 How would you spend five million dollars in 30 days? A billionaire's wallet, a bizarre challenge, and an unlikely friendship send two kids on a wild adventure. From the author of *The Miscalculations of Lightning Girl*. Felix Rannells and Benji Porter were never supposed to be field-trip partners. Felix is a rule follower. Benji is a rule bender. They're not friends. And they don't have anything to talk about. Until . . . They find a wallet. A wallet that belongs to tech billionaire Laura Friendly. They're totally going to return it-but not before Benji "borrows" twenty dollars to buy hot dogs. Because twenty dollars is like a penny to a billionaire, right? But a penny has value. A penny doubled every day for thirty days is \$5,368,709.12! So that's exactly how much money Laura Friendly challenges Felix and Benji to spend. They have thirty days. They can't tell anyone. And there are LOTS of other rules. But if they succeed, they each get ten million dollars to spend however they want. Challenge accepted! They rent cool cars, go to Disney World, buy pizza for the whole school-and that's just the beginning! But money can't buy everything or fix every problem. And spending it isn't always as easy and fun as they thought it would be. . . . As smart as it is entertaining, *Millionaires for the Month* is a thought-provoking story about friendship, privilege, and the value of a penny.

ATTENTION: You have just been granted special access to be a fly on the wall and spy in 10 private conversations with people who have the following in common: 1. Every single person in this book has generated over ONE MILLION DOLLARS in online sales 2. They didn't inherit the money. Instead, each person built an online business from scratch, from humble beginnings, stumbled at several obstacles, but thanks to an overwhelming desire to meet their goals, course-corrected their way to success 3. Whether it was through software, seminars, services, affiliate marketing, or information products -- each person found a way to channel their passion to a side business, remove the 80% that didn't work, and scale up the 20% that remained into a full time income 4. Each person you'll hear from found a way to move outside their comfort zone -- and use tools like paid advertising, public speaking, list building, social media, or joint venture to generate traffic and put that business on autopilot 5. All the interviewees

listed here are so enthusiastic about their business that they freely share what's working for them -- there's nothing left out, there are no "half baked" action plans, and there are no "closed door" secrets. It's all laid out in the open for you in this guide and it's up to you to apply them. Although you might not be a PHP programmer like Robert Plank, a list builder like Lance Tamashiro, a product creator like Kevin Riley, an internet marketer like Willie Crawford, an affiliate marketer like Jason Parker, a business builder like Stu McLaren, a copywriter like Ryan Healy, a strategist like Ray Edwards, a speaker like David Cavanagh, or a teacher like Armand Morin... you can definitely apply the techniques explained here in your own business and everyday life.
