Twist of Fate CreateSpace  
Children of Heaven explores the reality of the death of a child and the emotional implications not only for the parents, but for the rest of society. Although many of the poems and stories are quite sad, many are also life affirming.

**Oh Charlie** Kregel Academic  
How much do we know ourselves is critically very important and perhaps

very essential. Life we do face many curves up and down while in course of life. Marriage, becoming parent, life traumas and recoveries, retiring from jobs, empty nest, loss of relations, death of beloved. So yes various experiences... We get tired sometimes and immediately ask a question "why me?," but do remember the universe is not short of any wakeup calls we are just very quick in reactions. The four elements of life Air, Water, Earth, Fire are the only truth which than render the whole meaning of being as a human. Are

we authentic? Are we living in courage? Are we kind and in patience? Are we grateful? How we face life and respond to life is all that matters. Elements of Life explores the options and choices which will help you to live more in tune with what you want from life. Motivational chapters simple questions based on elements of life - air, fire, water and earth providing simple strategies of life help you to live in harmony with yourself, others and the world, enhancing you to be true to your values and to interact with others while being in more patience. To do otherwise is to foster discontentment and unhappiness, but everyone wants to be in peace and lead a happy life in the end of the day. Living in moderation balancing all the elements of being authentic, being in

peace, being grateful, being a little more compassionate can improve the very purpose of being in this awesome life.

**Beyond; Or, Day by Day in the King's Country** Wm. B. Eerdmans Publishing

What if you had just learned that your days are about to come to an end? Would you quietly accept your destiny, or would you fight this one final battle? And what if the demons of your past disturb the delicate reconciliation you thought you had found? These are the questions facing John Kadel in "If only I could...", a simple story about love. This is not a romance. It is a tale of the true and lasting love each of us dreams about, the undeniable love only some of us find in a lifetime of searching. John Kadel is a stubborn, single old man with

a colorful past and questions for which he has no answers. Not long after his doctor hands him a death sentence, John runs into someone from his past.

*Beyond Exile CreateSpace*

When a weapon that could destroy the moral fabric of humanity is unleashed inside the Syrian border, one man takes

a stand against the overwhelming wave of tyranny triggered by martial law, hell-bent on restoring America's liberty and saving civilization as we know it.

*Nowhere Beyond Exile: Day by Day Armageddon*

They met by chance, and fell in love. But is it meant to be forever? Callie and Justin are living their fairytale. They are so close to having the family they've always wanted when suddenly Callie finds herself fighting the insecurities that she's been feeling all of her life. This time, the results could be deadly. Can Justin help heal her pain or will the stress drive them apart? Jay and Jane are trying to plan their future as they face the challenge of Tyler's fight for the child he's never known. Jolene becomes the pawn in a dangerous game until a tragic

twist of fate forces Jane to finally confront the man she once loved. Their fates are set, their lives intertwined and their happiness in jeopardy. Can they all finally find their happily ever after?

**Professor Odd** Simon and Schuster  
Sporadic news reports indicate chaos and violence spreading through US cities. An unknown evil is sweeping the planet. The dead are rising to claim the earth as the new dominant species in the food chain. Day by Day Armageddon and its sequel Beyond Exile are the handwritten journals of one desperate survivor as he battles in the face of global disaster. Zombie fiction at its finest, these books will take you to a whole new level of terror.

*Beyond Mayberry* Simon and Schuster  
Depicts the zombie apocalypse through

the journal of a member of the military and descriptions of the other survivors he meets in the fourth book in the series following Origin to Exile and Beyond Exile. Original. 75,000 first printing.

*You and Me Against the World*  
Createspace Independent Pub

It is an adaptation of the age-old Biblical tale of David and Goliath and opens the door for discussions on self-confidence and faith in the face of great obstacles. It is also an excellent book for schools, day cares and Sunday Schools. It is simple, inviting story, and is widely available in print and e-book for easy access.

