Toward an Urban Cultural Studies is a call for a new interdisciplinary area of research and teaching. Blending Urban Studies and Cultural Studies, this book grounds readers in the extensive theory of the prolific French philosopher Henri Lefebvre.

Úrsula Oswald Spring: Pioneer on Gender, Peace, Development, Environment, Food and Water Steidl This is the first in-depth guide to global community psychology research and practice, history and development, theories and innovations, presented in one field-defining volume. This book will serve to promote international collaboration, enhance theory utilization and development, identify biases and barriers in the field, accrue critical mass for a discipline that is often marginalized, and to minimize the pervasive US-centric view of the field.

Biblical Preaching for Today's World Springer Science & Business Media

"Biblical preaching has not outgrown its usefulness. The methods may vary, but the message remains the same. God's challenge and call to the preacher still come through loud and clear: 'Preach the Word.'" Lloyd M. Perry's *Biblical Preaching for Today's World* has been helping pastors and speakers preach the Word since 1973. Although the principles Perry originally established are timeless, the needs and concerns of audiences are always changing. To help pastors preach more effectively to today's congregations, Perry has updated his original manuscript. He offers pastors help in understanding and adjusting to the effects television has had on an audience's listening skills. Historical references throughout each chapter will also help preachers learn from yesterday's teachers and styles. *Biblical Preaching for Today's World* continues to offer sound, time-tested principles for preaching, regardless of the preacher's style. Filled with helpful suggestions, annotated outlines, and solid documentation, it is invaluable reading for all who aspire to preach the Word.

La comunicación es la clave para el éxito. Descubra el método para hablar con seguridad y convencer con sus presentaciones. Seguramente detesta realizar presentaciones. Y probablemente también detesta asistir a ellas. ¿Por qué? Porque la mayoría resultan largas, aburridas... y van acompañadas por el consabido PowerPoint. Tanto si se dirige a una sola persona sentada frente a usted como si habla ante un auditorio repleto, en el fondo lo que importa es lo que diga, y cómo lo diga. Aprenda a hablar sin miedo le enseña a comunicar con claridad y confianza, y a dejar huella en todas las situaciones en las que deba expresarse en público. Aprenderá un método único, en cinco pasos, y válido para todo tipo de exposiciones en el ámbito empresarial, desde presentaciones a gran escala hasta reuniones con un solo cliente. Reseñas: «No conozco a nadie que pueda ostentar el título de "coach de las presentaciones" con más méritos que Graham.» Daniel Finklestein, director ejecutivo, *The Times* «Tanto si es usted primer ministro como si es director ejecutivo, o alguien que necesita causar impacto en los demás, debe leer este libro, innovador y crítico, de Graham Davies.» Neil Sherlock, socio, KPMG «Sinceramente, este libro me irrita, porque me encantaría que Graham lo hubiera escrito hace veinte años. De haber sido así, quizá no habría tenido que pasarme innumerables horas torturado por inversores de banca que creen que "presentar" significa leer en voz alta todas las palabras que aparecen en sus diapositivas.» Richard Klein, director general, Bank of America Merrill Lynch «Nunca más volverá a cometer el delito de aburrir a su audiencia con interminables frases cortas.» Penny Philpot, vicepresidente, Worldwide Partner Services, Oracle «Graham Davies es un maestro del humor que demuestra que la mejor manera de exponer un asunto serio es contando un buen chiste.» Boris Johnson, Presidente de Reino Unido

You probably hate giving presentations. You probably hate listening to them too. Why? Because most business presentations are too long, too detailed, too boring...and submerged under a blizzard of PowerPoint. But the single most important presentational tool known to man isn't a slideshow. It's you. Whether you're speaking to one person across a table, 20 people in a boardroom or 1,000 people in a ballroom, it's all about the words you say and how you say them. The Presentation Coach shows you how to use what you've already got to give you clarity, confidence and impact in every speaking challenge you will ever face. You'll learn the unique Bare Knuckle 5-step process to effective presenting, and how to apply it to all business speaking, from large-scale presentations to one-to-one client meetings. Graham Davies has been coaching high-profile individuals from the worlds of business, politics and entertainment in exactly these techniques for the past 25 years. Now it's your turn. Soil is a complex mixture of minerals, organic material, water, and countless life forms. Soil pollution occurs due to the presence of man-made elements in soil. Any substance in the soil that exceeds its naturally-occurring levels and poses a risk to human health or the ecosystem is considered as a soil contaminant. Urban areas and industrial locations are the major zones of soil contamination. Pesticides, petroleum products, radon, asbestos, lead, chromated copper arsenate and creosote are some of the common contaminants in urban soils. Manufacturing, industrial dumping, land development, local waste disposal, and excessive pesticide or fertilizer use are some of the leading causes for soil contamination. This book contains some path-breaking studies in the field of soil contamination. While understanding the long-term perspectives of the topic, it makes an effort in highlighting its impact for the present and future society. This book is a vital tool for all researching and studying the issues and concerns related to soil contamination.
