**A World of Death & Magic** Harper Collins  
 Explores the sources and meanings of aspects of the literary world of Harry Potter within myths, legends, and history.  
**Blood Haven** Createspace Independent Publishing Platform  
 From Neil Gaiman, the best-selling novelist and creator of the world-renowned comics title *The Sandman*, comes a mesmerizing tale of the dangers and opportunities of youth, and its endless possibilities. Illustrated by four of comics' most accomplished artists, John Bolton, Scott Hampton, Charles Vess and Paul Johnson, *THE BOOKS OF MAGIC* collects all four issues of the original miniseries that introduced the character of Timothy Hunter and set the stage for his continuing adventures. Timothy Hunter could be the most powerful magician in the world, but does he really want to be? Guided through the magical world starting at the beginning of time by a group of DC Universe magicians, often referred to as the Trenchcoat Brigade (John Constantine, Phantom Stranger, Mister E, and Doctor Occult), they attempt to aid Timothy in his decision whether or not to

embrace his gift. However, by the time Timothy makes a choice, it may have already been made for him.

### **La Santa Muerte** Fultus Corporation

Matt Johnson had a life he was happy enough with. Could he learn to be happy with his death as well? This zombie story is written from his point of view-- from normal, every-day security guard, to brain-eating, mindless zombie.

### **Death Magic** Dc Comics

Sixteen years have passed since the horde of zombies went as quickly as it had come. With Humans on the brink of extinction, they stepped into a world new to them entirely. The Fae welcomed them with open arms, and peace fell in place. So it appeared. Follow the heartbreaking journey of a young werewolf finding her place in the world one step at a time. With little knowledge of the outside, she finds herself on the receiving end of an undead gaze. Yet the world is not as cold as she was lead to believe. That is until it comes for her. Crawling. Slithering. Ticking.

### **The Dance of Death** Westminster John Knox Press

Elves and dwarves, gnomes and frost giants. . . Norse mythology is filled with tales of such supernatural beings, nature spirits, and powerful deities. Many people know that the Norse people were

fierce warriors, but did you know that they were powerful magicians as well? Norse Magic has everything you need to learn in order to begin practicing Norse spirituality. Discover the history and religion of the Vikings, including Norse mythology, seasonal festivals, and magical techniques. If you are interested in practicing Norse Wicca, you'll learn about the three-fold goddess and the god, as well as how to celebrate the holidays, all from the perspective of Norse Paganism. Discover the secrets of herb magic, cauldron magic, cord magic, elf magic, dwarf magic, and more. These magical techniques are presented in a clear, step-by-step format. The practice of Norse magic enlists the help of the Asa-Gods, Light Elves and good Dwarves. It elicits aid from dead ancestors and the rulers of the Elements. It is an active magic, reserved for participants, not bystanders. In order to work the magic of this system you must attune yourself to the powers of the Elements, calling upon the Asa-Gods and other supernatural beings. Norse Magic includes complete instructions, exercises, and rituals for this technique. The Norse Pagans were one of the last European societies to convert to Christianity, but their Pagan mythology and magic survived and continues to thrive. Norse Magic is your key to the study and practice of this powerful and ancient spiritual system.

Alyssa is now faced with an impossible choice. Save her battle partner and her love, Xavier, or save the world. After defeating the Thoreau and the dragon Gaozu in Turkey's most ancient ruins, Alyssa and Xavier return to Cumberland with nothing left to do but to rescue their parents from the dreaded Infernal Dimension. But not only is Thoreau, the demonic mayor, a lot less defeated than the two of them hoped, there is something terribly, terribly wrong with Xavier. Alyssa's always dismissed him as confusing and moody, especially since he's just pushed her away AGAIN--but when Xavier goes over the edge and sinks into a despair that makes him helpless, it's clear to Alyssa there's more than teen angst at work. Xavier's kept a little secret from Alyssa this whole time. He's cursed to turn into a horrible creature soon and only Alyssa, who is descended from the most powerful Abnormals ever to live, can save him from his past. Easy, right? NOPE. Saving Xavier means that Alyssa must go to Thoreau and let him awaken another terrifying part of her, a part from a distant and terrifying relative she has no interest in meeting. And if that happens, she's one step closer to becoming the being who can help Thoreau enslave the world. Things are bad enough now that Alyssa is a vampire with a fire magic. This will make Alyssa even less normal. It will make her face the fact that she may be the most horrible monster ever to live. And it may force her to give up the chance to have anything close to a Normal life ever again. It's an impossible choice.

