**Chronic Obstructive Pulmonary Disease (COPD)**

Mary B. - "I purchased both courses from ASHP and ACCP. Your questions give the material from ACCP a run for its money, inasmuch as you present valid, valuable clinical information." Maria V. - "Thanks for providing the mock exam - it was a big help for me." Mike M.

**BCPS Study Material - Med Ed 101**

The American Society of Hematology (ASH) recommends the 4Ts clinical scoring system, which is widely used to assess pretest probability for heparin-induced thrombocytopenia (HIT). This system takes into account the severity and timing of thrombocytopenia, the presence of thrombosis or other complication(s), and the likelihood of another cause of thrombocytopenia.

**Heparin-Induced Thrombocytopenia - HIT | Choose the Right Test**

MSG Michael Shannon very good post. The senior NCOs are not chosen from objective means, as most of the junior NCOs are (board just says yea or nay). Its very subjective and the board AARs are the exact same every year which shows how the system is broken.
