Schooling and the Politics of Disaster is the first volume to address how disaster is being used for a radical social and economic reengineering of education. From the natural disasters of the Asian tsunami and the hurricanes in the Gulf Coast, to the human-made disasters in Iraq, Afghanistan, Haiti, Sudan, Indonesia, the United States and around the globe, disaster is increasingly shaping policy and politics. This groundbreaking collection explores how education policy is being reshaped by disaster politics. Noted scholars in education and sociology tackle issues as far-ranging as No Child Left Behind, the War on Terror, Hurricane Katrina, the making of educational funding crises in the US, and the Iraq War to bring to light a disturbing new phenomenon in educational policy.

Welcome to Look-Alike Land, where the more you look, the more you see! Like its predecessor, Look-Alikes Jr. features 3-D picture puzzles, but this time invites even the youngest child to join in the fun by featuring simpler, easier-to-find look-alikes in childlike settings. There are 11 scenes - house, parlor, kitchen, bedroom, school bus, classroom, construction site, movie lobby, train, farm, and rocket - each with 50+ objects to identify (700+ in total). Look for a cement mixer made out of a mustard bottle, kitchen cabinets made out of cakes of soap, and a bed built with crayons and pasta! Fun for all ages. This best-selling book is back with a brand new series design and a striking new cover.

In the sequel to the #1 New York Times bestseller Confessions of a Murder Suspect, James Patterson keeps the confessions coming breathlessly as Tandy Angel delves deeper into her own tumultuous history-and proves that she can rise above the sordid Angel legacy. Wealthy young women are being murdered on Manhattan's exclusive Upper West Side, and the police aren't looking for answers in the right places. Enter Tandy Angel. The first case she cracked was the mystery of her parents' deaths. Now, while she's working to exonerate her brother of his glamorous girlfriend's homicide, she's driven to get involved in the West Side murder spree. One of the recent victims was a student at Tandy's own elite school. She has a hunch it may be the work of a serial killer, but the NYPD isn't listening to her...and Tandy can't ignore the disturbing fact that she perfectly fits the profile of the

killer's targets. Can she untangle the mysteries in time? Or will she be the next victim?

Seventy per cent of newly qualified secondary teachers say that they are well-prepared for certain aspects of teaching their specialist subject - such as planning, selecting resources and assessing their own teaching - and yet feel very much less prepared in other professional areas. This second edition tackles all the issues that new teachers find difficult. It builds on the skills and knowledge they will have learned on their initial teacher education or PGCE course and offers a planned process of professional development and includes chapters on: managing yourself and your workload working as part of a team developing teaching and learning strategies challenging behaviour in the classroom assessing, recording and reporting values and Citizenship Education the school sixth form and the growth of vocational qualifications continuing professional development. The book can be used either as a stand alone companion for newly qualified teachers, or as a follow-on from the editors' successful text book, Learning to Teach in the Secondary School, also published by Routledge.

Ruth Galm's spare, poetic debut novel, set in the American West of early Joan Didion, traces the drifting path of a young woman as she skirts the law and her own oppressive anxiety. "Into the Valley" opens on the day in July 1967 when B. decides to pass her first counterfeit check and flee San Francisco for the Central Valley. Caught between generations and unmarried at 30, B. doesn't understand the new counterculture youths. She likes the dresses and kid gloves of her mother's generation, but doesn't fit into that world either. B. is beset by a disintegrative anxiety she calls the carsickness, and the only relief comes in handling illicit checks and driving endlessly through the valley. As she travels the bare, anonymous landscape, meeting an array of other characters an alcoholic professor, a bohemian teenage girl, a criminal admirer B.'s flight becomes that of a woman unraveling, a person lost between who she is and who she cannot yet be."

**Renegotiating Health Care** Simon and Schuster

As the 1990s began, competition from rivals was threatening the Mercedes-Benz marque's position at the top of the automotive tree. Through a combination of audacious diversification and sometimes less-than-successful cost-cutting, Mercedes began a turnaround that would not achieve final success until the middle of the following decade. This book charts these turbulent years when the marque struggled to come to terms with a changing world.

