La ragazza del Rifugio è il racconto di una donna che ha saputo riscattarsi da una condizione di disagio grazie alla sua tenacia, alla sua determinazione e al suo grande cuore colmo d'amore per gli altri; una storia di incontri e ritrovamenti che si dipanano in una sorta di spirale dalla quale la protagonista rivive il suo passato da una prospettiva ogni volta più ampia. È la storia di una bambina costretta a crescere in fretta, di una ragazza ribelle, di una lavoratrice instancabile, di una madre disposta a sacrificarsi per il bene dei figli, di una donna libera e creativa capace di affrontare a muso duro e senza paura le ingiustizie e che si ingegna e canta per alleviare la sofferenza altrui. Una ragazza grata alla vita e della quale essere grati.

Dante Alighieri, il sommo poeta fiorentino, definì l'Astrologia la madre di tutte le scienze! Oggi tale asserzione verrebbe irrimediabilmente contestata da uomini di cultura e di scienza. Quest'opera dimostra, invece, come l'Astrologia funzioni in ogni suo ambito, in particolare in quello evolutivo/esistenziale. L'autore racconta, inoltre, in modo ironico e coinvolgente le sue esperienze trascendenti vissute in America, nella riserva degli Indiani Irochi. Egli, inizialmente, si stupisce di come questa tecnica abbia suscitato tanta curiosità ed abbia coinvolto un così elevato numero di persone, ma, prendendo parte attiva all'esperienza, si

rende conto dei risultati oggettivi che essa è in grado di apportare a chi la pratichi. Nel momento attuale, nel mondo, milioni di persone seguono quotidianamente la tecnica spontanea di Sahaya Yoga ed il loro numero sembra in continua ascesa.

This volume explores the creation of 'written spaces' through the accretion of monumental inscriptions and non-official graffiti in the Latin-speaking West between c.200 BC and AD 300. The shift to an epigraphic culture demonstrates new mentalities regarding the use of language, the relationship between local elites and the population, and between local elites and the imperial power. The creation of both official and non-official inscriptions is one of the most recognisable facets of the Roman city. The chapters of this book consider why urban populations created these written spaces and how these spaces in turn affected those urban civilisations. They also examine how these inscriptions interacted to create written spaces that could inculcate a sense of 'Roman-ness' into urban populations whilst also acting as a means of differentiating communities from each other. The volume includes new approaches to the study of political entities, social institutions, graffiti and painting, and the differing trajectories of written spaces in the cities of Roman Africa, Italy, Spain and Gaul.

Come sarà il 2018? Simon & the Stars racconta il nuovo anno con la formula che in poco tempo l'ha reso l'astrologo più amato dal web. Il suo sguardo preciso e poetico non si limita alle previsioni ma, attraverso simboli, riflessioni e consigli, ci aiuta a esplorare (e affrontare meglio) questo nuovo capitolo della nostra vita. Come in un viaggio sulla macchina del tempo, infatti, Simon ci

accompagna non solo verso il futuro, ma anche in un passato che gioca un ruolo fondamentale. Per capire da dove veniamo, chi siamo, e dove stiamo andando. In questo modo, l'oroscopo diventa un prezioso strumento in grado di indicare in quale punto della nostra storia personale ci troviamo, e quali traguardi o sfide abbiamo di fronte a noi. Proprio come un orologio, ci aiuta a leggere e interpretare il passaggio del tempo e gli snodi di una trama che, giorno dopo giorno, siamo noi a scrivere. Non a caso,

anche quest'anno il racconto di ogni segno è affidato a un film, una narrazione emotiva e universale, che permette di comprendere meglio le tematiche principali del 2018. E, soprattutto, aiuta a mettere a fuoco la conquista che nel nuovo anno aggiunge un tassello al nostro continuo percorso di crescita e maturazione. Una novità di questa nuova edizione è «Un giorno per» al termine di ciascun oroscopo mensile: un prezioso calendario di date propizie da segnare sul nostro taccuino. Curiosi? Bene, cominciamo! Ma prima di tutto: buon anno!
