 An Index to Music in Selected Historical Anthologies of Western Art Music is the essential reference for music history and music theory instructors for finding specific listings and details for all the pieces included in more than 140 anthologies published between 1931 and 2016. Containing over 5,000 individual listings, this concise book is an indispensable tool for teaching music history and theory. Since many anthologies exist in multiple editions, this Index provides instructors, students, and researchers with the means to locate specific compositions in both print and online anthologies. This book includes

listings by composer and title, as well as indexes of authors, titles, and first lines of text for music from antiquity through the early twenty-first century.

A New Look at Segovia, His Life, His Music, V1 Mel Bay Publications

This collection of 28 short, melodious pieces by J. S. Bach was compiled and edited by Walter Carroll in order to provide a varied set of easier compositions for study by pianists first being introduced to Bach's work. Includes 11 Minuets, 4 Polonaises, 3 Marches, 2 Musettes, a Bourree, 4 Gavottes, a Scherzo, a Sarabande, and a Prelude.

The Keyboard Sonatas of Domenico Scarlatti and Eighteenth-Century Musical Style Alfred Publishing Company
 Again available in paperback, this definitive work on the genius of Domenico Scarlatti (1685-1757) is the result of twelve years of devoted effort by

America's foremost harpsichordist and one of the principal authorities on eighteenth-century harpsichord music. Mr. Kirkpatrick traveled extensively to collect material that has tripled the known facts about Scarlatti's life, providing the first adequate biography of one of the greatest harpsichord composers of the eighteenth century and one of the most original composers of all time. The second half of his book is an illuminating study of Scarlatti's 555 sonatas, concluding with a chapter on their performance. The book contains extensive appendixes, including discussions of ornamentation and Scarlatti's vocal music, and an updated section of addenda and corrigenda.

Third series Princeton University Press
 W. Dean Sutcliffe investigates one of the greatest yet least understood repertoires of Western keyboard music: the 555 keyboard sonatas of Domenico Scarlatti.

Scarlatti occupies a position of solitary splendour in musical history. The sources of his style are often obscure and his immediate influence is difficult to discern. Further, the lack of hard documentary evidence has hindered musicological activity. Dr Sutcliffe offers not just a thorough reconsideration of the historical factors that have contributed to Scarlatti's position, but also sustained engagement with the music, offering both individual readings and broader commentary of an unprecedented kind. A principal task of this book is to remove the composer from his critical ghetto (however honourable) and redefine his image. In so doing it will reflect on the historiographical difficulties involved in understanding eighteenth-century musical style.

An Essay on Musical Expression Alfred Music Publishing

This carefully edited volume contains 19 of Scarlatti's easiest pieces, including minuets, sonatas and assorted other works. Suggestions for interpretation and a discussion of the original editions are provided. Unique to this collection is a consideration of figured bass as used in several of Scarlatti's sonatas.

Unlike the usual listener's guide, which begins with a discussion of the elementary materials of music, this book starts with the elementary experiences of listening.
