Here's an inside look at Harley-Davidson as only family members could tell it! Jean Davidson's Harley-Davidson Family Album presents never-before-seen family photos, as well as personal stories from the perspective of a family member and former Harley-Davidson dealer. Jean Davidson, the granddaughter of Walter Davidson, one of the four founders and the first president of Harley-Davidson, and the daughter of company vice-president Gordon Davidson, shares such family stories as: how four boys built their first bike in a shed in 1902, speculation about how the firm was named, how the family's rich hermit uncle saved the fledgling corporation from bankruptcy, the story behind the Silent Gray Fellow, and the sale and buy-back of the company. It also includes photos and reminiscences from Sarah and Mary Harley, granddaughters of William S. Harley. This memoir of the Harley-Davidson motorcycling dynasty presents a family album of rare photos of family members and fun photos of all those fabulous Harley-Davidson

motorcycles: putting a personal face on the world's most famous motorcycle maker.

Creating Authentic Customer Connections in a High-Tech World In The Relationship Economy, author John DiJulius teaches business leaders about the importance of relationship building in the digital age. He argues that in spite of (and because of) the advances in tech, we've become a less connected society. We have dramatically evolved away from face-to-face communication, and the skill of building rapport is evaporating. This means that customer

personalization and relationships are more important now than ever—and they will be the key to success for businesses moving forward. As he aptly states, “Being able to build true sustainable relationships is the biggest competitive advantage in a world where automation, artificial intelligence, and machine learning are eliminating the human experience, which is what creates the emotional connections that build true customer loyalty.” This book reminds readers of the importance of personal connections and shows them how to attain meaningful, lasting relationships with their customers.

Soulbbatical London, S. Sonnenschein Part memoir, part manifesto, *Soulbbatical* is an invitation to become Chief Soul Officer of your own life—and to open up a whole new world of possibility. Former Harley-Davidson executive Shelley Paxton did just that. She walked away at the peak of her twenty-six-year marketing career and embarked on a profoundly personal journey to reconnect with her true purpose and deepest desires. She called it her “Soulbbatical,” and it not only changed her life, it became her calling. Paxton had a wildly successful life by most definitions—iconic brands, executive titles, and a globe-trotting career that took her to over sixty countries. She had one of the coolest jobs in the world, yet couldn’t shake the feeling that she had lost herself along the way. Something was missing. Here, she takes you on a sometimes harrowing, often hilarious journey through the illness, divorce, addiction, and tragedy that finally woke her up. Suddenly she was rebelling for her best life, and embracing a new mission: to encourage others to live their most authentic, courageous, and purposeful

lives—today. *Soulbbatical* is an unconventional, exhilarating, and totally badass road map to discovering what you really want—and getting it. Because no matter how far you’ve strayed from your soul’s true path, it’s never too late for transformation.

The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. **START WITH WHY** asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. **START WITH WHY** shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what

everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.
