"This book provides the first ever overview of the history and development of Islam in Afghanistan. It covers every era from the conversion of Afghanistan through the medieval and early modern periods to the present day. Based on primary sources in Arabic, Persian, Pashto, Urdu and Uzbek, its depth and scope of coverage is unrivalled by any existing publication on

Afghanistan. As well as state-sponsored religion, the chapters cover such issues as the rise of Sufism, Sharia, women's religiosity, transnational Islamism and the Taliban. Islam has been one of the most influential social and political forces in Afghan history. Providing idioms and organizations for both anti-state and anti-foreign mobilization, Islam has proven to be a vital socio-political resource in modern Afghanistan. Even as it has been deployed as the national cement of a multi-ethnic 'Emirate' and then 'Islamic Republic,' Islam has been no less a

destabilizing force in dividing Afghan society. Yet despite the universal scholarly recognition of the centrality of Islam to Afghan history, its developmental trajectories have received relatively little sustained attention outside monographs and essays devoted to particular moments or movements. To help develop a more comprehensive, comparative and developmental picture of Afghanistan's Islam from the eighth century to the present, this edited volume brings together specialists on different periods, regions and languages. Each chapter

forms a case study 'snapshot' of the Islamic beliefs, practices, institutions and authorities of a particular time and place in Afghanistan"--Provided by publisher

Can true love bring someone back from the dead? Akshara is left devastated by her mother's death and spends most of her time in solitude at the local park. One day, as she is sobbing uncontrollably, a young man named Harry approaches her. They become friends and Harry recounts to her a story about the miraculous reunion of a young woman and her dead boyfriend to help ease some of her pain. The story makes Akshara hopeful that she can perhaps see her dead mother again. But she soon realizes that Harry isn't what he seems to be. Even the characters in his story seem dubious, almost unreal. So what is he hiding? And why? Is there any truth to his story at all? In this darkly suspenseful romance mystery, Akshara is left facing a truth that will make her doubt not just Harry but herself as well . . .

In the past decade Pakistan has become a country of immense importance to its region, the United States, and the world. With almost 200 million people, a 500,000-man army, nuclear weapons, and a large diaspora in Britain and North America, Pakistan is central to the hopes of jihadis and the fears of their enemies. Yet the greatest short-term threat to Pakistan is not Islamist insurgency as such, but the actions of the United States, and the greatest longterm threat is ecological change. Anatol Lieven's book is a magisterial investigation of this highly complex and often poorly understood country. Engagingly written, combining history and profound analysis with reportage from Lieven's extensive travels as a journalist and academic, *Pakistan: A Hard Country* is both utterly compelling and deeply revealing.

This book examines the role of 24/7 television news channels in Bangladesh. By using a multi-sited ethnography of television news media, it showcases the

socio-political undercurrents of media practices and the everydayness of TV news in Bangladesh. It discusses a wide gamut of issues such as news making; localised public sphere; audience reaction and viewing culture; impact of rumours and fake news; socio-political conditions; protest mobilization; newsroom politics and perspectives from the ground. An important intervention in the subject, this book will be useful to scholars and researchers of media studies, journalism and mass communication, anthropology, cultural studies, political sociology, political science, sociology, South Asian studies, as well as television professionals, journalists, civil society activists, and those interested in the study of Bangladesh.

Strangers at My Door John Wiley & Sons

Jesus Told Us Where to Find Him. Just Look for an Outcast. His first followers knew that Jesus could be found with the fatherless, the widows, and the hungry and homeless. He said that he himself was a stranger, and commended those who welcomed him. If he really meant these things, what would happen if you opened your door to every person who came with a need? Jonathan and Leah Wilson-Hartgrove decided to find out. The author and his wife moved to the Walltown neighborhood in Durham, North Carolina, where they have been answering the door to anyone who knocks. When they began, they had little idea what might happen, but they counted on God to show up. In *Strangers at My Door*, Wilson-Hartgrove tells of risks and occasional disappointments. But far more often there is joy, surprise, and excitement as strangers become friends, mentors, and

helpers. Immerse yourself in these inspiring, eye-opening accounts of people who arrive with real needs, but ask only for an invitation to come in. You will never view Jesus and the people he cares about the same way again.

This volume aims to develop a framework for disaster and climate risk resilient livelihood system in Bangladesh using a policy oriented approach. It highlights the possible impacts of climate change on groundwater based irrigation in the country. Climate change is one of biggest challenges to society. It can lead to serious impacts on production, life and environment on a global scale. Higher temperatures and sea level rise will cause flooding and water salinity problems which will bring about negative effects on agriculture and high risks to industry and socio-economic systems in the future. Climate change will lead to many changes in global development and security especially energy, water, food, society, job, diplomacy, culture, economy and trade. The Intergovernmental Panel on Climate Change (IPCC) defines climate change as: "Any change in climate over

time, whether due to natural variability or as a result of human activity." Global climate change has emerged as a key issue in both political and economic arenas. It is an increasingly questioned phenomenon, and progressive national governments around the world have started taking action to respond to these environmental concerns.

This book is a result of research undertaken on the subject by the scholars associated with the IDSA project on Pakistan Occupied Kashmir (PoK) - also known as Pakistan Occupied Jammu and Kashmir (PoJK) - which includes both the so-called "Azad Jammu and Kashmir (AJK)" and Gilgit-Baltistan (GB). This was legally a part of the erstwhile princely state of Jammu and Kashmir, which acceded to India in October 1947. The authors of this book seek to provide a critical analysis of the politics of the above mentioned two regions within PoK; throw light on the genesis and evolution of various political parties and interest groups, and acquaint the readers with different personalities playing important role in politics therein. The main aim of the publication is to help

the scholars, analysts, and policy-makers to understand the dynamics of the political systems in PoK, the complex interaction of these systems with the government in Islamabad and the responses of the local leadership to Pakistan's strategy of keeping them under strict control in the name of representative governance over the last 70 years.

This report describes homegrown violent jihadists and the plots and attacks that have occurred since 9/11. For this report, "homegrown" and "domestic" are terms that describe terrorist activity or plots

perpetrated within the United States or abroad by American citizens, legal permanent residents, or visitors radicalized largely within the United States. The report also discusses the radicalization process and the forces driving violent extremist activity. It analyzes post-9/11 domestic jihadist terrorism and describes law enforcement and intelligence efforts to combat terrorism and the challenges associated with those efforts. It also outlines actions underway to build trust and partnership between community groups and government agencies and the tensions that may occur between law enforcement and engagement activities.

"When Sheikh Mujibur Rahman's diaries came to light in 2004, it was an indisputably historic event. His daughter, Bangladesh Prime Minister Sheik Hasina, had the notebooks -- their pages by then

brittle and discoloured -- carefully transcribed and later translated from Bengali into English. Written during Sheikh Mujibur Rahman's sojourns in jail as a state prisoner between 1967 and 1969, they begin with his recollections of his days as a student activist in the run-up to the movement for Pakistan in the early 1940s. They cover the Bengali language movement, the first stirrings of the movement for Bangladesh independence and self-rule, and powerfully convey the great uncertainties as well as the great hopes that dominated the time. The last notebook ends with the events accompanying the struggle for democratic rights in 1955." --
