 This study reveals the complex combination of cultural particularity and modern universality that underlies the reality of contemporary Japan. The work uses sources such as popular works of art, song, best-selling books and the advice columns of newspapers to draw a

striking portrait of the Japanese public. Focussing on the four main phases of modernizing and modernized Japan beginning in the nineteenth century and continuing to today's postmodern society, this groundbreaking work uses quantitative and qualitative data to show that the processes of modernization brought a coexistence of generational variation imbued with tensions, conflicts and synergies, that, taken together, provide the key to understanding the structure and dynamism of contemporary Japan.

EL TRASVASE CULTURAL entre la literatura y el arte de Japón y Occidente parece ser inagotable. En el momento en el que España y Japón conmemoran con juntamente el cuarto centenario de la Embajada Keichō enviada por el señor de Sendai al rey de España y al papa de Roma, resulta apropiado volver la mirada no solo hacia los contactos del pasado, sino hacia el proceso constante de inspiración mutua que caracteriza también el presente. En tres secciones distintas: 1. Representación y

lenguaje; 2. Identidad, alteridad e imágenes: la mirada recíproca de Occidente y Japón; y 3. Narrativas comparadas e influencias mutuas, este volumen recoge contribuciones escogidas del XIX Simposio de la Asociación Española de Literatura General y Comparada (SELGYC), que abarcan aspectos muy diversos del contacto mutuo, desde la historia de las traducciones literarias japonesas al español, la adopción de ideas estéticas y filosóficas, y la literatura de viajes, a diversos casos de influencias, versiones o enfoques comparados en la narrativa, la poesía, el teatro y el cine.
