Public administration theory - Wikipedia A Public Management For All
 New Public Management (NPM) is an approach to running public service organizations that is used in government and public service institutions and agencies, at both sub-national and national levels. The term was first introduced by academics in the UK and Australia [full citation needed] to describe approaches that were developed during the 1980s as part of an effort to make the public service ...
 New Public Management - Wikipedia
 The term new public management was coined by scholars from UK and Australia (Hood 1991 and Hood and Jackson 1991), who were working in the in the areas of public administration. Now, the origin of this new term was to propose a new point of view towards the organizational design in the public sector, however after a decade, the meaning of this term in discussions and debates became many.
 New Public Management Model
 Public management concepts taught in such programs (e.g. public human resource management or financial management in government) are often built into the curriculum for public administration. This gives graduates the opportunity to develop the practical knowledge they need to excel at management or administrative positions in government or nonprofit organizations.
 Differences: Public Administration VS Public Management ...
 Public administration is a feature of all nations, whatever their system of government. Within nations public administration is practiced at the central, intermediate, and local levels. Indeed, the relationships between different levels of government within a single nation constitute a growing problem of public administration.
