CIMA offers a business

qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. New syllabus CIMA Paper E2 Enterprise Management is a compulsory paper at the Management level and is the second of three papers progressing up the Enterprise pillar. It builds on the functional knowledge found in Paper

E1 Enterprise Operations toward an integrated view of management in the organisation. E2 introduces strategic ideas, tools and techniques essential for passing the three strategic level papers. Project Management comprises 40% of the syllabus with the remainder split evenly between Strategic Management and Assessing the Competitive Environment, and Management of Relationships. Credit will be given to students who passed Paper P5 under

the 2005 syllabus against E2 in the 2010 syllabus. The E2 Study Text is your complete guide to the E2 syllabus. All areas of the syllabus are explained fully and links to E1 and E3 clearly identified. Section introductions ease you into the chapter topics and key terms you must know are shown clearly throughout. There are plenty of questions to sharpen your knowledge and case studies to bring material to life. Exam alerts and skills are signposted to guide you on approaching the exam.

### **CIMA E3** BPP Learning Media

CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. The P3 Performance Strategy exam covers how organisations respond to risks through systems and controls. The syllabus emphasises the wide-ranging risks

organisations face, and particularly financial and information risks, because of the severe consequences these can have. It includes the methods organisations use to reduce risks, including: \* Management and accounting systems \* Corporate governance \* Control environment and procedures \* Internal audit

Key skills are: \* Recognising risks \* Recommending appropriate actions to counter those risks. The syllabus also requires appreciation of how risks

and control systems link with the strategies the organisation pursues. The Study Text provides all you need to know for P3. It gives many examples of the strategic and operational risks organisations face when they try to fulfil their objectives. It explains the frameworks organisations use for controlling risks. It demonstrates the importance of key elements of control systems including corporate governance, ethics support, control procedures and internal

audit.

CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in

business, the highest proportion of any worldwide accountancy body. Paper F3 is the strategic level paper in the Financial pillar. Material from papers F1 and F2 is relevant as well as information systems from E1 and investment appraisal from P1. The syllabus is concerned with: \* The identification of suitable financial objectives, and how these might be attained by use of appropriate financial strategies \* The management of finance to

ensure that adequate short and long-term funds are available to meet the requirements of these financial strategies \* The evaluation of acquisition targets i.e. will the acquisition help in the achievement of a company's financial objectives? \* The evaluation and control of investment decisions This comprehensive Study Text contains all you need to know for F3, featuring step-by-step guides to financial management techniques such as calculating the cost of

capital and business valuations, which many students find tricky. Exam formulae are clearly identified and explained with plenty of examples and questions for essential practice. Key terms are highlighted throughout to help you to learn new terminology such as beta factor and synergy.

CIMA C1 - Fundamentals of Management

Accounting: Paper C1,

Fundamentals of

management accounting,

introduces the knowledge

and skills needed in the

application of

management accounting.

Students will need to have

knowledge of

management accounting

techniques and have an

understanding of when

and when not to use

them. C1 is examined via

a computer-based

assessment containing

fifty objective test questions. The syllabus has five sections: \* Cost determination \* Cost behavior and breakeven analysis \* Standard costing \* Costing and accounting systems \* Financial planning and control. The C1 Study Text contains all you need to know for C1, featuring step-by-step guides to management accounting techniques such as process costing, which many students find tricky. All areas of the syllabus are explained fully and no prior knowledge is

assumed. Key terms are identified throughout as grasping terminology is vital for both C1 and for future studies.

### **Performance Operations Study Text**

BPP Learning Media CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. Paper P1 looks at

how information is obtained, evaluated and used to control and predict business performance. The syllabus is split into the following five areas: \* Cost accounting systems \* Forecasting and budgeting techniques \* Project appraisal \* Dealing with uncertainty in analysis \* Managing short-term finance. P1 requires a good understanding of the underlying concepts and techniques in all five areas. P1 also needs you to be able to apply these concepts to practical

situations, evaluate them critically and interpret the results. The P1 Study Text contains all you need to know for P1, featuring step-by-step guides to techniques such as investment decision

making and budget preparation. There are also reminder sections of knowledge brought forward from earlier studies such as costing terminology. Key terms are identified throughout

the Text to help you to get to grips with the new material.
