Houseplant Warrior: 7 Keys to Unlocking the Mysteries of Houseplant Care Union Square + ORM
 "Awaken your inner healer by connecting with the wise and magickal energies of plants. Drawn from traditional ancestral practices passed down by generations of indigenous teachers, plant whisperer and herbalist Juliet Diaz guides readers along a journey far beyond the basic medicinal and magical properties of plants in this deep dive into Mother Earth's drumming heart. Become a powerful healer and a child of nature, learning to hear, see, and understand the sacred vibrations of plant language to heal not only yourself but our earth as well with this illustrated guide. In Plant Witchery you will discover how to: Work with the magickal and medicinal properties of over 200 species of plants Speak and listen to plants through powerful communication techniques Determine properties both medicinal and magical for a collection of plants Grow and care for plants, even how to heal them when they are dying Create your own potions, elixirs, tinctures, oils,

and spells dry and store herbs, plants, and flowers for medicinal and magickal workings choose the best times astrologically to work with different plants"--

Gardening in the Desert Clarkson Potter

Design a succulent garden of your own, with inspiration, advice, and instructional step-by-step projects for container gardens, small-space gardens, mixed gardens, and more. You can't help but be mesmerized by the eye-catching geometric forms and jewel-toned colors of succulents. But how do you grow these beauties in your own garden? One of the only books dedicated to succulent garden design, *Striking Succulent Gardens* is a stylish, modern gardening book for beginners and enthusiasts alike. Known for his colorful approach and bold use of varied textures and shapes, garden designer Gabriel Frank offers practical ideas, simple concepts, stunning full-color photography, step-by-step instructions for a dozen different gardens, plant recommendations, basic succulent care, and an inspired approach to creating living art in your own garden. For those in colder climates, there is a list of cold-hardy succulents and advice for bringing container gardens indoors for the winter, making succulent gardens achievable no matter where you live. Tough,

water-wise, wildly popular, and nearly indestructible, succulents will transform your outdoor space, providing gardens of every size with minimal maintenance and maximum impact.

How Not to Kill Your Houseplants The Countryman Press

Guide to growing Cacti and Succulents John Wiley & Sons

This “snappy [and] terrific” (The New York Times) guide from the plant influencer behind Apartment Botanist proves that anyone can be a plant parent, no matter where you live, how small your space is, or how busy you are. Plant Parent (n.): Any person who has ever cared for or dreamed about caring for at least one plant. Whether you are an aspiring plant parent or already care for a junglelike brood, plant-stagram influencer Alessia Resta (aka Apartment Botanist) has distilled everything you need to know to start and grow your collection in this plant-care bible. It covers all the basics, like understanding light sources, choosing and buying plants, planning for seasonal care, and watering regimens. Alessia also dives into more sophisticated plant care, such as managing humidity, propagating, and mixing your own soil mediums. Plus: • A quiz to help you figure out your parenting style • Profiles of twenty-six popular house plants to swipe right on • Hard-learned lessons on battling pests, avoiding scams, nursing plants back to health, and more • Five soil recipe cards to get you started With an emphasis on building a collection that fits your personality and lifestyle, everyone from aspiring newbies to green goddesses will find their perfect plant matches.

The Planthunter Laurence King Publishing

Namechecked as the "LeBron James of plant styling..." by "Good Morning America", Hilton Carter now shows how you can make, style, decorate and care for your own stunning plant-inspired interior with his 25 step-by-step DIY projects and plant hacks. Carter, the Instagram star of the plant world and creator of green interiors has given us glimpses into many stunning plant-filled homes where ivy and creeping figs hang miraculously from ceilings, moss and ferns grow effortlessly to create living walls, fiddle leaf ferns and cheese plants thrive, whilst air plants beautify artworks and succulents flourish whether in pots on windowsills or planted in terrariums... Now in his third book, *Wild Creations*, Hilton actually shows you how you can create these amazing fixtures that enable plants to become such an integral part of an interior. Divided into four sections, *Wild Ideas*, *Wild Hacks*, *Wild Rants* and *Wild Plants*, *Wild Creations* shows you step by step how you can create air plant wreaths, moss walls, leather hanging plant stands, terrariums and many more stunning projects that will give you the green interior you crave. And just so your plants feel at home in your interior there is even a painting by numbers jungle mural, plus plant-scented candles to make sure your interior not only stays wild but that you and all its inhabitants thrive from the health giving benefits of greenery.