SUVs have taken over America's roads. Ad campaigns promote them as safer and "greener" than ordinary cars and easy to handle in bad weather. But very little about the SUV's image is accurate. They poorly protect occupants and inflict horrific damage in crashes, they guzzle gasoline, and they are hard to control. Keith Bradsher has been at the forefront in reporting the calamitous safety and environmental record of SUVs, including the notorious Ford-Firestone rollover controversy. In High and Mighty, he traces the checkered history of SUVs, showing how they came to be classified not as passenger cars but as light trucks, which are subject to less strict regulations on safety, gas mileage, and air pollution. He makes a powerful case that these vehicles are even worse than we suspect--for their occupants, for other motorists, for pedestrians and for the planet itself. In the tradition of Unsafe at Any Speed and Fast Food Nation, Bradsher's book is a damning exposé of an industry that puts us all at risk, whether we recognize it or not.

Ever since their introduction in 1972, the S-Class saloons from Mercedes-Benz have been considered the pinnacle of automotive excellence. For most of that time, ownership of an S-Class - at least, of a reasonably recent one - has been symbolic of material success and of restrained yet impeccable good taste. Several other car makers have nibbled at the edges of the S-Class market, but none has produced a viable and lasting alternative to the big Benz. *Mercedes-Benz S-Class 1972-2013* charts the evolution and success of the series, from the W116 model, the first to be designed from the ground up as a large luxury saloon, through to the C126 coupe, one of the all-time Mercedes-Benz classic designs. Topics covered include: development and production of the W126 saloons and classic W126 coupes; the W140 saloons in the 1990s; the 140 coupes, the W220 models and the elegant 215 coupes; the W221 models, introduced at the Frankfurt International Motor Show in 2005; the C216 coupes and the future of Mercedes-Benz S-Class. Superbly illustrated with 288 colour photographs.

*Renegotiating Health Care* Since the first edition of *Renegotiating Health Care* was published in 1995, new treatments, technologies, business models, reimbursement methods, and regulations have tangibly transformed the substance of health care negotiation. This thoroughly revised and updated edition of *Renegotiating Health Care* offers a practical guide to negotiation and conflict resolution in the health care field. It explores why unresolved conflict can hamper any organization's ability to make timely, cost-effective decisions and implement new strategies. The book focuses on the complex interactions between those who deliver, receive, administer, and oversee health care. It defines negotiation techniques and conflict resolution approaches that can improve efficiency, quality of care, and patient safety. *Renegotiating Health Care* outlines strategies and methods to resolve the myriad thorny issues encompassing the health care enterprise. It should be required reading for students and professionals in health services management, clinicians, leaders, policy makers, and conflict resolution experts working in the health care field. Praise for *Renegotiating Health Care* "An outstanding book! I learned their principles of meta-leadership while at the CDC and continue to use them at ABC News. This book is based on publications from the ISCA Tutorial and Research Workshop on Multi-Modal Dialogue in Mobile Environments held at Kloster Irsee, Germany, in 2002. The workshop covered various aspects of development and evaluation of spoken multimodal dialogue systems and components with particular emphasis on mobile environments, and discussed the state-of-the-art within this area. On the development side the major aspects addressed include speech recognition, dialogue management, multimodal output generation, system architectures, full applications, and user interface issues. On the evaluation side primarily usability evaluation was addressed. A number of high quality papers from the workshop were selected to form the basis of this book. The volume is divided into three major parts which group together the overall aspects covered by the workshop. The selected papers have all been extended, reviewed and improved after the workshop to form the backbone of the book. In addition, we have supplemented each of the three parts by an invited contribution intended to serve as an overview chapter.

Following on from the merger between AMG and DaimlerChrysler in 1999, things really began to happen for AMG Mercedes-Benz enthusiasts. The special touch of the AMG engineers was being seen on every model in the entire vast Mercedes-Benz model range, from the prosaic C-Class through to the S-Class and the SLK sports cars, as well as the ML and G-Class off-roader wagons. Not to be left out was the exotic Mercedes-Benz SLR McLaren with its supercharged 5.5 litre quad-cam V8 engine that was fettled by the AMG people. Included are road and comparison tests, model releases, technical and performance data, plus advice on buying a Mercedes-Benz AMG. Models covered include the C30, 32 & 55, CLK430, 55, TDM & GTR, CL55 & 65, CLS55, E55, G55, ML55, S55 & 65, SL55 & 65, SLK32 & 55 Plus SLR McLaren.