From present-day England to far-future Africa to worlds teetering on the edge of existence, Professor Odd and her world-

hopping ship, the Oddity, have traveled the multiverse. She and her friends—the erstwhile university student, Alister Bane, the super-intelligent mutant wolf, Elo, and the bright green tentacle monster whose name is unpronounceable but allows himself to be called Dave—find themselves rescuing magicians and deprogramming supercomputers, fighting killer robots and befriending dinosaurs. But the greatest mystery is the identity of the Professor herself. And to learn that secret, the crew must travel to the universe where it all began: Professor Odd's own home. Beyond your wildest dreams is only the beginning in this, the first complete season of Professor Odd, featuring episodes 1 through 6 of the all-out science fiction adventure series: The

False Student The Slowly Dying Planet The Promethean Predicament The Elder Machine The Dragons of Geda and The Monster's Daughter (parts 1 and 2) Now with all-new illustrations, and the bonus short story "Amar and Desta's Big Day Out."

Day by Day Armageddon: Origin to Exile  
Simon and Schuster

The acclaimed and eagerly anticipated fourth thriller in the zombie apocalypse series from the author of Day by Day Armageddon and Day by Day Armageddon: Beyond Exile, for fans of the smash hit show The Walking Dead. In a desperate bid to survive as hordes of bloodthirsty undead now dominate the ravaged U.S. population, a Navy commander discovers an incredible secret about the pandemic in this fourth

novel in the acclaimed Day by Day Armageddon series. Task Force Phoenix may be humanity's final hope, and the narrator's agonizing decisions could mean living one more day—or surrendering to the eternal hell that exists between life and death. Ghost Run is a suspenseful, gripping, and intelligent thriller that will terrify die-hard horror fans and reinforce J.L. Bourne's reputation as "the new king of hardcore zombie action" (Brad Thor, author of Act of War).

*Beyond the Tombs* Gallery/Permuted Press

The machines brought society to its knees. Now, the last remaining humans fight for survival--and to take back what's theirs. Junior, a robotics expert, tinkers quietly underground. With dozens

of machine kills under his belt, he knows the enemy inside and out.

Alpha0verride, a reclusive black hat hacker, uses the skills acquired over a life of shady activity to outwit the hyper-intelligent machines swarming in on her. Brick, a special forces operator and one of the few Pentagon survivors, fights his inner demons to embark on the most important mission of his life. Together they are humanity's last, best hope--if they can only find each other in time. From the Author First, I brought you the cult classic, Day by Day Armageddon, where we both journeyed alongside the unnamed survivor as he trekked across the bleak landscapes of the undead. Some time after the Great Recession, I strived to accurately depict the bedlam of a post-grid down United States in

Tomorrow War--An alternate timeline where a jack boot on the throat of humanity is only one black swan event away. Now, after years of world building, writing and editing in my attic, Trilobite is ready for you, my beloved reader. Some might call it a warning of what is to come if we aren't careful with our creations. Trilobite is the most terrifying thing I have ever written. They are closer than you think. They will be trillions. They will come for you. Lock your doors and load those rail guns. The machines are here.

*A Journey of Magic and Mystery Through the Realms of the Crystal Orb* Ampol Publishing

Hide your children, lock your doors, and load your guns because zombies are real and they are coming. Danny Terrence

knows this better than anyone. He spent months preparing for the inevitable moment the disease would reach his small town. What he didn't prepare for is the fact that nobody really believes him. Luckily for him, an old classmate and bully just happens to be the first one bitten. The bad news is that the family with the biggest arsenal of guns just packed up and left town, leaving them defenseless from an oncoming zombie horde. Being a leader isn't turning out the way Danny imagined. Yet four other survivors easily have it worse than him. Between a thirteen-year-old girl on a road trip from hell, a family of paranoid hunters having to deal with their feelings for the first time ever, a stubborn doctor butting heads with a cold-hearted sergeant and an amoral British professor

carrying the fate of humanity in his hands, Danny has it easy. Unless, of course, they all end up in his town, messing with his already messed up life. Follow these five people as their paths cross and their lives and hopes are challenged in this thrilling novel. Those Who Remain: Book One is part of a trilogy.