Houseplants & Succulents For Dummies Simon and Schuster

House Planted Fox Chapel Publishing

Lavishly illustrated with over 300 photographs, *Designing with Succulents* gives design and cultivation basics for paths, borders, slopes, and containers; hundreds of succulent plant recommendations; and descriptions of 90 easy-care, drought-tolerant companion plants. Beginners and experienced designers, landscapers, and collectors alike will find what they need to visualize, create, and nurture the three-dimensional work of art that is the succulent garden.

Striking Succulent Gardens Timber Press

"We work with Hilton because he's both a plant stylist and an incredible plant-care wizard. Hilton doesn't just teach you how to get your plants to thrive – he teaches you how to bond with them." - Apartment Therapy Bestselling author Hilton Carter brings his unique eye and love of plants to show you how to create luscious interiors that not only look amazing but are good for your well-being, too. Hilton first guides you through his own plant journey, his inspirations, and his top ten favourite house plants. He then takes you on a Journey in Greenery where he showcases the homes of 12 inspiring plant parents that demonstrate the versatility of decorating with plants. From a tiny house in Venice, California and a light-filled loft in New York City, to a Berlin apartment decorated with vintage finds, and the Barcelona home of a ceramic artist, there are ideas for all types of spaces and budgets. Hilton then sets you off on your very own plant journey, taking you room by room, profiling the plants that are most suited to each: those that thrive in the tropical humidity of bathrooms, the erratic heat changes of kitchens and plants that can live happily in the

indirect light of an entryway or bedroom. Packed full of interior design advice such as using 'statement plants' like Fiddle-leaf figs to create a focal point, how to layer your greenery by using hanging baskets, and how to assemble the perfect plant shelf, Hilton shows you how bringing houseplants into your home creates instant impact. Be inspired to create your own Wild Interiors with Hilton's expert styling advice, plus his hints and tips on plant care that take the mystery out of looking after your green friends.

New edition includes updated information on care and feeding, breeding, habitat, and habits, as well as eight new sections.

Designing with Succulents Hay House, Inc

'This is a clearly presented work, with accessible topic headings and plenty of good advice sprinkled with engaging personal anecdotes. The message at the book's heart is to adopt a greener way of being and to see oneself as part of nature, not removed from it. On this point it is exceptional, distinguishing itself from many of the green gardening books written in recent years.' The English Garden magazine 'Conversational, interesting, and personal ... it reaffirms the link between what we love to do and why we should be doing it with nature, the planet and our health in mind.' RHS The Garden magazine If you want a sustainable garden and a better relationship with nature, *A Greener Life* is the guide you need. Packed with inspirational images and practical tips, the book covers garden planning, organic composting and vegetable growing, as well as sustainable planting, rewilding and wildlife-attracting environments. Learn traditional gardening techniques like propagating and growing from cuttings to make your garden self-sustaining, and discover plants that attract hover flies, bees and butterflies. With Jack Wallington's warmth and expertise on every page, this is an ideal book for new gardeners seeking greener practices.

The Pruning Book jideon francisco marques

In this beginner's guide to indoor gardening, you'll learn how to care for fifty of the most popular houseplants. Houseplants are more popular than ever: as expert writer and gardening enthusiast Heather Rodino notes, “plants have demonstrated therapeutic value, clean the air, and are an affordable way of decorating, adding beauty to your home, and making even the smallest rented space feel like your own.” She offers a lighthearted, colorfully illustrated overview of caring for your indoor garden, profiling fifty of the most popular houseplants, from the Boston fern and the fiddle-leaf fig to the moth orchid. Her accessible advice on handling pests and diseases, troubleshooting problems, and assessing your growing conditions, will give novices the confidence they need to begin nurturing their own collection. Includes tips and lists detailing everything from

which plants are pet-friendly to the top five plants for frequent travelers.