When preschool teacher Leslie McCollom created the *Preschool Gems* Twitter feed, it was because precious jewels were slipping through her fingers every day. Jewels like, "My mom lived in the 90's," "I'm feeling poisonous, baby kitty," and "OK, but I'm still a dragon." Although she swore she'd remember these gems forever, in five minutes they would vanish, never to be heard by human ears again. So she became a covert anthropologist in the underground world of children, and started carefully cataloging them, and has been gracing the Twittersverse with her findings ever since—such as: "When I went to the chainsaw store I saw someone with REAL bubble gum." "There's a wolf in my tummy and a porcupine in my bum." "I don't care about time outs. I only care about my life." "Who are me?" "I love David Bowie. I'm going to marry David Bowie." *Preschool Gems* is a collection of the most bizarre, hilarious, jaw-dropping things overheard at Leslie's school. By turns sweet, sinister, and naively sincere, these treasures prove that kids are really just miniature people who are weirder and a lot less inhibited than their adult counterparts.

**Who Fears Death** Createspace Independent Publishing Platform Game of Thrones fans will love the New York Times bestselling *Abhorsen* series. *Sabriel*, the first installment in the trilogy, launched critically acclaimed author Garth Nix onto the fantasy scene as a rising star. *Dark Secrets*, *Deep Love*, and *Dangerous Magic Sent to a boarding school in Ancelstierre* as a young child, *Sabriel* has had little experience with the random power of Free Magic or the Dead who refuse to stay dead in the Old Kingdom. But during her final semester, her father, the *Abhorsen*, goes missing, and *Sabriel* knows she must enter the Old Kingdom to find him. She soon finds companions in *Mogget*, a cat whose aloof manner barely conceals its malevolent spirit, and *Touchstone*, a young Charter Mage long imprisoned by magic, now free in body but still trapped by painful memories. As the three travel deep into the Old Kingdom, threats mount on all sides. And every step

brings them closer to a battle that will pit them against the true forces of life and death—and bring Sabriel face-to-face with her own destiny. “Sabriel is a winner, a fantasy that reads like realism. Here is a world with the same solidity and four-dimensional authority as our own, created with invention, clarity and intelligence.” —Philip Pullman, author of His Dark Materials trilogy

It is an assignment Cazaril dreads, for it must ultimately lead him to the place he most fears: the royal court of Cardegoss, where the powerful enemies who once placed him in chains now occupy lofty positions. But it is more than the traitorous intrigues of villains that threaten Cazaril and the Royesse Iselle here, for a sinister curse hangs like a sword over the entire blighted House of Chalion. And only by employing the darkest, most forbidden of magics can Cazaril hope to protect his royal charge -- an act that will mark him as a tool of the miraculous . . . and trap him in a lethal maze of demonic paradox.

I just love impossible choices. Too bad I get to choose between saving Xavier and saving the world. Okay, so Xavier and I are on. Well, sort of. We're still battle partners and we've traveled the world together, stopping Cazio's plan to wipe out the Underground. Oh, and he's dead. Yay? So not quite. Xavier has this issue. He keeps sending me mixed signals. One minute he's kissing me, and the next, he's pushing me away. Turns out there's something very wrong with him. Xavier's kept a secret. He's cursed. And it's up to me to free him from descending into pure darkness, because I'm descended from the most powerful Supernaturals in history. That doesn't sound so bad, except for two things. Cazio is less dead than I thought, and I'm about to discover yet another ancient relative I'd rather not meet. To save Xavier, I must awaken yet another part of me I'd rather not, and risk becoming the key to Cazio's world domination. Death Magic is the third book of the Supernaturals Underground series, a young adult urban fantasy with vampires, shifters, mages, demons and other creatures of the night.