*The Lectionary Commentary: Theological Exegesis for Sunday's Texts, The First Readings:* AuthorHouse

A riveting, ultra-realistic example of "dystopian fiction at its best" (Brad Thor, #1 New York Times bestselling author) from the acclaimed author of the Day By Day Armageddon novels! During an unacknowledged mission inside the Syrian border, a government operative had unwittingly triggered an incredible

worldwide event that irrevocably shaped the future of the United States. In the aftermath of the crisis, families have struggled to survive in a world short on food, water, and electricity.

Hyperinflation cripples the United States economy and post-war armored military vehicles are patrolling the streets. One man has now stepped forward and continues to push back the dark wave of tyranny brought on by martial law in the streets of America, and may be the only hope of saving liberty for the country's future.

*Final Edition* Simon and Schuster  
May 16th. 1201 hrs. We are now under siege. Beyond the silo access doors, we have a small army of beaten and battered undead to contend with. They only want one thing... Day by Day

Armageddon is the handwritten journal of one man and his struggle for survival. Trapped in the midst of global disaster, he must make decisions that could mean life, or which could condemn him eternally to walk as one of them. Enter, if you dare, into his world. The world of the undead.

**A Commentary on the Book of the Twelve** Createspace Independent Pub Through revelation, Christian faith, and visions--the contents of this book was revealed to me. I was able to use the King James version of the Bible and a pictorial Bible dictionary to substantiate the information presented. Remembering, through time, the Bible, which is a book where the holy scriptures are contained, has been transcribed historically by man for

centuries; however, this book is not an attempt to interpret the contents of the Bible, for the Bible should never be altered by additions or deletions, the words of God are to remain the same forever. If mankind would allow the spirit of God to enter into their hearts, He will guide them to do His will. Our God is in control of everything in creation and nothing is above or beyond Him. The Summation of Mankind: from Creation, Life, Death, and Beyond CreateSpace Armies of undead have risen up across the U.S. and around the globe, there is no safe haven from the diseased corpses hungering for human flesh the heat of a Texas wasteland, a small band of survivors attempt to counter the millions closing in around them.

Too Many Sisters Simon and Schuster  
 Mount Airy North Carolina was the birthplace of the late actor Andy Griffith and Historian Tom Perry. In this memoir of their hometown, Perry tells the story of the real Mayberry and his thoughts of the most famous son of the piedmont North Carolina town. This book is part memoir, part biography and part tour guide about Andy Griffith and Mount Airy, North Carolina. Beginning on the day Andy Griffith died, July 3, 2012, Perry tells about the town that day and goes back in time to bring Griffith and his own family to Mount Airy to work in the factories in the twentieth century. Sharing his connections with Griffith, Perry tells about the youth both shared in Mount Airy. The book then follows Andy Griffith to the University of North

Carolina at Chapel Hill, Goldsboro to teach school and then Broadway, television and movies in a career that lasted decades. The book also details the effect of Andy Griffith on Mount Airy with the decades long tourism boom that began in the 1980s with the town taking on the persona of the fictional Mayberry that Griffith obviously used to in his highly successful Andy Griffith Show that ran on CBS for eight years ending its run as the number one show on television.

### **The Chronicles of Max [Redacted]**

Pocket Books

He was famous for telling stories. He could always make the story interesting. He had a way of seeing the best or funniest of every situation. He wrote down over 180 of his best stories in his last few years for all his family and

friends. You will laugh, and relate to the stories of childhood, school years, and growing up during the depression. From his northern New Jersey, small town home he shares what it was like growing up in the 20's and 30's. From logging to working with horses, the stories provide a great view of the life style from that time period.
