, bondage and independence,

cruelty and resilience that is the story—and the song—of America itself. *Questions I Want to Ask You* Simon and Schuster Fiction.
