ISABEL WILEY

Connecting with Crystals John Hunt Publishing

In this comprehensive guide, best-selling author and crystal expert Philip Permutt reveals the amazing ability of crystals to heal and energize, with details of over 400 crystals and how they can help a huge range of common ailments and enhance every part of your life. With crystal remedies for more than 250 common ailments and a directory of over 400 crystals, as well as detailed explanations of the most effective healing methods, this book is the ultimate guide to healing with crystals. By drawing on the unique qualities of crystals, you can balance the energy fields around your body and home to bring wellbeing and gain health benefits. Crystals can help soothe emotional problems such as anxiety, mood swings, and shyness, as well as physical symptoms such as migraines and allergies. Illustrated with color photographs, and supplemented with exercises to try and case studies, *The Modern Guide to Crystal Healing* is the ultimate practical reference from a highly respected healer and teacher.

The Crystal Healer Simon and Schuster

This practical sixth book in the Crystal Prescriptions series covers crystals for karmic clearing, soul integration and healing the family tree. In addition to our own karma, we are hampered by ancestral memories, attitudes and beliefs that are not necessarily ours. Fortunately, some extraordinary new crystals have appeared which help us to quickly and easily break lineages and clear our 'junk DNA', without having to relive the trauma of karmic history. With the assistance of these crystals, and some old favourites, it is possible to heal far back into the genealogical line and our own karmic past. The healing is then projected forward into the future so that generations to come can have the benefit of garnered soul and ancestral wisdom, but without the baggage.

The Crystal Apothecary Ryland Peters & Small

A detailed guide for using crystals and gemstones to resolve negative karma and discover your soul's purpose • Details the spiritual and chemical interpretations of more than 50 healing stones as well as fossils, flint, and amber • Offers advanced crystal exercises for past-life regression, cutting karmic cords, releasing cellular memories, and accessing the Akashic Records • Demonstrates how to use crystal grids and layouts for healing karma and how to seek assistance from angels and other divine beings As direct geometrical expressions of the Divine, crystals have the ability to work upon the soul at the deepest levels. The more mindfully and conscientiously we spend time with these crystalline forms, the more crystalline we become in terms of our spiritual bodies and their inner, holographic perfection. As potent catalysts of elevated consciousness and overall spiritual growth, crystals and gemstones offer a powerful resource for resolving negative karma patterns and realigning you with the light of your soul's purpose. Detailing the spiritual and chemical interpretations of more than 50 healing stones, as well as fossils, flint, and amber, Nicholas Pearson guides readers through the how and why of resolving karmic knots and obstructions with the help of crystals. He offers hands-on crystal meditations and demonstrates how to use crystal grids and layouts for healing karma. He explains how to cleanse and program stones and shares more advanced crystal exercises for past-life regression, cutting karmic cords, releasing off-world karma and cellular memories, and accessing the Akashic Records to reveal your soul's blueprint and rewrite its contracts with higher powers. Explaining how to incorporate color, chakra therapy, gem elixirs, and dreamwork in your karmic crystal practice, Pearson also explores how to access the Violet Flame of spiritual alchemy, the Seventh Ray, to transmute restrictive karmic patterns. He introduces the Lords of Karma and other spirit guides, gods, goddesses, and angels who can help with karmic healing. He offers guidance on what stones are appropriate for everyday wear and on working with crystal skulls, Lemurian seed crystals, shungite, and time link crystals. The author also explains how crystals can be used to resolve planetary karma, releasing us into the next phase in the collective transformation of humanity. Unveiling the inner teachings of the mineral kingdom, Pearson shows that if you work with crystals consciously, reverently, and humbly, your life will transform.

Crystal Prescriptions Castle Point Books

Prosperity is a hot topic during uncertain times, but it tends to focus attention on money, or the lack of it. The next in the increasingly popular *Crystal Prescriptions* series, this volume introduces the core processes of harnessing crystals to manifest an abundant life, and release blocks to prosperity. It examines karmic debts, ancestral and familial ingrained attitudes; and how to transmute them. Rather than saying 'do it this way', it helps you to sense the energy of crystals, choose the appropriate ones for you and work with them in an interactive process that generates inner security and a real sense of well-being. *Crystals for Prosperity* also examines what can enrich life in addition to money. An A-Z crystal directory which includes sections on crystal tools, using specific layouts, and a prosperity crystals compendium.

Crystals for Healing: The Complete Reference Guide with Over 200 Remedies for Mind, Heart & Soul Walter de Gruyter

Since it was first published in 1995, *Photonic Crystals* has remained the definitive text for both undergraduates and researchers on photonic band-gap materials and their use in controlling the propagation of light. This newly expanded and revised edition covers the latest developments in the field, providing the most up-to-date, concise, and comprehensive book available on these novel materials and their applications. Starting from Maxwell's equations and Fourier analysis, the authors develop the theoretical tools of photonics using principles of linear algebra and symmetry, emphasizing analogies with traditional solid-state physics and quantum theory. They then investigate the unique phenomena that take place within photonic crystals at defect sites and surfaces, from one to three dimensions. This new edition includes entirely new chapters describing important hybrid structures that use band gaps or periodicity only in some directions: periodic waveguides, photonic-crystal slabs, and photonic-crystal fibers. The authors demonstrate how the capabilities of photonic crystals to localize light can be put to work in devices such as filters and splitters. A new appendix provides an overview of computational methods for electromagnetism. Existing chapters have been considerably updated and expanded to include many new three-dimensional photonic crystals, an extensive tutorial on device design using temporal coupled-mode theory, discussions of diffraction and refraction at crystal interfaces, and more. Richly illustrated and accessibly written, *Photonic Crystals* is an indispensable resource for students and researchers. Extensively revised and expanded Features improved graphics throughout Includes new chapters on photonic-crystal fibers and combined index-and band-gap-guiding Provides an introduction to coupled-mode theory as a powerful tool for device design Covers many new topics, including omnidirectional reflection, anomalous refraction and diffraction, computational photonics, and much more.