Terrariums: Gardens Under Glass Page Publishing Inc

Grow in the Dark puts the spotlight on 50 of the best houseplants you can grow in your dim or dark apartment. Author Lisa Eldred-Steinkopf, known as the Houseplant Guru, shares the knowledge she's gained tending to her own personal jungle of over 1,000 houseplants. Having a south-facing window doesn't always guarantee you the best light to grow plants—especially if your window faces an alley or a tree-lined street. What's the point of growing an urban jungle if tall buildings are blocking all your sunshine? This compact guide, designed to look as good on your shelf as it is useful, will help you learn how to make the most of your light so you can reap the physical and emotional benefits of living with plants. Detailed profiles include tips on watering your plants just right, properly potting them, and troubleshooting pests and diseases. You'll also learn which plants are safe to keep around your pets. Whether you live in a shady top-floor apartment or a dungeon-y garden level, this book will help you grow your plant collection to its healthiest for its Instagram debut.

Your Houseplant's First Year Taunton Press

All it will take is for you to slow down and pay attention to the world around you and, I promise, you will find the world within you. Indigenous seer, gifted plant whisperer, and Witchery author Juliet Diaz invites you to walk the path of the Plant Witch. Journey far beyond the basic medicinal and magical properties of plants, deep into Mother Earth's drumming heart. Drawn from ancestral practices passed down by generations of teachers, the lessons in this book will awaken your

intimate connection with nature, your ancestors, your guides, and to your true self through the powerful magic of plants. Within these pages, you will learn: • Essential, magical, and medicinal properties of 200 herbs, flowers, trees, and fruits. • Rituals for abundance, cleansing, and connecting with spirits. • Spells to ward against evil, find answers, and protect against self-sabotage. • Potions to open your third eye, bring luck, and promote creativity. • Communication techniques for speaking and listening to plants. • The optimal moon phases and seasons to work with different plants. Even as humans forget our place in nature's rhythm and cause harm to our Earth Mother, the spirits of plants still call out to us, appear in our dreams, and inspire us as they push through cracks in cement-resilient and determined to thrive. From *abre camino* and acacia to yucca and ZZ plant, each has unique personality and wisdom to share if we are only willing to listen.

Small Garden Style Taylor Trade Publishing

Learn to grow a green thumb and become the confident plant parent you've always wanted to be! Engineer and plant parent for more than thirty years, Raffaele Di Lallo knows that the world of houseplants can be full of confusing myths and conflicting care advice. But, as a master problem solver, Di Lallo is here to teach you that your own two eyes are your best source for reconciling every plant problem. His surprisingly simple observational practices and an understanding of key habitat and care concepts will make any reader feel like a plant whisperer. From choosing the right plants for your home and perfecting light and humidity levels to mastering watering, potting, and propagation, Di Lallo demystifies every aspect of plant parenting. He provides handy case studies

and advice for troubleshooting common mistakes, such as yellowing leaves and overwatering, that help readers develop their own problem-solving skills. Complete with profiles of favorite and lesser-known houseplants, this book is a veritable bible of houseplant care tips for all levels of green thumb.

Bearded Dragon Manual, 3rd Edition Ryland Peters & Small

A stylishly photographed guide to creating lush, layered, dramatic little gardens no matter the size of your available space—an urban patio, a tiny backyard, or even just a pot by your door. Petite gardens align with the movement to live smaller and create a life with less stuff and more room for living. But a more eco-friendly and efficient space doesn't have to sacrifice style. In *Small Garden Style*, garden designer Isa Hendry Eaton and lifestyle writer Jennifer Blaise Kramer show you how to use good design to create a joyful, elegant, and exciting yet compact outdoor living space for entertaining or relaxing. A style quiz helps you focus in on your own personal garden style, be it traditional, modern, colorful, eclectic, minimalist, or globally inspired, then utilize every inch of your yard by considering the horizontal, vertical, and overhead spaces. You'll learn how to design stunning planters and container gardens using succulents, grasses, vibrant-colored pots, and more. Hendry Eaton and Blaise Kramer recommend their favorite plants and decor for small gardens, along with lawn alternatives and inspiration for making garden accents such as a fire pit, front door wreath, instant mini orchard, boulder birdbath, patterned vines, perfumed wall, and faux fountain with cascading plants. However small your garden, *Small Garden Style* will transform it into a magical, modern outdoor oasis.
