By Aha BIs For Healthcare

American Heart Association BLS - Basic Life Support. In order to

educate as many people as possible about the fundamental skills needed to help someone survive a cardiac arrest event, the AHA has produced a course of study called American Heart Association BLS, the most current version of which was issued in 2015.

I just went to the AHA website and reviewed the courses myself - I do recall the course having "Healthcare Provider" in its title; however, it appears that BLS is now the one for healthcare professionals and the "Heartsaver" courses (CPR, First Aid, AED and a variety of combinations) are for lay people.
