including metalworking and fabricating machine tools, lathes, cnc equipment, machine centers, woodworking equipment, food equipment, chemical and process equipment, cranes, air compressors, pumps, motors, circuit breakers, generators, transformers, turbines, and more. Over 1,100 businesses list with the SURPLUS RECORD. June 2023 issue. Vol. 100, No. 6

September 2022 - Surplus Record Machinery & Equipment Directory John Wiley & Sons This ready reference is unique in collating in one scientifically precise and comprehensive handbook the widespread data on what is feasible and realistic in modern fuel cell technology. Edited by one of the leading scientists in this exciting area, the short, uniformly written

chapters provide economic data for cost considerations and a full overview of demonstration data, covering such topics as fuel cells for transportation , fuel provision, codes and standards. The result is highly reliable facts and figures for engineers, researchers and decision makers working in the field of fuel cells. **Corporate Purpose** Surplus Record Originally

published in 1999 after a decade of research and extensive interviews with some of Toyota's top executives, this book examines organizational purpose: what it is, how it is crafted, how does it relate to strategy and objectives and how does it relate to decisions and actions that ultimately produce organizational results. The author explains why Toyoto Motor Corporation was selected to study

corporate purpose and examines the various factors that influence purpose. An overview is given of Toyota in the 1990s and its operating environment, particularly outlining the importance of the Japanes motor industry to Japanese society. Operational objectives of Toyota are analyzed and research findings, data and analysis related to Toyota's purpose are presented and the implications

described. In the appendix, the detail of the research methodology of this study is included. *Personal Electric Vehicles - IEVs Surplus Record SURPLUS RECORD*, is the leading independent business directory of new and used capital equipment, machine tools, machinery, and industrial equipment, listing over 95,000 industrial assets; including metalworking and

business journals.

Directory of Offices and Affiliates of Japanese Companies in the U.S. & Canada

American Bar Association
I call Personal Electric Vehicles IEVs. That's because people want their Electric Vehicle to be more personal. They want it to resonate with who they are (I). Can you blame them? Some call these vehicles micromobility. An IEV is like your alter ego. For some

people, this would be a Tesla or a Nissan Leaf. But, IEVs are more personal. That means they're typically smaller. Often they're smaller or not much bigger than the driver / rider. Ask yourself these questions. If I put wheels on my feet and added some batteries for electricity, what would I transform into? How fast would I be able to go? And, how much fun could I have getting there?

That's the IEV for you. What is a Personal Electric Vehicle (IEV)? How am I defining them? #1 It's Fully Electric: I won't be including any Hybrid Vehicles which use fossil fuels. #2 It's Personal: This vehicle not only gets you around, it is the definition of who you are. #3 It's Usually for One Person: One part of whether a vehicle is personal or not, is its capacity. While personal seems to

imply one person, I'm going to include vehicles which hold two. You might normally be the only person in or on your vehicle. However, every so often, you might want to or need to, take someone else along. Perhaps you never go anywhere without your BFF. So, what kind of vehicles are we talking about here? Electric Skateboards, e-bikes, Micro cars and many

more. I cover IEVs that travel on the ground - on the street and off-road. I cover those that go in and under the water and those which fly. I look at vehicles which are used on the farm and in the warehouse. The best part, is that I help you create an evaluation check-list for when you buy your IEV - the personal electric vehicle that is you. August 2022 - Surplus Record Machinery &
