It's important when reading this book to remember that not all manipulation is bad. In the first book of this boxset, it is emphasized that those who might be manipulating you might also be taking advantage of you. When reading this book, you should remember that manipulation is a tool, much like a hammer. You can either use that hammer to destroy everything around you, or you could alternatively use that hammer to create something organic, something new. This book will take you first through the discovery and analysis of those around you, and then it will provide different ways that you can persuade them. The only thing you need before starting this book is the willingness to change. You might have to confront some of your darkest issues, and you might have to put yourself through future scenarios that

elicit a feeling of discomfort. In the end, however, you'll find yourself to be much more self-aware and independent. Click "Add to Cart" now and learn how to defend against dark psychology and keep your mind and life in control.
